Soundcore C50i

# Soundcore C50i Open Ear Earbuds Instruction Manual

Brand: Soundcore | Model: C50i (D1101)

## INTRODUCTION

The Soundcore C50i Open Ear Earbuds are designed for comfort and situational awareness, making them ideal for active lifestyles. Featuring a clip-on design, 12mm drivers for powerful bass, AI-enhanced clear calls, and up to 28 hours of playtime, these earbuds provide a secure fit and high-quality audio experience.

## WHAT'S IN THE BOX

Ensure all components are present upon unboxing:

- Soundcore C50i Earbuds
- Charging Case
- USB-C Cable

### Tactile Button, Precise Control.

The physical multi-functional button ensures accurate, responsive control—no more accidental touches, with strong rebound feedback with every press.

*The Soundcore C50i package contents, including the earbuds, charging case, and USB-C cable.*

## SETUP

### Wearing the Earbuds

The C50i earbuds feature an open-ear design for pressure-free comfort. The FlexiClip design, crafted from memory titanium and skin-friendly material, molds to your ear for a secure yet gentle hold, providing all-day comfort. The ergonomic arc aligns with the curves of your ear, reducing pressure and providing support.

## Pairing

To pair your Soundcore C50i earbuds with a device:

1. Ensure the earbuds are in the charging case and the case lid is open.
2. On your device, enable Bluetooth and search for "soundcore C50i" in the list of available devices.
3. Select "soundcore C50i" to connect.

For multi-point connection, the earbuds can connect to two devices simultaneously, allowing seamless switching between your laptop and phone.

Your browser does not support the video tag.

## Cleaning

To maintain optimal performance and hygiene, regularly clean your earbuds. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. Avoid using abrasive materials or harsh chemicals.

## TROUBLESHOOTING

For detailed troubleshooting steps and solutions to common issues, please refer to the official troubleshooting guide:

[Download Troubleshooting Guide \(PDF\)](#)

Common issues and quick solutions:

- **Earbuds not pairing:** Ensure earbuds are charged and in pairing mode. Delete previous Bluetooth connections on your device and try again.
- **No sound:** Check device volume and earbud placement. Ensure earbuds are correctly connected to your device.
- **Poor call quality:** Ensure earbuds are clean and positioned correctly. Check for strong Bluetooth signal.
- **Battery draining quickly:** Ensure earbuds are properly seated in the charging case when not in use. Fully charge the case and earbuds.
