Visoud M5

Visoud Mini Wireless CarPlay Adapter M5 User Manual

Model: M5

INTRODUCTION

The Visoud Mini Wireless CarPlay Adapter M5 is designed to convert your vehicle's existing wired CarPlay or Android Auto system into a wireless connection. This adapter provides a seamless and convenient way to access your smartphone's features, such as navigation, music, and messaging, directly on your car's infotainment display without the need for cables. Enjoy an effortless driving experience with automatic reconnection and broad compatibility.

SETUP INSTRUCTIONS

Follow these steps to set up your Visoud Mini Wireless CarPlay Adapter M5:

1. **Connect the Adapter:** Plug the Visoud M5 adapter into your car's USB port that supports wired CarPlay or Android Auto. Use the provided USB-A or USB-C adapter if necessary.
2. **Activate Wired CarPlay/Android Auto:** Ensure your car's infotainment system recognizes the adapter and initiates the wired CarPlay or Android Auto interface.
3. **Pair Your Phone:** On your smartphone, enable Bluetooth and Wi-Fi. Search for the adapter's Bluetooth name (usually displayed on your car screen or the adapter itself) and pair with it.
4. **Confirm Connection:** Once paired, your car's screen should automatically switch to the wireless CarPlay or Android Auto interface.

The adapter is designed for plug-and-play functionality, requiring no complex app downloads.

OPERATING INSTRUCTIONS

Once set up, the Visoud M5 adapter offers a seamless wireless experience:

- **Automatic Reconnection:** After the initial pairing, the adapter will automatically connect to your phone each time you start your vehicle, provided your phone's Bluetooth and Wi-Fi are enabled.
- **Dual Compatibility:** The adapter supports both iOS 10+ for wireless CarPlay and Android 11+ for wireless Android Auto. It is compatible with approximately 98% of OEM wired CarPlay or Android Auto vehicles manufactured since 2016.
- **Compact Design:** The mini-sized adapter is designed to occupy minimal space in your vehicle while maintaining a stable wireless connection.

MAINTENANCE

To ensure the longevity and optimal performance of your Visoud Mini Wireless CarPlay Adapter M5, consider the following:

- **Keep Clean:** Regularly wipe the adapter with a soft, dry cloth to remove dust.
- **Avoid Moisture:** Do not expose the adapter to water or excessive humidity.
- **Temperature Control:** Store and operate the adapter within normal vehicle cabin temperatures. Avoid extreme heat or cold.
- **Firmware Updates:** The adapter supports cloud-pushed firmware updates. Ensure your device is connected to the internet periodically (via your phone's connection) to receive these updates, which can improve performance and address potential issues.

TROUBLESHOOTING

If you encounter issues with your Visoud Mini Wireless CarPlay Adapter M5, refer to the following common solutions:

- **Adapter Not Connecting:**
 - Ensure the adapter is securely plugged into a functional USB port that supports wired CarPlay/Android Auto.
 - Verify that your phone's Bluetooth and Wi-Fi are enabled.
 - Restart your car's infotainment system and your phone.
 - Forget the adapter from your phone's Bluetooth settings and re-pair.
- **Intermittent Disconnection:**
 - Check for any potential wireless interference from other devices in the vehicle.
 - Ensure your phone is within close proximity to the adapter.
 - Check for and install any available firmware updates for the adapter.
- **No Sound or Audio Issues:**
 - Verify your car's audio input is set to CarPlay/Android Auto.
 - Adjust the volume on both your phone and your car's infotainment system.
 - Restart the adapter and your phone.
- **Lag or Delay:**
 - Ensure your phone's operating system is up to date.
 - Close unnecessary applications running in the background on your phone.
 - Restart the adapter and your phone.
