

## Merax Twin Size House Floor Bed

# Merax Twin Size House Floor Bed Instruction Manual

Model: Twin Size House Floor Bed

## 1. PRODUCT OVERVIEW

The Merax Twin Size House Floor Bed is designed for children, featuring a low-to-the-ground structure for easy access and independence. It includes a charming house-shaped roof, full-length safety rails, and an integrated storage tray.

This bed frame is constructed from high-quality pine wood, plywood, and MDF, ensuring stability and safety. The design promotes a Montessori approach, allowing children to explore their environment confidently.

## 2. SAFETY INFORMATION

Please read and adhere to all safety instructions to ensure the well-being of the user.

- Always supervise children when they are playing around the bed.
- Exercise caution around the edges of the bed, as some parts may not be rounded.
- Ensure the bed is assembled correctly and all fasteners are tightened to prevent instability.
- Do not load more than 17.8 lbs onto the storage tray to prevent damage or tipping.
- Regularly check all connections and hardware to ensure they remain secure.

### 3. SETUP AND ASSEMBLY

The Merax Twin Size House Floor Bed requires assembly. All necessary parts, hardware, and a step-by-step illustrated manual are included in the package. Follow the provided instructions carefully for a straightforward assembly process.

#### 3.1 Unpacking

Carefully unpack all components and verify that all parts listed in the manual are present and undamaged. Keep packaging materials until assembly is complete.

#### 3.2 Assembly Steps

Refer to the detailed assembly manual provided in your package for specific instructions. Generally, assembly involves:

1. Attaching the side rails to the headboard and footboard.
2. Installing the bed slats or mattress support.
3. Assembling the house-shaped roof structure.
4. Attaching the safety fence and storage shelf.

Ensure all screws and bolts are securely tightened after each step. Do not overtighten to avoid damaging the wood.

## 4. OPERATING INSTRUCTIONS

This floor bed is designed for sleeping and supervised play. Its low height allows children to get in and out independently.

### 4.1 Mattress Placement

Place a twin-size mattress directly onto the bed frame. The recommended total height for the mattress is 6 inches.

### 4.2 Using the Storage Shelf

The integrated storage tray provides a convenient space for small items such as books, toys, or a night light. Adhere to the maximum weight capacity of 17.8 lbs for the tray.

# Montessori Floor Bed: Playhouse Design

- Tent -

- Ribbons -

- Lanterns -

## 4.3 Playhouse Features

The house-shaped roof design can be decorated with lightweight items like ribbons or small lanterns to create a playful environment. Ensure any decorations are securely attached and do not pose a choking or entanglement hazard.

## 5. MAINTENANCE

Proper care will extend the life and appearance of your Merax House Floor Bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Inspections:** Periodically check all bolts, screws, and connections to ensure they are tight. Retighten if necessary.
- **Wood Care:** Protect the wood from extreme temperature changes and direct sunlight to prevent warping or fading.

## 6. TROUBLESHOOTING

If you encounter any issues with your Merax Twin Size House Floor Bed, refer to the following common solutions:

- **Bed feels wobbly:** Check all assembly hardware. Ensure all bolts and screws are fully tightened. Refer to the assembly manual to confirm all parts are correctly installed.

- **Parts missing or damaged:** Contact Merax customer support immediately with your purchase details and a description of the issue. Do not attempt to use the bed with missing or damaged parts.
- **Storage tray not fitting correctly:** Verify that the tray is inserted in the correct orientation and that no obstructions are present. Ensure the bed frame itself is assembled squarely.
