Instruction Manual

1. Introduction

Thank you for choosing the FirFurd 187.3 cm Corner Bookshelf. This manual provides essential information for the safe assembly, proper use, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

2. Safety Information

Your safety is paramount. Please observe the following safety guidelines:

- **Anti-Tip Devices:** The bookshelf is equipped with 2 anti-tip devices. It is highly recommended to secure the unit to a wall using these devices to prevent accidental tipping, especially in households with children or pets.
- **Assembly:** Assembly should ideally be performed by two adults. Ensure all parts are correctly aligned and tightened according to the instructions.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 25 kg per shelf. Overloading can compromise stability and lead to damage or injury.
- **Placement:** Place the bookshelf on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect the wood material.
- **Sharp Edges:** While shelves feature rounded corners, exercise caution during assembly and use to avoid scratches or minor injuries.

2. **Tools Required:** Typically, a screwdriver (Phillips head) and possibly a hammer (for dowels) are needed. These are usually not included.
3. **Follow Order:** Adhere strictly to the assembly sequence shown in the illustrated manual. Do not skip steps.
4. **Tighten Securely:** Ensure all screws and fasteners are tightened securely, but do not overtighten to avoid damaging the material.
