

VECELO Upholstered Bed Frame

VECELO Queen Size Bed Frame with Upholstered Headboard  
Instruction Manual

Model: Upholstered Bed Frame  
Brand: VECELO

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Do not load more than 820 pounds on the bed frame.
- Be careful around legs during assembly to avoid pinch points.
- Ensure all bolts and screws are securely tightened before use.
- Do not use power tools for assembly as this may overtighten or damage fasteners.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. All accessories and the installation manual are included in the package.  
Refer to the parts list provided in your physical manual for detailed component identification.

SETUP AND ASSEMBLY

The VECELO Queen Size Bed Frame is designed for effortless and quick assembly. All components are conveniently packaged in a single box with clear labeling. Innovative Velcro-attached slats streamline the setup process.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Frame:** Follow the step-by-step instructions in the included assembly kit to connect the main frame components. Ensure all bolts are finger-tightened initially.
3. **Attach Headboard:** Secure the upholstered headboard to the main frame. The headboard offers 4-position height adjustment ranging from 41" to 47". Adjust to your preferred height.
4. **Install Slats:** Position the wooden slats across the frame. The Velcro design simplifies this step, ensuring slats are evenly spaced and secured.
5. **Final Tightening:** Once all parts are in place, securely tighten all bolts and screws using the provided tools. Do not

overtighten.

## Quick and Hassle-Free Setup

Spend Less time, assembling your new bed frame and headboard.

## OPERATING INSTRUCTIONS

The VECELO Queen Size Bed Frame is designed for comfort and durability, providing a stable foundation for your mattress without the need for a box spring.

- **Mattress Placement:** Place your queen-size mattress directly onto the wooden slats. The robust construction with 10 sturdy legs and 12 hardwood slats provides ample support.
- **Headboard Adjustment:** The upholstered headboard can be adjusted to four different height positions (41" to 47") to best suit your mattress thickness and personal preference for comfort.

- **Noise Reduction:** The frame incorporates specially designed noise-dampening strips along the mid-frame to ensure a quiet and undisturbed sleep environment.
- **Under-bed Clearance:** The bed frame features 7.9 inches of ground clearance, allowing for easy cleaning underneath, including access for robot vacuum cleaners.

## MAINTENANCE

---

Proper care will extend the life and appearance of your VECELO bed frame.

- **Cleaning Upholstery:** For general cleaning, gently vacuum the upholstered headboard and frame with an upholstery attachment. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner according to its instructions, testing on an inconspicuous area first.
- **Frame Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals on any part of the bed frame, as this may damage the finish or fabric.

## TROUBLESHOOTING

---

| Problem                          | Possible Cause                                        | Solution                                                                                                                                                     |
|----------------------------------|-------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bed frame is wobbly or unstable. | Loose bolts or incorrect assembly.                    | Ensure all bolts and screws are securely tightened. Review assembly instructions to confirm correct installation of all parts.                               |
| Squeaking noises from the frame. | Loose connections or friction between parts.          | Tighten all bolts. Check that the noise-dampening strips are correctly positioned on the mid-frame. Ensure slats are properly seated.                        |
| Mattress sags or lacks support.  | Improper slat installation or exceeding weight limit. | Verify that all wooden slats are correctly installed and evenly spaced. Ensure the combined weight of the mattress and occupants does not exceed 820 pounds. |
