

OPPO Reno 15 CPH2825

OPPO Reno 15 CPH2825 5G Smartphone User Manual

Model: Reno 15 CPH2825

1. INTRODUCTION AND OVERVIEW

This manual provides essential instructions for setting up, operating, maintaining, and troubleshooting your OPPO Reno 15 CPH2825 5G smartphone. Please read this manual thoroughly to ensure proper use and to maximize the device's capabilities.

The OPPO Reno 15 CPH2825 is a high-performance 5G smartphone featuring the Snapdragon 7 Gen 4 Mobile Platform, a 6.59-inch OLED display with a 120Hz adaptive refresh rate, and a powerful 6500mAh battery with 80W SUPERVOOC Flash Charge. It includes advanced camera capabilities such as a 50MP Ultra-Wide Selfie camera and a 3.5x Telephoto Vibe Portrait lens, capable of 4K HDR video recording. The device also boasts IP69 water and dust resistance.

2. SETUP

2.1 Package Contents

Ensure your package contains the following items:

- OPPO Reno 15 CPH2825 5G Smartphone
- Power Adapter
- USB Cable

- SIM Ejector Tool
- Quick Start Guide (this document)

2.2 Inserting SIM Cards

The OPPO Reno 15 CPH2825 supports Dual SIM functionality and eSIM. To insert physical SIM cards:

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards into the designated slots on the tray, ensuring the gold contacts face downwards.
4. Carefully push the tray back into the phone until it clicks into place.

For eSIM activation, please refer to your mobile network provider's instructions.

2.3 Charging the Device

Before first use, fully charge your device. The OPPO Reno 15 CPH2825 supports 80W SUPERVOOC Flash Charge for rapid charging.

1. Connect the USB cable to the power adapter.
2. Plug the power adapter into a wall outlet.
3. Connect the USB-C end of the cable to the charging port at the bottom of your phone.
4. The charging indicator will appear on the screen.

2.4 Powering On and Initial Setup

1. Press and hold the Power button (located on the right side) until the OPPO logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You can transfer data from an old device during this process if desired.

3. OPERATING INSTRUCTIONS

3.1 Basic Navigation (ColorOS)

Your OPPO Reno 15 CPH2825 runs on ColorOS, providing an intuitive user experience. Use gestures or navigation buttons (configurable in Settings) to move between apps and screens.

- **Swipe Up:** Go to the Home screen.
- **Swipe Up and Hold:** Open recent apps.
- **Swipe from Left/Right Edge:** Go back.

3.2 Display Features

The 6.59-inch OLED display offers a 120Hz adaptive refresh rate for smooth visuals and FHD+ resolution with HDR10+ clarity. It features smart light-sensing for optimal brightness, Splash Touch for wet-hand operation, and Glove Touch for use with gloves.

3.3 Camera Usage

The device is equipped with a versatile camera system:

- **Rear Camera:** Features a 3.5x Telephoto Vibe Portrait lens with up to 120x zoom, designed for detailed portrait and distant shots.
- **Front Camera:** A 50MP Ultra-Wide Selfie camera for high-resolution self-portraits and group photos.
- **Video Recording:** Supports 4K HDR video with next-generation stabilization for clear and steady footage.

To access the camera, tap the Camera app icon on your home screen or lock screen. Select your desired mode (Photo, Video, Portrait, Night, etc.) and tap the shutter button to capture.

3.4 Performance and Storage

Powered by the Snapdragon 7 Gen 4 Mobile Platform, the phone offers 12GB of RAM (expandable up to 24GB with RAM Expansion) and 512GB of internal storage, ensuring smooth multitasking and ample space for your files.

3.5 Battery Management

The 6500mAh battery provides extended usage. Utilize the 80W SUPERVOOC Flash Charge for quick power-ups. To optimize battery life, manage background app usage and adjust screen brightness in Settings.

4. MAINTENANCE

4.1 Cleaning Your Device

To clean your phone, power it off and gently wipe the screen and body with a soft, lint-free cloth. Avoid using harsh chemicals or abrasive materials. For stubborn smudges, a slightly damp cloth with water is acceptable. Do not spray cleaners directly onto the device.

4.2 Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Go to **Settings > About device > Up to date** to check for updates.

4.3 Water and Dust Resistance

The OPPO Reno 15 CPH2825 features IP69 water and dust resistance. While resistant, it is not waterproof. Avoid intentional submersion in water, exposure to high-pressure water jets, or use in extreme conditions. If the device gets wet, wipe it dry immediately with a clean cloth. Do not charge a wet device.

4.4 Battery Care

To prolong battery lifespan:

- Avoid exposing the phone to extreme temperatures.
- Do not let the battery drain completely before recharging frequently.
- Use only the original OPPO charger and cable.

5. TROUBLESHOOTING

This section addresses common issues you might encounter.

5.1 Device Not Powering On

- Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on.
- Press and hold the Power button for at least 10-15 seconds to force a restart.

5.2 Charging Issues

- Check if the charger and USB cable are securely connected to both the phone and the power outlet.
- Try using a different power outlet.
- Inspect the charging port for any debris or damage.
- Ensure you are using the original OPPO charger and cable.

5.3 Network Connectivity Problems

- **No Signal/Poor Signal:** Check if your SIM card is correctly inserted. Try restarting the phone. Ensure you are in an area with network coverage.
- **Wi-Fi Connection Issues:** Restart your Wi-Fi router. Forget the network on your phone and reconnect.
- **Bluetooth Pairing Issues:** Ensure both devices are in pairing mode and within range. Restart Bluetooth on both devices.

5.4 Apps Crashing or Freezing

- Close and reopen the app.
- Clear the app's cache and data (Settings > Apps > [App Name] > Storage > Clear cache/Clear data).
- Update the app to the latest version from the Google Play Store.
- If the issue persists, consider uninstalling and reinstalling the app.

5.5 Factory Reset

If you encounter persistent software issues, a factory reset may resolve them. **Warning:** A factory reset will erase all data on your phone. Back up important data before proceeding. Go to **Settings > System settings > Back up and reset > Reset phone > Erase all data**.
