SAFETY INFORMATION

- Ensure all components are securely fastened during assembly and periodically check for tightness to maintain stability.
- The product is designed with 15MM high-density boards and a wide base for enhanced stability. Place the cat tree on a flat, stable surface.
- Some surfaces may be smooth; consider adding non-slip mats if your cat experiences difficulty with traction, especially for older cats or those with mobility issues.

PACKAGE CONTENTS

Before assembly, verify that all parts and hardware are present. Refer to the included parts list in your physical package. The package typically includes:

- All necessary wooden boards and platforms

- Sisal-wrapped scratching posts
- Plush perch components
- Transparent space capsule
- Assembly hardware (screws, connectors)
- Assembly tools (e.g., Allen wrench)
- Detailed instruction manual

ASSEMBLY INSTRUCTIONS

Follow the numbered steps provided in the detailed instruction manual included with your product. Ensure each component is correctly oriented and securely tightened. Assembly typically involves:

1. **Base Assembly:** Construct the litter box enclosure base first, ensuring doors are properly aligned.
2. **Lower Levels:** Attach the first set of scratching posts and platforms to the base.
3. **Cat Condo:** Assemble and secure the enclosed cat condo.
4. **Upper Levels:** Continue building upwards with additional posts, platforms, the space capsule, and the top plush perch.
5. **Final Checks:** Verify all connections are tight and the structure is stable before allowing your cat to use it.

MAINTENANCE

Regular cleaning and maintenance will extend the life of your Garvee Cat Tree.

- **General Cleaning:** Wipe wooden surfaces with a damp cloth. Avoid harsh chemicals.
- **Plush Areas:** Vacuum plush surfaces regularly to remove fur and dust. Spot clean with a mild pet-safe cleaner if necessary.
- **Space Capsule:** The transparent acrylic space capsule can be easily wiped clean with a soft cloth and mild soap solution.
- **Litter Box Enclosure:** Clean the interior of the enclosure regularly, especially if used for a litter box, to maintain hygiene.
- **Structural Check:** Periodically inspect all screws and connections to ensure they remain tight. Retighten as needed.

TROUBLESHOOTING

Common Issues and Solutions

- **Slippery Surfaces:** If your cat struggles with traction on wooden platforms, consider adding adhesive non-slip strips or small carpet squares to provide better grip.
- **Instability/Wobbling:** Ensure all screws are fully tightened. Verify the cat tree is placed on a level surface. If issues persist, re-check assembly steps.
- **Cat Not Using Features:** Introduce your cat to different areas with treats or toys. Some cats may need time to adjust to new structures.
- **Size Concerns:** While designed for various cat sizes, some reviews indicate it may be more suitable for kittens or smaller adult cats. Ensure your cat can comfortably navigate all levels.
