## ONBRILL 105-1

# ONBRILL L4 Wall Mounted Industrial Pipe Clothing Rack Instruction Manual

Model: 105-1

## 1. PRODUCT OVERVIEW

---

The ONBRILL L4 Wall Mounted Industrial Pipe Clothing Rack is designed to provide a robust and versatile storage solution for your clothing and accessories. This system features a heavy-duty metal construction, ensuring durability and stability. Its wall-mounted design helps prevent tipping, offering a more secure setup compared to freestanding units.

Key features include ample storage space with multiple hanging rods and shelves, a customizable and modular design to fit various room layouts, and an upgraded assembly method for quicker and more secure installation.

## 2. COMPONENTS LIST

---

Before beginning assembly, please ensure all components listed below are present in your package:

- 6 x Clothing Rods (including 4 expandable rods)
- 8 x Mesh Shelves
- Wall Screw Fittings (various types for different wall materials)
- Pipes and Connectors
- Adjustable Feet

## 3. SETUP AND INSTALLATION

---

Careful assembly and secure wall mounting are crucial for the stability and safety of your clothing rack. It is recommended to have two people for installation.

### 3.1 Assembly Steps

1. **Unpack and Identify Components:** Lay out all parts and compare them with the components list to

ensure everything is present.

2. **Plan Your Layout:** Determine the desired configuration (L-shape, 45-degree, horizontal, or combination) and placement on your wall. Consider the height of your ceiling and the types of garments you will be hanging.
3. **Connect Pipes:** The poles connect directly via threaded joints. Twist the pipes securely into the connectors until they are firm. This upgraded connection method is designed for faster and more secure assembly.
4. **Attach Shelves:** Install the mesh shelves at your desired heights. The shelves are height-adjustable to accommodate various items.
5. **Attach Wall Mounts:** Secure the wall mounting brackets to the assembled frame.

## More Easy to Assemble

Image: Threaded Joint Connection for Easy Assembly. Ensure pipes are twisted firmly for a secure fit.

### 3.2 Wall Mounting

The wall-mounted design provides superior stability. Choose the appropriate anchors and screws for your specific wall type.

- **For Drywall, Hollow Wall, Wood Paneling:** Use the provided anchors and screws suitable for these materials.
- **For Concrete, Masonry, Tiled Wall:** Use the provided anchors and screws designed for hard surfaces.

Use a drill, level, and measuring tape to ensure accurate and secure installation. A rubber mallet may be useful for fitting components.

## More Details

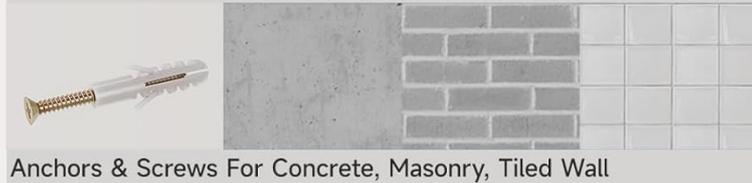

## Ease & Safe Installation

Choose the Right Anchor for Your Wall Type

Anchors & Screws For Drywall, Hollow Wall, Wood Paneling

Anchors & Screws For Concrete, Masonry, Tiled Wall

# Can Change Different Angles and Forms

Image: Assembly Diagram with Dimensions. Ensure your space has at least a height of 7'6" for installation. The rack has a weight capacity of 950 lbs.

## 4. OPERATING INSTRUCTIONS

The ONBRILL L4 system offers high flexibility to adapt to your storage needs.

### 4.1 Customizable Layouts

The modular design allows for various configurations to best suit your space and requirements. Adjustable angles (180°, 90°, 45°) enable you to create L-shape, 45-degree, horizontal, or combination layouts.

**Our**

### Wall Mounted Clothes Rack

- ✓ Heavy duty metal system
- ✓ More stable and storage space
- ✓ Not easily sagged and collapsed

**Other**

### Freestanding Garment Rack

- ✗ Light weight metal system
- ✗ Flimsy and thin
- ✗ Easily bent and collapsed

Image: Adjustable Angles for Flexible Layouts. Configure the rack to fit any room layout.

## 4.2 Adjustable Rods and Shelves

The system includes 4 expandable rods, allowing you to increase hanging capacity as needed. Shelves are also height-adjustable to accommodate different clothing sizes, folded items, bags, or boxes.

Before extension: Support **15-20** garments

After extension: Support **35-40** garments

Image: Expandable Rods for Increased Hanging Capacity. Expand rods to support more garments.

# Versatile Closet Organizer

Ample storage space

300+ T-shirt

150+ Pants

25+ Bags

16+ Boxes

30+ Shoes

PS: The above data is for reference only

## 5. MAINTENANCE

To ensure the longevity and appearance of your ONBRILL L4 clothing rack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the metal pipes and mesh shelves with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the matte powder-coated finish.
- **Inspection:** Periodically check all threaded connections and wall mounts to ensure they remain tight and secure. Re-tighten if necessary.
- **Weight Distribution:** Distribute weight evenly across the rods and shelves to prevent undue stress on any single point. Adhere to the maximum weight capacity.

## 6. TROUBLESHOOTING

If you encounter any issues with your ONBRILL L4 clothing rack, consider the following:

- **Instability:** Ensure all wall mounts are securely fastened and the adjustable feet are properly leveled on

the floor. Check that all pipe connections are tightly screwed.

- **Difficulty Adjusting:** If shelves or rods are difficult to adjust, ensure no weight is currently on them. Check for any obstructions or debris in the adjustment mechanisms.
- **Damaged Components:** If any part appears damaged or defective, do not attempt to force assembly or use the product. Contact customer support for assistance.
