IINE Mini Retro Game Controller

IINE Mini Retro Game Controller User Manual

Model: Mini Retro Game Controller (Grey)

1. INTRODUCTION

The IINE Mini Retro Game Controller is a compact, wireless gamepad designed for versatile gaming and control across multiple platforms. Its retro-inspired design and pocket-sized form factor make it ideal for gaming on the go, while its multi-mode functionality extends its use beyond traditional gaming to multimedia, touch control, and productivity tasks.

2. PACKAGE CONTENTS

- IINE Mini Retro Game Controller (Grey)
- Charging Cable
- Lanyard
- User Manual

3. PRODUCT FEATURES

- **Retro Design & Pocket Size:** Inspired by classic gaming, this controller offers a compact, nostalgic look in a highly portable form.
- **Motion Control:** Built-in 6-axis gyroscope enables intuitive movement-based gameplay.
- **Right-Side Only Operation:** Designed exclusively for right-side use, functioning as a right-side joypad-style controller for single-side gameplay scenarios. **Note:** This is a right-side only controller and not a dual-controller set.
- **Multi-Mode Support:** Supports various operation modes for different games and scenarios:
 - Single Joypad Mode: For multiplayer-style games on compatible consoles (right-side use only).
 - Switch Mode: Play compatible console games.
 - Xinput Mode: Play PC and iOS games.
 - HID Mode: Play compatible Android games.
- **Multimedia, Touch & Productivity Control:** Functions as a compact control tool for:
 - Multimedia Mode: Photo shooting and music control.
 - Touch Control Mode: Browse short videos or read e-books.
 - Mouse Mode: Simulate mouse clicks.
 - Keyboard Mode: PPT page turning and office use.

- **Ultra-Portable with Keychain Design:** Easily attaches to keys, backpacks, or pouches, making it an ideal travel controller.

4. SETUP AND PAIRING

4.1 Charging the Controller

Before first use, fully charge the controller using the provided charging cable. Connect the cable to the controller's charging port and a USB power source. The indicator light will show charging status and turn off when fully charged.

4.2 Pairing with Devices

The controller supports various pairing modes. To select a mode, press and hold the **[Pairing]** button along with the corresponding direction on the D-pad:

- **Switch Mode:** Hold **[Pairing]** + **[Up]**
- **PC / iOS Mode (Xinput):** Hold **[Pairing]** + **[Left]**
- **Android Mode (HID):** Hold **[Pairing]** + **[Right]**

Release the buttons when the indicator light flashes rapidly, then complete the pairing process on your device's Bluetooth settings.

4.3 NS2 Wake-Up Steps (for Nintendo Switch)

1. On your Nintendo Switch, navigate to **[Controller]** → **[Change Grip/Order]**.

2. Press and hold the **[Pairing] + [UP]** buttons on the IINE controller to connect. Release the buttons when the indicator light flashes rapidly.
3. After pairing is complete, temporarily remove both original Joy-Cons from the NS2.
4. Quickly reattach the original left and right Joy-Cons to the NS2.
5. Press and hold the **[Home]** button on the IINE controller to wake up and reconnect for future use.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the controller. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the controller in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the controller frequently. Charge it regularly, even if not in use for extended periods.

7. TROUBLESHOOTING

- **Controller Not Pairing:** Ensure the controller is charged. Verify you are using the correct pairing mode combination (e.g., [Pairing] + [Up] for Switch). Try restarting both the controller and the device you are trying to pair with.
- **Input Lag or Disconnections:** Ensure the controller is within range of the device. Avoid interference from other wireless devices. Ensure the controller is fully charged.
- **Buttons Not Responding:** Check if the controller is properly paired and in the correct mode for the game/application. If using the IINE app, ensure no custom mappings are interfering.
- **Motion Control Issues:** Ensure the device and game support motion control. Recalibrate motion sensors if available in your device settings.
