3. Setup & Installation

Follow these steps for proper installation. It is recommended to have two people for installation.

1. **Prepare the Mounting Location:** Ensure the power is off at the circuit breaker. Remove any existing fixture. Secure the mounting bracket to the ceiling junction box. For wood ceilings, use wood screws. For concrete ceilings, use expansion screws.
2. **Assemble the Fan Motor:** Attach the fan blades to the motor housing using the provided screws. Ensure they are securely fastened.
3. **Wire the Fan:** Connect the fan's wiring to the household electrical wires according to the wiring diagram in the manual. Typically, this involves connecting live, neutral, and ground wires. Ensure all connections are secure with wire nuts.
4. **Mount the Fan:** Carefully lift the assembled fan and attach it to the ceiling mounting bracket. Secure it with the provided screws.
5. **Install the LED Light Kit:** Connect the LED light kit wires to the fan's light wires. Secure the light kit to the bottom of the fan motor housing.
6. **Restore Power:** Once installation is complete, restore power at the circuit breaker.

5. Maintenance

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Tighten Screws:** Periodically check and tighten all screws on the fan blades and mounting hardware.
- **No Lubrication Needed:** The DC motor is permanently lubricated and does not require additional oiling.

6. Troubleshooting

If you encounter issues, refer to these common solutions before contacting support.

- **Fan Does Not Operate:** Check circuit breaker, ensure all wiring connections are secure, and verify remote control batteries.
- **Light Does Not Work:** Check wiring connections to the light kit, ensure the light function is activated on the remote/app.
- **Excessive Wobbling:** Ensure all blade screws are tight, check that the mounting bracket is securely fastened to the ceiling.
- **Remote/App Not Responding:** Replace remote batteries. For app control, ensure Bluetooth is enabled and re-pair the device if necessary.
