Arkaia Horion 49C2

Arkaia Replacement Remote Control for Horion 49C2

User Manual

1. INTRODUCTION

This manual provides instructions for the Arkaia Replacement Remote Control, specifically designed for use with your Horion 49C2 device. This high-quality replacement remote is pre-programmed and ready for immediate use, requiring no additional setup. While its design may differ from your original remote, it fully adopts 99% of the original functions.

Important Note: This remote control is exclusively compatible with the Horion 49C2 model. Please verify your device's model number before use. It operates solely via infrared (IR) technology and does not support voice control or pointer functions. This is not a universal remote control.

2. SETUP

2.1 Battery Installation

The remote control requires two (2) AAA batteries (not included). Follow these steps to install them:

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery compartment cover.
3. Insert two AAA batteries, ensuring the correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery compartment cover securely.

Once batteries are installed, the remote is ready for use.

3. OPERATING INSTRUCTIONS

To operate your Horion 49C2 device with this remote control, ensure there is a direct line of sight between the remote's IR emitter and your device's IR receiver. Point the remote directly at your device.

All essential functions of your original Horion 49C2 remote, including common features like PVR, 3D, and DVD controls (if applicable to your device), are supported. The button layout is intuitive, allowing for easy navigation

and control.

Familiarize yourself with the button layout shown in the image above to quickly access desired functions.

4. MAINTENANCE

4.1 Battery Replacement

When the remote control's performance degrades or it stops responding, it is likely time to replace the batteries. Follow the battery installation steps outlined in Section 2.1. Always replace both AAA batteries simultaneously with new ones.

4.2 Cleaning

To clean the remote control, use a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as these can damage the remote's surface or internal components.

5. TROUBLESHOOTING

- **Remote not responding:**
 - Ensure fresh AAA batteries are correctly installed with proper polarity.
 - Check for any obstructions between the remote and your Horion 49C2 device.
 - Make sure you are pointing the remote directly at the device's IR receiver.
 - Confirm that your Horion 49C2 device is powered on.
- **Some functions not working:**
 - Verify that your device is indeed a Horion 49C2 model. This remote is not universal.
 - Ensure a clear line of sight for infrared transmission.
 - Remember that this remote does not support voice control or pointer functions.
