Key Features

- **Open-Ear Design:** Rests comfortably outside the ear canal, maintaining awareness of surroundings.
- **Advanced Bluetooth 6.0:** Stable wireless connectivity up to 33 feet (10 meters).
- **Intelligent Touch Controls:** Manage music, calls, volume, and voice assistant with simple taps.
- **Extended Battery Life:** Up to 7 hours of playback per earbud, with a 300mAh charging case providing additional power.
- **AI Translation Capability:** Built-in feature to assist with language barriers.
- **Multiple Modes:** Music, Game, and Anti-interference modes for optimized listening.
- **Type-C Charging:** Fast 1.5-hour recharge time for earbuds.

3. SETUP

3.1 Charging the Headphones and Case

1. Place the earbuds into the charging case. Ensure they are correctly seated.
2. Connect the provided USB Type-C charging cable to the charging port on the case and to a compatible USB power source (e.g., wall adapter, computer USB port).
3. The indicator lights on the charging case will show the charging status. A full charge for the earbuds takes approximately 1.5 hours. The charging case itself has a 300mAh capacity, providing extended power for the earbuds.

3.2 Pairing with a Device

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light (refer to specific light indicators in the product documentation if available).
3. On your device (smartphone, tablet, computer), enable Bluetooth.
4. Search for available Bluetooth devices. Select "X5S" from the list.
5. Once connected, the earbuds will indicate successful pairing (e.g., a voice prompt or solid light).
6. The headphones will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

4. OPERATING INSTRUCTIONS

The X5S headphones feature intuitive touch controls on each earbud. The following table outlines the various functions:

Ultimate control at your fingertips for easier and more sensitive operation

Answer calls, pause, skip tracks, you control the music playback, understanding your needs better

Sleep power-saving function

Automatically shut down if no connection and standby for more than 5 minutes after power-on

Answer & hang up/reject

Answer/Single-click either earbud
Hang up/Double-click either earbud
Reject/Long press either earbud for 1 second

Game mode / Music mode / Anti-interference mode switch Single-click left or right earbud once (Music mode by default)

Music pause/play

Single-click left or right earbud

Previous track/Next track

Double-click left earbud/Double-click right earbud

Volume + / Volume- Single-click right

earbud 3 times
Single-click left earbud 3 times

Summon voice assistant

Single-click left or right earbud 5 times

Figure 4.1: Touch Control Functions. This diagram details the various touch gestures on the earbuds for controlling music, calls, volume, and other features.

Action	Function
Single-click Left or Right Earbud	Music Play/Pause
Double-click Left Earbud	Previous Track
Double-click Right Earbud	Next Track
Triple-click Right Earbud	Volume +
Triple-click Left Earbud	Volume -
Single-click Left or Right Earbud (Incoming Call)	Answer Call

Action	Function
Double-click Left or Right Earbud (During Call)	Hang Up Call
Long Press Left or Right Earbud for 1 Second (Incoming Call)	Reject Call
Five-click Left or Right Earbud	Summon Voice Assistant
Single-click Left or Right Earbud (when not playing music)	Switch between Game Mode / Music Mode / Anti-interference Mode (Music mode is default)
Automatic Shutdown	If no connection and standby for more than 5 minutes after power-on, the earbuds will automatically shut down to save power.

4.1 AI Translation Feature

The X5S headphones include a built-in AI translation feature designed to facilitate communication across language barriers. To utilize this feature, you may need to download a compatible translation application on your paired smartphone and follow its specific instructions for headphone integration. The headphones act as an audio interface for the translation software, allowing for real-time audio input and output.

5. MAINTENANCE AND CARE

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals, cleaning solvents, or strong detergents.
- **Water Resistance:** These headphones are **not water resistant**. Avoid exposure to water, rain, sweat, or excessive moisture.
- **Storage:** When not in use, store the headphones in their charging case to protect them from dust and damage. Store in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the headphones regularly, even if not used for extended periods.
- **Avoid Extreme Temperatures:** Do not expose the headphones to extremely high or low temperatures, as this can damage the battery and internal components.

6. TROUBLESHOOTING

If you encounter issues with your X5S headphones, please refer to the following common solutions:

- **Headphones not turning on:**
 - Ensure the earbuds are charged. Place them in the charging case and connect the case to a power source for at least 30 minutes.
- **Unable to pair with device:**
 - a. Ensure Bluetooth is enabled on your device.
 - b. Make sure the earbuds are in pairing mode (usually indicated by a flashing light when taken out of the case).
 - c. Turn off Bluetooth on your device, then turn it back on. Try searching for "X5S" again.
 - d. If previously paired, try forgetting the device "X5S" from your device's Bluetooth settings and then re-pairing.
 - e. Ensure the earbuds are within the 33-foot (10-meter) Bluetooth range of your device.
- **No sound or intermittent sound:**

- a. Check the volume level on both your device and the headphones.
 - b. Ensure the headphones are properly connected to your device.
 - c. Try moving closer to your device to avoid interference.
 - d. Restart your device and the headphones.
- **Charging case not charging:**
 - a. Ensure the USB Type-C cable is securely connected to both the case and the power source.
 - b. Try using a different USB cable or power adapter.
 - c. Check if the charging port on the case is clean and free of debris.
 - **AI Translation not working:**
 - a. Ensure you have a compatible translation application installed and configured on your smartphone.
 - b. Verify that the headphones are correctly selected as the audio input/output device within the translation app.
