MEGELIN Multi-Function Therapy Belt

MEGELIN Multi-Function Therapy Belt User Manual

Model: Multi-Function Therapy Belt

INTRODUCTION

Thank you for choosing the MEGELIN Multi-Function Therapy Belt. This device is designed to assist in building core and glute strength, and refining body shape through a combination of heat, electrical muscle stimulation (EMS), and light therapy. Please read this manual thoroughly before using the product to ensure safe and effective operation. Keep this manual for future reference.

IMPORTANT SAFETY INFORMATION

- Consult your physician before using this device if you have any medical conditions, including but not limited to heart conditions, epilepsy, cancer, or if you are pregnant.
- Do not use this device on broken, irritated, or sensitive skin.
- Keep out of reach of children.
- Do not use while sleeping or driving.
- Do not immerse the device in water or other liquids.
- Use only the provided charging cable and adapter.
- Discontinue use immediately if you experience any discomfort or adverse reactions.

PRODUCT OVERVIEW AND COMPONENTS

The MEGELIN Multi-Function Therapy Belt consists of a main function unit and interchangeable straps for various body areas.

Adjustable Fit for Every Body Area

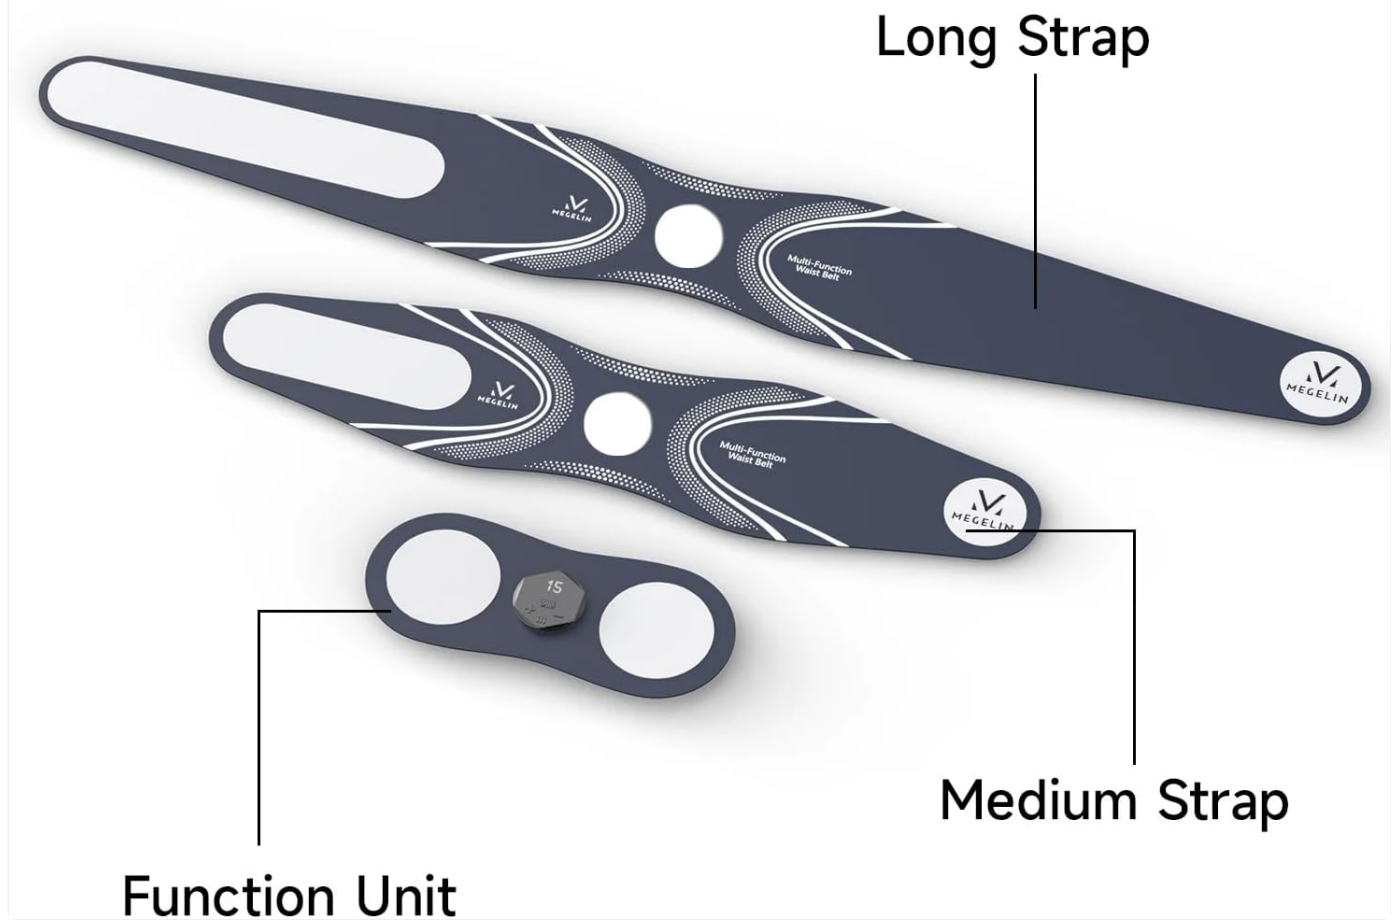

Image: Components of the Megelin Multi-Function Therapy Belt, showing the central function unit, a medium strap, and a long strap. This illustrates how the device adapts to different body areas.

- **Function Unit:** The core of the device, containing the control panel, electrodes for EMS, and light therapy elements.
- **Medium Strap:** Designed for smaller body areas or users.
- **Long Strap:** Provides extended length for larger body areas or waist applications.

Image: A close-up view of the Megelin Therapy Belt's control panel, highlighting the illuminated red indicator lights which signify active functions like heat or light therapy.

SETUP

1. **Charge the Device:** Before first use, fully charge the function unit using the provided USB cable. The indicator light will show charging status and turn off or change color when fully charged.
2. **Attach the Strap:** Select the appropriate strap (medium or long) for your desired treatment area. Align the function unit with the designated area on the strap and securely attach it. The belt is designed for wireless operation and does not require gels.

OPERATING INSTRUCTIONS

Follow these steps for safe and effective use of your therapy belt.

Image: A woman demonstrating the proper placement of the Megelin Multi-Function Therapy Belt around her waist, illustrating its use for core and waist sculpting.

1. **Wear the Belt:** Wrap the therapy belt around the desired body area (e.g., waist, glutes, thighs). Ensure the electrodes on the function unit make good contact with your skin. The adjustable strap allows for a snug fit on various body shapes and areas.
2. **Power On:** Press and hold the power button on the function unit for a few seconds until the indicator lights illuminate.
3. **Select Mode:** Briefly press the mode button to cycle through available therapy modes:
 - **Heat Therapy:** Provides soothing warmth.
 - **EMS (Electrical Muscle Stimulation):** Engages muscles for strengthening and toning.
 - **Light Therapy:** Utilizes specific light wavelengths for skin benefits.
 - **Combined Modes:** Some modes may combine heat, EMS, and light for comprehensive treatment.
4. **Adjust Intensity:** Use the '+' and '-' buttons to increase or decrease the intensity level of the selected mode. Start with a low intensity and gradually increase to a comfortable level.

5. **Session Duration:** The device typically has a pre-set session duration. Refer to the display or indicator lights for remaining time. Do not exceed recommended session times.
6. **Power Off:** After your session, press and hold the power button until the indicator lights turn off. Remove the belt from your body.

MAINTENANCE

- **Cleaning:** After each use, gently wipe the function unit and straps with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water. Ensure the device is completely dry before storing.
- **Storage:** Store the therapy belt in a cool, dry place, away from direct sunlight and extreme temperatures. Keep it in its original packaging or a protective case to prevent damage.
- **Battery Care:** To prolong battery life, charge the device regularly, even if not in frequent use. Avoid fully discharging the battery for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the device fully.
No sensation from EMS.	Poor skin contact; Intensity too low.	Ensure electrodes are firmly against skin; Increase intensity gradually.
Indicator lights not working.	Device malfunction.	Contact customer support.
