OPERATING INSTRUCTIONS

This bunk bed is designed for sleeping purposes. Adhere to the following guidelines for safe operation:

- **Weight Limits:** Do not exceed the 400 lbs weight limit for the upper bunk. The lower bunk is designed for a Queen size mattress and can support standard adult weight.
- **Mattress Requirements:** Use only the specified mattress sizes (Full XL for upper, Queen for lower) and ensure the upper mattress thickness does not compromise guardrail height.
- **Ladder Use:** Always use the integrated ladder for entering and exiting the upper bunk. Do not climb on the frame directly.
- **Guardrails:** Ensure guardrails are always in place and secure on the upper bunk.
- **No Jumping:** Do not jump or play on the bunk bed.

MAINTENANCE

Regular maintenance will help prolong the life and safety of your bunk bed.

- **Cleaning:** Wipe the metal frame with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners. For wooden slats, a dry cloth is sufficient.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they are tight. Re-tighten if necessary.
- **Slat Inspection:** Inspect wooden slats for any signs of damage or cracking. Replace damaged slats immediately.
- **Moving the Bed:** When moving the bunk bed, lift it rather than dragging to prevent damage to the frame and floor.

TROUBLESHOOTING

If you encounter any issues with your DNYN bunk bed, refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws on the frame and slats. Ensure the bed is on a level surface.
- **Instability/Wobbling:** Check that all frame components are correctly assembled and all hardware is fully tightened. Ensure the bed is placed on a flat, stable floor.
- **Difficulty Assembling:** Refer to the detailed assembly instructions provided with your product. Ensure you have all parts and are following the steps in order. A second person can often help with alignment and lifting.
- **Damaged Parts:** If any part is damaged or missing upon arrival, do not proceed with assembly. Contact customer support for replacement parts.
