

## BTHFST 102

# BTHFST Twin Over Twin House Bunk Bed with LED Lights Instruction Manual

Model: 102

## 1. IMPORTANT SAFETY INFORMATION

---

Please read all instructions carefully before assembling and using this bunk bed. Keep this manual for future reference.

- **Guardrails:** The upper bunk is equipped with full-length 13.4-inch high guardrails to ensure safety during sleep and play.
- **Anti-Tipping Kit:** A secure anti-tipping kit is included to enhance stability and prevent accidental tipping. Always install this device as instructed.
- **Ladder Safety:** The 2-step inclined ladder is designed for effortless and safe climbing. Ensure it is securely attached before use.
- **Weight Capacity:** The bed frame is constructed from heavy-duty metal with 12 sturdy metal slats and 4 strong legs, supporting a maximum weight capacity of 400 lbs.
- **Assembly:** Always assemble the bed according to the provided instructions to ensure structural integrity and stability. Be cautious around the metal frame during assembly to avoid injury.
- **Mattress Size:** This bunk bed is compatible with Twin size mattresses. Ensure mattresses fit snugly to prevent gaps.

### 3. ASSEMBLY INSTRUCTIONS

This bunk bed is designed for straightforward assembly. All necessary tools and step-by-step instructions are included in the packaging. It is recommended to have two adults for assembly.

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify that all components listed in the parts list are present and undamaged.
2. **Frame Assembly:** Follow the detailed diagrams in the included instruction booklet to assemble the metal frame. Ensure all bolts are tightened securely.
3. **Slats Installation:** The bed features an embedded slat design for easy installation. Securely attach all 12 metal slats to both the upper and lower bunk frames.
4. **Guardrail Attachment:** Install the full-length guardrails on the upper bunk, ensuring they are firmly attached to the frame.
5. **Ladder Installation:** Attach the inclined ladder to the designated points on the bunk bed. Confirm it is stable and safe for climbing.
6. **Canopy and Curtain Setup:** Install the house-shaped canopy and play curtains according to the

instructions. These are typically secured with no-slip fixed strap designs.

7. **LED Light Kit Installation:** Follow the specific instructions for installing the LED light strip. Ensure all connections are secure.
8. **Anti-Tipping Device:** Securely install the anti-tipping kit to the bed frame and an adjacent wall as per the instructions to prevent accidental tipping.

## 4. OPERATING INSTRUCTIONS FOR LED LIGHTS

The BTHFST House Bunk Bed includes a built-in LED light strip for customizable ambiance. The lights can be controlled via a remote or a dedicated mobile application.

### Features:

- **Color Options:** Choose from over 60,000 colors to match any mood or decor.
- **Adjustable Brightness:** Dim or brighten the lights to your preference.
- **Dynamic Modes:** Select from various pre-set dynamic lighting patterns.
- **Music Sync Mode:** Lights can synchronize with music for an interactive experience.

- **Mic Mode:** Lights respond to sounds detected by the microphone.
- **Timing Modes:** Set timers for the lights to turn on or off automatically.
- **Memory Function:** The lights will remember your last settings when turned back on.

### Control Methods:

- **Remote Control:** Use the included remote control to access all features. Refer to the remote's specific instructions for button functions.
- **Mobile App:** Download the compatible mobile application (details in the LED light kit manual) to control the lights from your smartphone or tablet.

## 5. MAINTENANCE

Regular maintenance will help prolong the life and ensure the safety of your BTHFST bunk bed.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals that may damage the painted finish. The play curtains can be spot cleaned or gently hand washed as per fabric care instructions.

- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **LED Lights:** Ensure the LED light strip and connections are free from dust and damage. If any part of the light kit is damaged, discontinue use and contact customer support for replacement.
- **Canopy and Curtains:** Inspect the canopy and curtains for any tears or damage. Ensure the no-slip fixed straps are securely holding the fabric in place.

## Multi-Scene Versatility

Endless Themes in One Magical Bed

## 6. TROUBLESHOOTING

If you encounter any issues with your bunk bed, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose hardware or improper assembly.	Check all bolts and screws and tighten them securely. Ensure the anti-tipping kit is properly installed.
LED lights are not working.	Power connection issue, remote battery, or faulty light strip.	Verify the power adapter is plugged in correctly. Check the remote control battery. Ensure all light strip connections are secure. If issues persist, contact customer support.
Squeaking noises.	Loose connections or friction between metal parts.	Re-tighten all assembly hardware. Apply a small amount of lubricant (e.g., silicone spray) to contact points if necessary.
Canopy/curtains are not staying in place.	Straps are loose or damaged.	Ensure all no-slip fixed straps are properly secured. Replace damaged straps if needed.
