5. Maintenance

Proper care will help maintain the appearance and longevity of your howcool sectional sofa.

- **Regular Cleaning:** Vacuum the sofa regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for corduroy or upholstery, testing on an inconspicuous area first.
- **Cushion Care:** The sofa features removable seat cushion covers, which can be cleaned according to the fabric care label (if provided). Fluff and rotate cushions periodically to ensure even wear and maintain their shape.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sunlight or use curtains/blinds to protect it.
- **Pet Care:** The corduroy fabric is pet-friendly. Regularly remove pet hair with a lint roller or vacuum.

6. Troubleshooting

If you encounter any issues with your howcool Modular Sectional Sofa, please refer to the following common solutions:

- **Sofa Not Fully Expanded:** If after 72 hours the sofa has not fully expanded, gently massage and fluff the cushions and body of the sofa. Ensure it is in a well-ventilated area. Cooler temperatures can sometimes slow down expansion; a warmer room may help.
- **Uneven Seating:** If seating feels uneven, ensure all modular components are properly aligned. Rotate and fluff cushions to redistribute filling.
- **Fabric Pilling:** Minor pilling can occur with use. This is normal and can be removed with a fabric shaver.

- **Unwanted Odor:** New furniture may have a slight odor upon unpacking. This should dissipate within a few days in a well-ventilated room.
