PawHut D51-435V01SR

PawHut Metal Chicken Coop Instruction Manual

Model: D51-435V01SR

Brand: PawHut

IMPORTANT SAFETY INFORMATION

- Adult assembly is required. Ensure all parts are securely fastened before use.
- This product is designed for outdoor use. Place the coop on a level, stable surface.
- Regularly inspect the coop for any loose parts, damage, or wear. Tighten fasteners and replace damaged components as needed.
- Keep children and pets away from the assembly area to prevent injury.
- Always ensure the door is locked to keep poultry secure and prevent predators from entering.
- The weatherproof cover provides UV protection and shelter from rain. Ensure it is properly secured to prevent wind damage.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed in your product's specific parts list are present and undamaged. Refer to the included detailed instruction manual for a complete list of parts.

Image: The product is delivered in a single package, containing all necessary components for assembly.

Typical components include:

- Galvanized Steel Tubing (various lengths and shapes for frame)
- Plastic-Coated Steel Mesh (for enclosure walls)
- 420D Oxford Fabric Cover (weatherproof and UV resistant)
- Hardware (screws, bolts, clips, bungee cords for cover)
- Door Latch Mechanism

ASSEMBLY INSTRUCTIONS

Assembly of the PawHut Metal Chicken Coop typically requires two individuals and can be completed in approximately 2 hours. Follow the detailed step-by-step instructions provided in your product's manual for precise guidance.

1. **Frame Construction:** Begin by assembling the galvanized steel tubing to form the main frame of the chicken coop. Ensure all connections are secure.
2. **Mesh Installation:** Attach the plastic-coated steel mesh to the frame, ensuring it is taut and covers all open sides to create a secure enclosure.
3. **Door Assembly:** Install the door frame and attach the mesh and latch mechanism. Verify that the door opens and closes smoothly and locks securely.
4. **Cover Attachment:** Drape the 420D Oxford fabric cover over the top section of the frame. Secure it using the provided bungee cords or clips, ensuring it is tightly fitted to offer maximum weather protection.

OPERATING INSTRUCTIONS

This walk-in chicken run provides a secure and spacious environment for your poultry.

- **Access:** Use the lockable door for easy entry and exit to tend to your chickens or clean the enclosure. Always ensure the door is securely latched after use.
- **Placement:** Position the coop in a suitable outdoor location, ideally with some natural shade in addition to the provided UV cover.
- **Shelter:** The silver-coated 420D Oxford fabric cover offers protection from sun and rain, ensuring your chickens remain comfortable in various weather conditions.
- **Capacity:** The coop is designed to comfortably house 10 to 15 hens, providing ample space for them to roam and forage.

SPACIOUS LIVING SPACE

MAINTENANCE

Regular maintenance will extend the lifespan of your PawHut Metal Chicken Coop and ensure a healthy environment for your poultry.

- **Cleaning:** Periodically clean the interior of the coop and the mesh walls. The fabric cover can be wiped down with a damp cloth.
- **Inspection:** Routinely check all frame connections, mesh integrity, and the door latch for any signs of wear, rust, or damage.
- **Cover Security:** Ensure the weatherproof cover remains tightly secured, especially during windy conditions, to prevent it from dislodging or tearing.
- **Ground Anchoring:** Verify that the coop remains stable on its ground anchors (if applicable) to prevent shifting or tipping.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---------------------------------------|--|---|
| Door does not close or lock properly. | Misaligned frame or latch mechanism. Obstruction in the door path. | Check frame alignment and adjust if necessary. Clear any debris from the door path. Inspect the latch for damage. |
| Cover is loose or flapping in wind. | Bungee cords or clips are not securely fastened. | Re-secure all bungee cords and clips, ensuring the cover is taut across the frame. |
| Coop feels unstable. | Uneven ground. Loose frame connections. | Relocate the coop to a level surface. Tighten all frame bolts and connections. Ensure ground anchors are fully engaged. |

SPECIFICATIONS

Model Number: D51-435V01SR

Overall Dimensions: 340L x 300W x 190H cm (133.9" L x 118.1" W x 74.8" H)

Material: Galvanized Steel, Plastic-Coated Steel Mesh, 420D Oxford Fabric (Polyester)
