Gillette Guard 3in1 Shaving Razor Blade User Manual

Model: 80878373

PRODUCT OVERVIEW

The Gillette Guard 3in1 shaving razor is designed to provide a smooth and comfortable shaving experience. It features three platinum-coated blades, an Aquagel Lubrastrip for lubrication, a rubber grip handle for control, and a flexible pivot head to adapt to facial contours.

PACKAGE CONTENTS

- 1 Gillette Guard 3in1 Razor Handle
- 2 Replaceable Cartridges

Image: Diagram showing the individual components of the Gillette Guard 3in1 razor, including the lubrastrip, blades, pivot head, and handle.

SETUP: ATTACHING A CARTRIDGE

1. Ensure the razor handle is clean and dry.
2. Align the new cartridge with the attachment mechanism on the razor handle.
3. Push the cartridge firmly onto the handle until it clicks into place. Ensure the green lubrastrip side is facing up.

OPERATING INSTRUCTIONS

For optimal results and a comfortable shave, follow these steps:

1. **Prepare Skin:** Wet your face with warm water and apply a shaving foam or gel.
2. **Shave:** Hold the razor with a firm but comfortable grip. Shave in the direction of hair growth using light, even strokes. The 40-degree pivot head will adjust to your facial contours.
3. **Rinse:** Rinse the razor head frequently under running water during shaving to prevent blade clogging.
4. **Finish:** After shaving, rinse your face with cool water and apply an aftershave product.

3 STEPS TO A GREAT SHAVE

Image: Illustrated guide demonstrating the three recommended steps for a complete shaving routine using the Gillette Guard 3in1 razor.

The Aquagel Lubrastrip provides lubrication and a soothing effect to help reduce irritation during shaving.

SMOOTH SHAVE IN ONE STROKE

MAINTENANCE

- After each shave, rinse the razor head thoroughly under running water to remove hair and shaving cream residue.
- Do not tap the razor against a hard surface or wipe the blades, as this can damage them.
- Store the razor in a dry place.
- Replace cartridges when the lubrastrip fades or when you experience discomfort during shaving.

TROUBLESHOOTING

Nicks or Cuts

- Ensure your skin is adequately lubricated with shaving foam or gel.
- Use light pressure; the blades are designed to cut effectively without excessive force.
- Shave in the direction of hair growth.

- Replace the cartridge if the blades feel dull.

Skin Irritation

- Ensure the Aquagel Lubrastrip is still active. If it has faded, replace the cartridge.
- Always use warm water to open pores before shaving.
- Consider using a sensitive skin shaving cream or gel.

SAFETY INFORMATION

- Keep out of reach of children.
- Do not wipe blades with fingers or cloth.
- Use only as directed.
- For external use only.
