

DNYN B0GJLDZNCZ

# DNYN Twin Over Twin Floor Bunk Bed Instruction Manual

Model: B0GJLDZNCZ

## IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Maximum Weight Capacity:** The upper bed supports up to 200 lbs. The bottom bed supports up to 200 lbs. Do not exceed these limits.
- **Age Recommendation:** The upper bunk is not suitable for children under 6 years of age.
- **Guardrails:** Always use the guardrails on the upper bunk. Ensure they are properly installed and secured.
- **Mattress Thickness:** Use a mattress no thicker than 6 inches for both upper and lower bunks to ensure proper guardrail height.
- **Ladder Safety:** Always use the ladder for entering and exiting the upper bunk. Do not jump on the bed.
- **Ventilation:** Ensure adequate ventilation around the bed.
- **Regular Checks:** Periodically check and ensure that all connections are tight and secure. Retighten as necessary.
- **No Horseplay:** Prohibit horseplay on or under the bed.
- **Assembly:** Assembly should be performed by at least two adults.

## PRODUCT OVERVIEW

The DNYN Twin Over Twin Floor Bunk Bed is designed for space-saving and safety, featuring a low-height design suitable for kids' and teens' bedrooms. Constructed from solid rubber wood and plywood, it offers a sturdy and durable sleeping solution.

**Key Features:**

- Twin over Twin size configuration.
- Low-height floor design for enhanced stability.
- Integrated ladder for safe access to the upper bunk.
- Full-length guardrails on the upper bunk for safety.
- Constructed from solid rubber wood and plywood slats.
- No box spring required.

## PACKAGE CONTENTS

---

The DNYN Twin Over Twin Floor Bunk Bed arrives in a single package. Please verify all components are present before beginning assembly.

- Bed frame components (headboards, footboards, side rails, ladder parts)
- Plywood slats for the upper bunk
- Guardrails
- Hardware pack (screws, bolts, nuts, washers, Allen wrench)
- Assembly Manual

## SETUP AND ASSEMBLY INSTRUCTIONS

---

Before you begin, ensure you have enough space and a clean, flat surface for assembly. It is recommended that two

adults assemble this bunk bed.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Compare them with the parts list in your included assembly manual to ensure nothing is missing or damaged.
2. **Assemble Lower Bed Frame:** Begin by connecting the side rails to the headboard and footboard of the lower bed using the provided hardware. Do not fully tighten bolts until the entire frame is assembled.
3. **Assemble Upper Bed Frame:** Similarly, assemble the side rails, headboard, and footboard for the upper bed.
4. **Attach Guardrails:** Secure the guardrails to the upper bed frame as indicated in the manual. Ensure they are firmly attached.
5. **Install Slats:** Place and secure the plywood slats onto the support rails of the upper bunk. Ensure even spacing and secure attachment. The lower bunk is a floor design and does not require slats.
6. **Attach Ladder:** Securely attach the ladder to the designated position on the bunk bed. Verify it is stable and can support weight.
7. **Final Tightening:** Once all components are in place and aligned, systematically tighten all bolts and screws. Do not overtighten.
8. **Safety Check:** Before use, gently shake the entire bed to ensure stability. Recheck all connections.

## OPERATING INSTRUCTIONS

This bunk bed is designed for sleeping and resting. Adhere to the following guidelines for safe operation:

- **Upper Bunk Access:** Always use the provided ladder to access or exit the upper bunk. Do not climb on the guardrails or other parts of the bed.
- **Weight Limits:** Do not exceed the stated weight capacities for each bunk (200 lbs per bunk).
- **Mattress Placement:** Ensure mattresses are properly seated within the bed frame and do not extend above the top

of the guardrails on the upper bunk.

- **No Jumping:** Jumping on either bunk is prohibited as it can cause structural damage or injury.
- **Clearance:** Ensure there is adequate overhead clearance for the person sleeping on the upper bunk.

## MAINTENANCE

---

Regular maintenance will help prolong the life and safety of your DNYN bunk bed.

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish. For specific care, the product care instructions state "Dry Clean Only" which typically refers to fabric components, but for the wooden frame, a damp cloth is appropriate.
- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connections. Tighten any that have become loose. Do not overtighten.

- **Structural Integrity:** Check for any signs of wear, cracks, or damage to the wood frame or slats. If damage is found, discontinue use and contact customer support.
- **Ladder Inspection:** Ensure the ladder rungs are secure and the ladder itself is firmly attached to the bed frame.

## TROUBLESHOOTING

If you encounter any issues with your bunk bed, refer to the following common solutions:

- **Bed is Wobbly:** This is usually due to loose hardware. Re-tighten all bolts and screws, ensuring they are snug but not overtightened. Ensure the bed is on a flat, even surface.
- **Squeaking Noises:** Squeaking can often be resolved by tightening all hardware. If the noise persists, check for any friction points between wooden components and consider applying a small amount of furniture wax or silicone spray to the contact areas.
- **Missing Parts:** If you find any parts missing during assembly, refer to the parts list in your manual and contact DNYN customer support immediately for replacements.
- **Difficulty Assembling:** Ensure you are following the steps in the assembly manual precisely. Sometimes, parts may appear similar but have subtle differences. If issues persist, contact customer support.

## WARRANTY AND SUPPORT

The DNYN Twin Over Twin Floor Bunk Bed comes with a**Limited Warranty**. Please refer to the specific warranty documentation included with your product for details on coverage, terms, and conditions.

For any questions, missing parts, or support needs, please contact DNYN customer service. Have your model number (B0GJLDZNCZ) and purchase information ready when contacting support.
