Decofy DC-BF04

Decofy King Size Upholstered Bed Frame Instruction Manual

Model: DC-BF04 | Brand: Decofy

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your Decofy King Size Upholstered Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

WARNING:

Do not exceed a total weight of 1,000 lbs on the bed frame. Always follow the assembly instructions carefully to ensure stability and prevent collapse.

- Ensure all bolts and screws are securely tightened before use.
- Periodically check all connections to ensure they remain tight.
- Keep small parts away from children during assembly.
- Assemble on a soft, clean surface to prevent damage to the product.

PACKAGE CONTENTS

Verify that all components are present before starting assembly. If any parts are missing or damaged, please contact customer service.

| Part | Description | Quantity |
|------|-----------------|----------|
| A | Headboard Panel | 1 |
| B | Side Rails | 2 |

| Part | Description | Quantity |
|------|---|-----------------------------|
| C | Footboard | 1 |
| D | Center Support Beam | 1 |
| E | Metal Slats | (Varies by size) |
| F | Support Legs | (Varies by design) |
| G | Hardware Pack (Bolts, Screws, Allen Wrench) | 1 |
| H | EVA Noise-Reducing Strips | (Pre-installed or separate) |

SETUP AND ASSEMBLY

Estimated Assembly Time: Approximately 30 minutes with two people. All parts are labeled and included in one box.

- Unpack and Identify Parts:** Carefully unpack all components and lay them out on a soft, clean surface. Identify each part using the provided parts list.

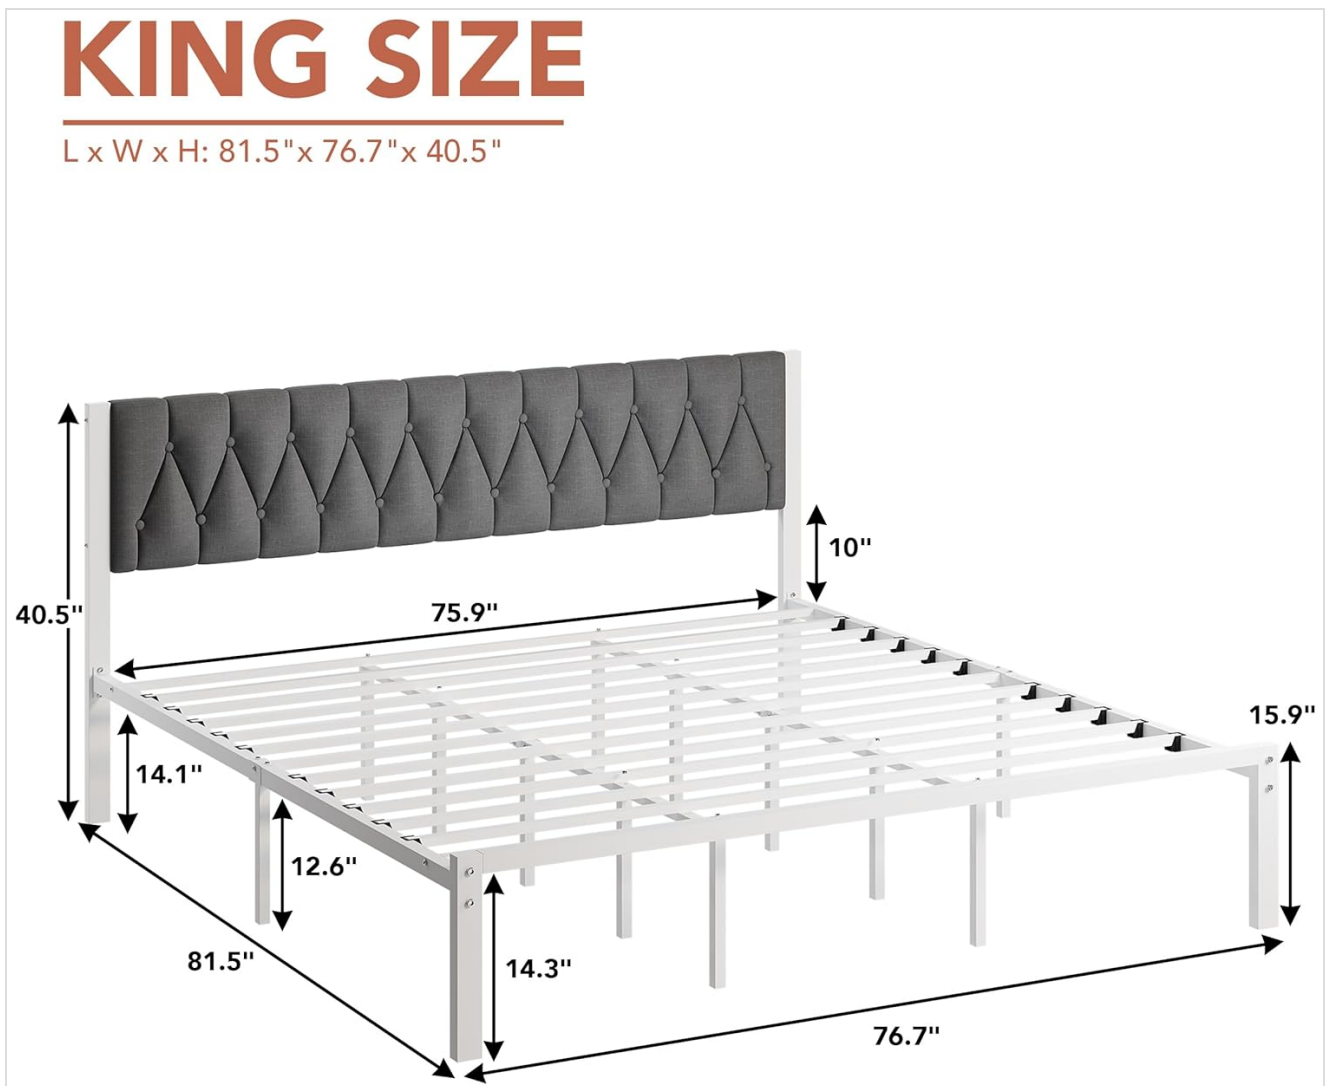

Image: King Size Bed Frame Dimensions. This diagram illustrates the overall dimensions and key measurements of the bed frame components.

- Attach Legs to Headboard and Footboard:** Attach the support legs to the headboard and footboard using the provided screws and tighten with the included tool.
- Connect Headboard to Side Rails:** Connect the side rails to the headboard using the appropriate bolts. Ensure a

secure connection.

Tufted Headboard Design

Image: Tufted Headboard Design. A close-up view of the classic button-tufted headboard, highlighting the linen-like fabric and plush padding.

4. **Connect Footboard to Side Rails:** Attach the footboard to the other end of the side rails, securing it with bolts.

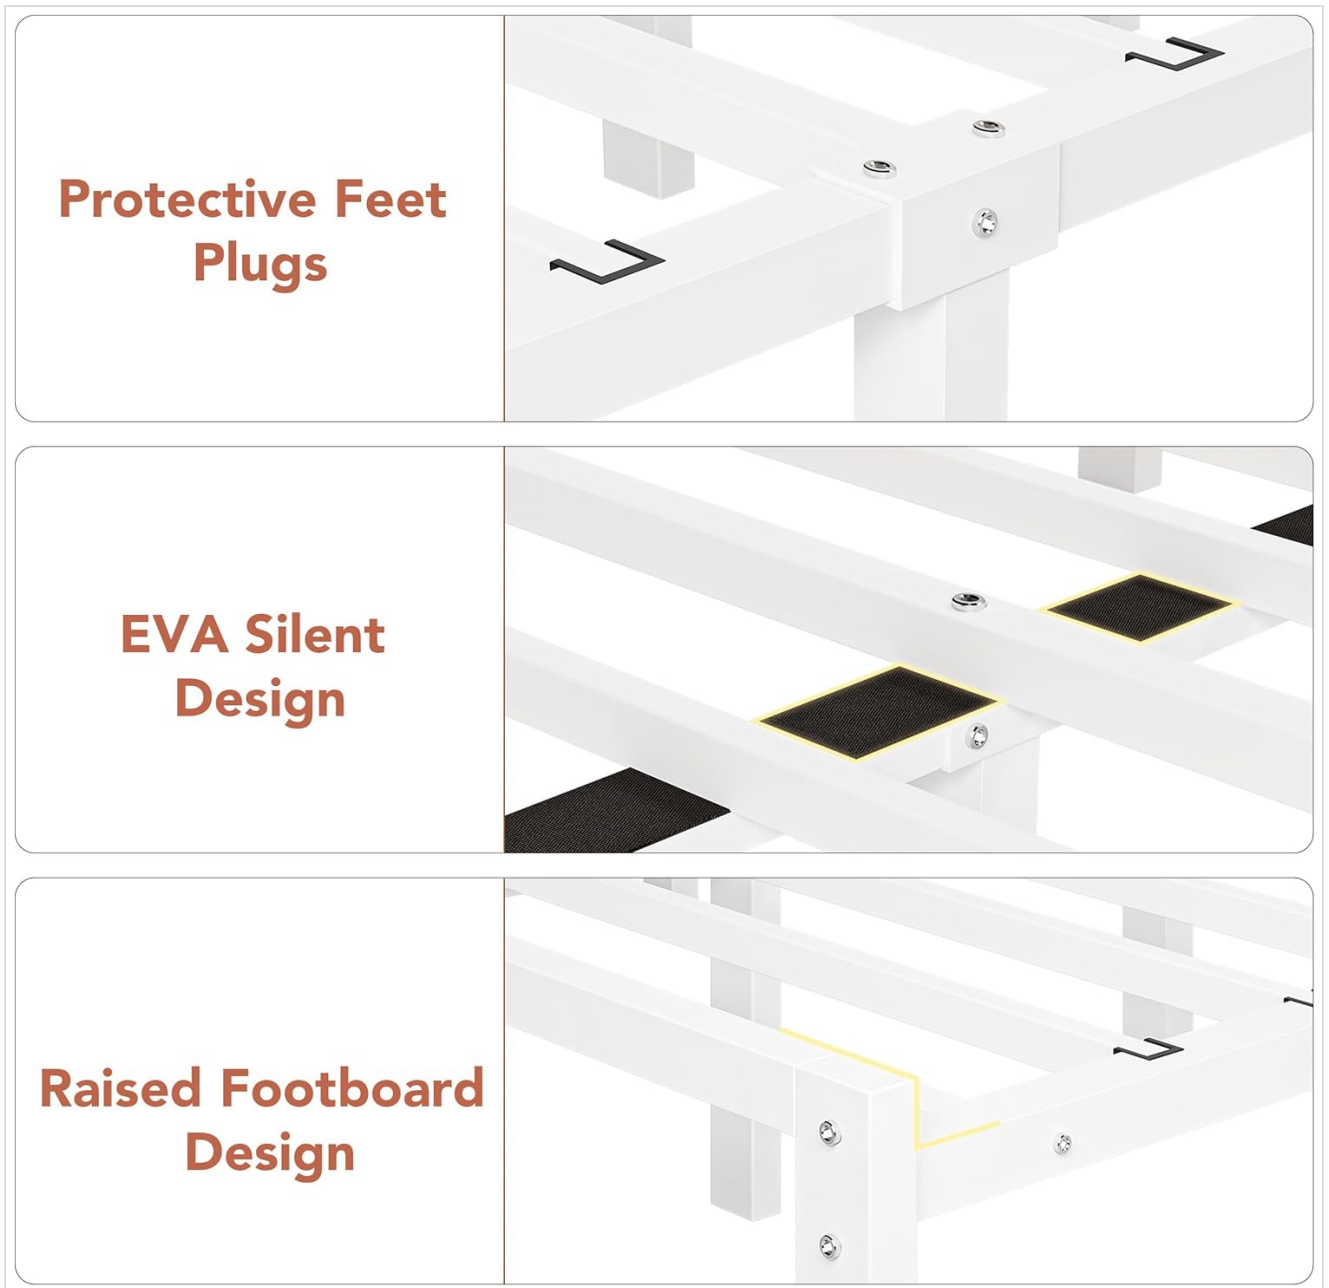

Image: Frame Detail Features. This image shows the protective feet plugs, the EVA noise-reducing strips for silent operation, and the raised footboard design that prevents mattress shifting.

5. **Install Center Support Beam:** Position and secure the center support beam to the frame.
6. **Place Metal Slats:** Lay the metal slats across the frame, ensuring they are evenly spaced and securely fastened. The built-in EVA noise-reducing strips should prevent metal-on-metal friction.

Sturdy & Steady Choices

Image: Sturdy Metal Slat System. The fully assembled metal frame without a mattress, demonstrating the robust all-metal slat support system.

7. **Final Check:** Double-check all connections to ensure they are tight and the frame is stable.

OPERATING (USAGE GUIDELINES)

- **Mattress Compatibility:** This platform bed frame is compatible with most 6 to 10-inch mattresses. No box spring is required.
- **Weight Capacity:** The bed frame supports up to 1,000 lbs. Do not exceed this weight limit.
- **Under-Bed Storage:** Utilize the 12.6-inch under-bed clearance for storage. This space is also suitable for robot vacuums.

Large Storage Capacity

Image: Under-Bed Clearance. This image illustrates the 12.6-inch under-bed clearance, suitable for storing items like luggage or for robot vacuum access.

- **Noise-Free Design:** The built-in EVA noise-reducing strips are designed to prevent squeaking. Avoid placing excessive stress on the frame that could compromise these strips.

MAINTENANCE

- **Cleaning:**
 - For the upholstered headboard, gently spot clean with a damp cloth and mild detergent if necessary. Blot dry. Do not saturate.
 - For the metal frame, wipe with a soft, damp cloth. Avoid abrasive cleaners.
- **Periodic Checks:** Every 3-6 months, inspect all bolts and screws to ensure they are still tight. Re-tighten if any looseness is detected to maintain stability and prevent noise.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals or solvents on any part of the bed frame, as this may damage the finish or fabric.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---|---|---|
| Bed frame is squeaking or making noise. | Loose connections; metal-on-metal friction. | Ensure all bolts and screws are securely tightened. Check if EVA noise-reducing strips are properly in place on the slats. |
| Bed frame feels unstable or wobbly. | Loose connections; uneven floor. | Re-tighten all assembly hardware. Ensure the bed is on a level surface. If the floor is uneven, use shims under the legs. |
| Mattress slides on the frame. | Lack of friction; incorrect mattress size. | Ensure the mattress is correctly sized for a King bed frame. The raised footboard is designed to prevent shifting, but a non-slip mat can be placed between the mattress and slats if needed. |
| Missing parts during assembly. | Packaging error. | Contact Decofy customer service immediately with your purchase details. |

SPECIFICATIONS

- **Model Number:** DC-BF04
- **Size:** King (U.S. Standard)
- **Material:** Metal frame, Fabric upholstered headboard
- **Product Dimensions (Approximate L x W x H):** 81.5" x 76.7" x 40.5" (Length x Width x Total Height including Headboard)
- **Under-Bed Clearance:** 12.6 inches
- **Maximum Weight Recommendation:** 1000 Pounds
- **Special Features:** Tufted Headboard, Raised Footboard, Noise-Free Design (EVA strips), Under-Bed Storage
- **Assembly Required:** Yes
- **Included Components:** Installation Manual, Hardware

WARRANTY
