# Generic Leather Watch Strap Instruction Manual

For Citizen BL8001, BL8001-01A, BL8003-05A, BL9002, BL9007, 9000 Models

## 1. SETUP AND INSTALLATION

---

This watch strap features a precision curved-edge design with built-in plastic end pieces. This design allows the strap to seamlessly integrate with the curvature of most watch cases, eliminating gaps at the lug connection points for a clean, integrated appearance.

To install the strap, gently align the curved end with the watch lug holes. The moderate elasticity of the internal plastic structure facilitates a smooth installation. Press the spring bar ends into the lug holes until they click securely into place. Ensure both ends of the strap are firmly seated to prevent accidental detachment.

This image displays the black leather watch strap with a black buckle, highlighting its curved end design for a seamless fit with watch cases.

## 2. WEARING AND DAILY USE

---

Once installed, the strap provides a rock-solid fit, minimizing micro-movement during daily activities. Adjust the buckle to achieve a comfortable and secure fit on your wrist. The genuine leather will conform to your wrist over time, enhancing comfort.

Avoid exposing the leather strap to excessive moisture, direct sunlight, or harsh chemicals, as these can affect its appearance and longevity.

## 3. CARE AND MAINTENANCE

---

The innovative internal structure is concealed beneath the leather, preserving the classic aesthetic. To maintain the quality of the leather, regularly wipe the strap with a soft, dry cloth. For deeper cleaning, use a specialized leather cleaner and conditioner, following the product's instructions. Allow the strap to air dry completely after any cleaning or exposure to moisture.

Over time, the cowhide leather will develop a unique patina, which is a natural characteristic of genuine leather and adds to its appeal.

## 4. TROUBLESHOOTING

---

If the strap does not fit correctly or appears loose after installation, ensure the spring bars are fully engaged in the watch lug holes. Remove and re-install the strap, applying gentle pressure until a secure click is felt.

If you experience any difficulty with installation or notice any issues with the strap's integrity, please refer to the customer support section for assistance.

## 5. PRODUCT SPECIFICATIONS

---

Feature	Detail
Brand	Generic
Model Number	CTC-002#
Material	Genuine Leather with Internal Plastic Structure
Compatibility	Citizen BL8001, BL8001-01A, BL8003-05A, BL9002, BL9007, 9000
Available Sizes	20mm, 21mm, 22mm (lug width)
Item Length	7.87 inches (20.00 centimeters)
Metal Weight	20 g
ASIN	B0GK1R5TPP
First Available	January 27, 2026

## 6. CUSTOMER SUPPORT

---

If you encounter any problems while using this product after purchase, please feel free to contact us at any time. We are committed to ensuring your satisfaction and will provide assistance with any questions or concerns you may have.

Please refer to your purchase documentation or the retailer's website for specific contact methods.
