SETUP

1. Powering On

1. Connect the supplied power adapter to the DC IN port on the back of the IR6 radio.
2. Plug the power adapter into a wall outlet.
3. Press the **Power/Standby** button on the front panel to turn on the radio.

2. Initial Setup Wizard

Upon first power-on, the radio will guide you through an initial setup wizard.

- **Language Selection:** Use the **Tune** dial to scroll and the **Select** button to confirm your preferred language.
- **Network Configuration:**

- a. Select **Wi-Fi Network**.
 - b. The radio will scan for available networks. Select your home Wi-Fi network from the list.
 - c. Enter your Wi-Fi password using the **Tune** dial to select characters and the **Select** button to confirm each character.
 - d. Once connected, the radio will display a confirmation message.
- **Time and Date:** The time and date will usually synchronize automatically via the internet connection. If not, you can set it manually in the system settings.

OPERATING INSTRUCTIONS

1. Mode Selection

Press the **Mode** button to cycle through available modes: Internet Radio, DAB Radio, FM Radio, Bluetooth, and Auxiliary Input.

2. Internet Radio & Podcasts

- In Internet Radio mode, use the **Tune** dial to browse stations by location, genre, or popularity.
- Select a station or podcast using the **Select** button.
- To save a favorite, press and hold the **Presets** button, then select a preset number.
- To recall a favorite, short press the **Presets** button and select the desired preset.

3. DAB/DAB+ Radio

- In DAB Radio mode, the radio will automatically scan for available stations.
- Use the **Tune** dial to navigate through the station list.
- Press **Select** to listen to a station.

4. FM Radio

- In FM Radio mode, use the **Tune** dial to manually tune to a frequency.
- Press and hold the **Tune** dial to auto-scan for the next available station.

5. Bluetooth Streaming

- Switch the radio to Bluetooth mode. The display will show "Bluetooth Pairing".
- On your smartphone or tablet, enable Bluetooth and search for "LEMEGA IR6".
- Select "LEMEGA IR6" to pair. Once connected, you can stream audio from your device.

MAINTENANCE

- **Cleaning:** Wipe the radio with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the radio in a cool, dry place when not in use for extended periods.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the radio regularly, even if not in constant use.
- **Antenna:** Ensure the telescopic antenna is fully extended for optimal DAB/DAB+ and FM reception.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No power	Power adapter not connected or faulty; battery discharged.	Check power connections. Ensure the adapter is working. Charge the battery.
No sound	Volume too low; Mute activated; incorrect source selected.	Increase volume. Check if headphones are connected. Ensure the correct mode (Internet Radio, DAB, FM, Bluetooth) is selected.
Cannot connect to Wi-Fi	Incorrect password; Wi-Fi signal too weak; router issue.	Verify Wi-Fi password. Move the radio closer to the router. Restart your router.
Poor DAB/FM reception	Antenna not extended; poor signal area.	Fully extend the telescopic antenna. Try repositioning the radio.
Bluetooth pairing issues	Radio not in pairing mode; device too far; previous connection interference.	Ensure radio is in Bluetooth pairing mode. Keep devices within range. Forget "LEMEGA IR6" on your device and try pairing again.
