Garvee HJS-GV-GrillTent-2Side-Grey-J2F

Garvee 8x5 Grill Gazebo Instruction Manual

Model: HJS-GV-GrillTent-2Side-Grey-J2F

Introduction

Thank you for choosing the Garvee 8x5 Grill Gazebo. This manual provides essential information for the safe assembly, operation, and maintenance of your new outdoor BBQ canopy. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Always keep the gazebo at least 3 feet away from any heat sources or open flames.
- Do not use the gazebo in windy conditions.
- When assembling or disassembling the gazebo, always keep the frame and ribs away from your body to prevent injury.
- Always secure the gazebo to the ground using the included metal stakes for stability.
- Do not use the included light in wet conditions.
- Always follow the assembly instructions carefully to avoid injury.

Product Features

The Garvee 8x5 Grill Gazebo is designed to enhance your outdoor grilling experience with several convenient features:

- **Adjustable Dual Side Awnings:** This 8x5 ft grill gazebo features dual side awnings that can be opened and closed at 3 different angles, creating extra shade from both sides. Customize the coverage according to the sun's position to protect you and your food from direct sunlight and light rain.

Image: Close-up of the gazebo's side awning mechanism, illustrating three adjustable height settings for optimal shade control.

- **Ventilated Double-Tier Canopy, CPAI-84 Fire-Resistant:** Designed with a 2-tier vented canopy, this BBQ gazebo promotes better air circulation and lets smoke escape more easily while grilling. The premium polyester fabric is sun-protective, drizzle-resistant and CPAI-84 fire-resistant, adding extra safety and stability in windy conditions.

- **Heavy-Duty Steel Frame & Stable Structure:** Constructed with a thickened, powder-coated steel frame, this outdoor grill shelter is rust-resistant, peel-resistant and built to last. 4 sturdy ribs and reinforced legs can be securely fixed to the ground with 8 included metal stakes for enhanced stability on your patio, garden or backyard.
- **Handy Side Shelves, Hooks & Ceiling Light Hook:** Two ventilated metal side shelves provide convenient space for food, drinks and grilling tools. 7 additional hooks keep utensils, towels and accessories within easy reach. A built-in ceiling hook allows you to hang a light, fan or decoration (light included) to extend your BBQ time into the evening.

- **Spacious Multi-Purpose Outdoor Shelter:** Measuring about 8 ft x 5 ft x 8.3 ft (L x W x H), this barbecue gazebo offers ample room for most grills and BBQ setups. Perfect as a grill gazebo, outdoor BBQ canopy, or small patio shelter for picnics and family gatherings, it creates a comfortable shaded area for cooking and entertaining.

Setup Instructions

Assembly of the Garvee Grill Gazebo typically requires two adults. Carefully follow the steps below. Refer to the included diagrams for visual guidance.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare with the parts list provided in your product box to ensure all pieces are present and undamaged.
2. **Assemble the Main Frame:** Begin by connecting the main support poles according to the numerical or alphabetical labels. Ensure all connections are secure before proceeding.
3. **Attach Side Shelves and Hooks:** Install the ventilated metal side shelves and the hook rails onto the designated frame sections.
4. **Install the Canopy:** Drape the double-tier canopy over the assembled frame. Secure the canopy to the frame using the provided fasteners or straps. Ensure the vented top is correctly positioned for optimal airflow.
5. **Attach Adjustable Awnings:** Connect the side awnings to their respective frame supports. Test the adjustment mechanism to ensure smooth operation at all three angles.
6. **Secure to the Ground:** Once the gazebo is fully assembled, use the included metal stakes to firmly anchor each leg to

the ground. This is crucial for stability, especially in varying weather conditions.

7. **Install Accessories:** Attach the ceiling light hook and place the LED magnetic lights as desired for illumination.

Operating Instructions

- **Adjusting Side Awnings:** To adjust the side awnings, locate the locking mechanisms on the awning supports. Release the lock, move the awning to one of the three desired angles, and re-engage the lock to secure its position.
- **Using Side Shelves and Hooks:** The mesh side shelves are designed to hold food, drinks, and grilling accessories. Utilize the integrated hooks to hang utensils, towels, or other items for easy access during grilling.
- **Ceiling Light Hook:** The central ceiling hook is suitable for hanging a light fixture, a small fan, or decorative items. Ensure any hung item does not exceed the weight capacity specified in the product manual (if applicable).
- **Ventilation:** The double-tier canopy is designed for natural ventilation. Ensure no obstructions block the upper vent to allow smoke and heat to escape efficiently.

Maintenance

- **Cleaning the Canopy:** Clean the polyester canopy fabric with mild soap and water. Do not use harsh chemicals or abrasive cleaners, as this may damage the fabric or its protective coatings. Allow the canopy to air dry completely before folding or storing.
- **Frame Care:** Periodically inspect the powder-coated steel frame for any signs of rust, chips, or damage. Clean the frame with a damp cloth. Touch up any scratches with rust-inhibiting paint to prevent corrosion.
- **Hardware Check:** Regularly check all bolts, screws, and connections to ensure they remain tight and secure. Tighten any loose hardware as needed.
- **Seasonal Storage:** For prolonged periods of non-use or during severe weather conditions (heavy winds, snow), it is recommended to disassemble the gazebo and store it in a dry, protected area to extend its lifespan.

Troubleshooting

Problem	Possible Cause	Solution
Difficulty during assembly	Instructions unclear; mislabeled parts; incorrect orientation of components.	Refer closely to diagrams in the manual. Ensure all parts are correctly identified and oriented before fastening. Assembly is easier with two people.
Gazebo feels shaky or unstable	Not properly secured to the ground; loose connections; uneven ground.	Ensure all metal stakes are fully inserted into the ground. Check all frame connections for tightness. Position the gazebo on a level surface.
Missing or damaged parts	Packaging error; transit damage.	Immediately contact Garvee customer support with your purchase details and a description of the missing or damaged components.

Problem	Possible Cause	Solution
Canopy not fitting correctly	Incorrect frame assembly; canopy oriented incorrectly.	Double-check the frame assembly steps. Ensure the canopy is placed with the correct sides facing front/back and top/bottom.

Specifications

Attribute	Detail
