DEWINNER 80x190

DEWINNER Single Bed Frame 80x190 Instruction Manual

Model: 80x190

1. Introduction

Thank you for choosing the DEWINNER Single Bed Frame 80x190. This manual provides essential information for the safe assembly, proper use, and maintenance of your new bed frame. Please read these instructions carefully before assembly and retain them for future reference.

2. Safety Information

- Do not exceed the maximum recommended weight to prevent damage to the bed frame. For the 80x190 model, the maximum load capacity is **150 kg**.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly to avoid choking hazards.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not stand or jump on the bed frame.

3. Package Contents

Before beginning assembly, verify that all components listed below are present in your package:

- Metal frame components
- Wooden slats (14 rows)
- Legs (6 pieces)
- Assembly instructions (this manual)
- Necessary tools (e.g., Allen key, wrench)

If any parts are missing or damaged, please contact DEWINNER customer support.

4. Setup (Assembly Instructions)

The DEWINNER Single Bed Frame is designed for intuitive and fast assembly. While assembly can be completed in less than 30 minutes, we recommend having a second person assist for easier handling of components.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent damage.
2. **Assemble the Metal Frame:** Connect the main metal frame components using the provided bolts and tools. Ensure all connections are finger-tightened initially.
3. **Attach the Legs:** Securely attach the 6 legs to the designated points on the metal frame.
4. **Insert Wooden Slats:** Place the wooden slats into the designated slots on the metal frame. Ensure they are evenly spaced and fully seated.
5. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts and screws using the provided tools. Do not overtighten.

Refer to the detailed diagrams included in your package for visual guidance during each step.

5. Operating (Usage)

The DEWINNER Single Bed Frame provides a stable and comfortable foundation for your mattress.

- **Mattress Placement:** Place your 80x190 cm mattress directly onto the wooden slats. The robust metal frame and solid wood slats ensure stable and uniform support, preventing sagging and ensuring long-term durability.
- **Silent Operation:** The wooden slats are designed to minimize friction noise, contributing to a restful sleep environment without annoying creaks.
- **Under-Bed Storage:** With a height of 32 cm (12.6 inches) from the floor to the bottom of the frame, this bed frame offers valuable under-bed storage space. Utilize this area for storing suitcases, blankets, pillows, or storage containers, making it ideal for smaller rooms.

6. Maintenance

To ensure the longevity and optimal performance of your DEWINNER bed frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Check Connections:** Periodically (e.g., every 3-6 months) inspect all bolts and screws to ensure they remain tight. Re-tighten if any looseness is detected.
- **Slat Inspection:** Check the wooden slats for any signs of damage or wear. Replace any broken slats immediately to maintain proper mattress support.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent rust or damage to the wood.

7. Troubleshooting

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

- **Problem: The bed frame makes creaking noises.**
  Solution: Check that all wooden slats are properly seated in their holders and that all frame connections (bolts and screws) are securely tightened. Loose connections are a common cause of creaking.
- **Problem: The bed frame feels unstable or wobbly.**
  Solution: Ensure all legs are firmly attached and all frame connections are fully tightened. Verify that the bed frame is placed on a level surface.
- **Problem: Difficulty during assembly.**
  Solution: Review the assembly instructions carefully, paying close attention to diagrams. Ensure you have all necessary tools and consider having a second person assist. Do not force parts together; if they don't fit, re-check the orientation.
- **Problem: Mattress sags in certain areas.**
  Solution: Inspect the wooden slats for any damage or displacement. Ensure all slats are evenly distributed and properly supporting the mattress.

If the problem persists after attempting these solutions, please contact DEWINNER customer support.

8. Specifications

Feature	Detail
Brand	DEWINNER
Model	80x190
Size	80 x 190 cm
Product Dimensions (L x W x H)	190 x 80 x 35 cm
Compatible Mattress Size	80 x 190 cm
Material	Birch Wood (slats), Metal (frame)
Color	Black
