

Lamicall GCRP04

Lamicall Cell Phone Lanyard Crossbody 2 Pack Instruction Manual

Model: GCRP04

1. INTRODUCTION

Thank you for choosing the Lamicall Cell Phone Lanyard Crossbody 2 Pack. This product is designed to provide a secure and convenient way to carry your smartphone, offering hands-free use and protection against drops. It features an adjustable strap, charging-friendly patches, and a durable zinc alloy hook for versatile use.

2. PACKAGE CONTENTS

- 2 x Lamicall Cell Phone Lanyard Straps
- 2 x Reinforced Ultra-Thin Tether Tabs

3. COMPATIBILITY

This lanyard system is compatible with most smartphones, including iPhone 17/16/15/14/13 Pro Max, Samsung Galaxy, and other Android devices. **Important:** A full-coverage phone case is required for proper installation and secure use. This product is **not compatible** with open-bottom, half-coverage, or bumper-style cases.

4. SETUP INSTRUCTIONS

Follow these steps to properly install your Lamicall Cell Phone Lanyard:

1. **Prepare your phone case:** Ensure your phone case is a full-coverage type with a charging port opening at the bottom.
2. **Insert the tether tab:** Take one reinforced ultra-thin tether tab. Insert the small loop end of the tab

through the charging port opening of your phone case. The main part of the tab should rest inside the case.

3. **Secure the phone:** Place your smartphone into the case, ensuring the tether tab lies flat between the phone and the case. The small loop should protrude from the charging port opening without obstructing it.
4. **Attach the lanyard:** Clip the zinc alloy hook of the lanyard strap onto the protruding loop of the tether tab. Ensure the hook is securely fastened.

5. OPERATING INSTRUCTIONS

5.1 Wearing Styles

The Lamicall Cell Phone Lanyard offers adjustable length and multiple wearing options for your convenience:

- **Crossbody:** Wear the strap across your body for maximum security and hands-free access.
- **Neck Wear:** Hang the phone around your neck for quick access.
- **Wrist Strap:** Adjust the strap to a shorter length to use it as a wrist strap.

5.2 Adjusting the Strap Length

The strap is easily adjustable from approximately 19.69 inches (50 cm) to 27.95 inches (71 cm) to suit different body types and preferences. Slide the buckle on the strap to achieve your desired length.

Adjustable Fit All-Day Comfort

5.3 Charging Compatibility

The ultra-thin tether tab is designed to fit neatly between your phone and case without blocking the charging port. This allows for convenient wired charging and MagSafe wireless charging without needing to remove the patch.

6. MAINTENANCE

- **Cleaning:** Wipe the strap with a damp cloth and mild soap if necessary. Allow it to air dry completely.
- **Inspection:** Regularly check the tether tab and the zinc alloy hook for any signs of wear or damage. Replace if any damage is observed to ensure continued security.
- **Storage:** Store the lanyard in a cool, dry place when not in use.

7. TROUBLESHOOTING

- **Lanyard feels uncomfortable or too wide:** The strap is made from a soft, high-density woven material designed for comfort. If it feels too wide or uncomfortable, try adjusting the length to find a more suitable fit for your body type. Ensure the strap is not twisted.
- **Phone is not secure:** Double-check that your phone case is a full-coverage type and that the tether tab is correctly inserted and the hook is fully latched. This product is not compatible with open-bottom or half-coverage cases.
- **Charging port is blocked:** Ensure the ultra-thin tether tab is lying flat and not interfering with the charging cable connection. If it is, slightly adjust its position within the case.
- **Hook appears damaged:** Discontinue use immediately if the zinc alloy hook shows any signs of damage, bending, or weakness. Contact customer support for assistance.
