

## Jxrev J53

# Jxrev J53 Bluetooth Earbuds User Manual

Model: J53

## 1. INTRODUCTION

Thank you for choosing the Jxrev J53 Bluetooth Earbuds. This manual provides detailed instructions on how to set up, operate, and maintain your earbuds to ensure optimal performance and longevity. Please read this manual carefully before using the product.

## 2. PACKAGE CONTENTS

Ensure all items are present in your package:

- Jxrev J53 Bluetooth Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- User Manual
- Eartips (various sizes)

## 3. PRODUCT OVERVIEW

The Jxrev J53 earbuds are designed for comfort and high-quality audio. Each earbud weighs only 3g, making them lightweight and comfortable for extended wear. The charging case features a smart dual LED digital display to show battery status.

## 4. CHARGING

---

Before first use, fully charge the earbuds and the charging case.

### 4.1 Charging the Earbuds

1. Place the earbuds into the charging case. Ensure they are correctly seated.
2. The LED indicators on the charging case will show the charging status of each earbud.

### 4.2 Charging the Case

1. Connect the USB-C charging cable to the charging port on the case and to a power source.
2. The smart dual LED digital display on the case will show the charging progress.

A full charge for the case and earbuds takes approximately 1.5 hours. The earbuds provide up to 8 hours of playtime on a single charge, and the charging case offers an additional 4 charges, totaling up to 40 hours of playtime.

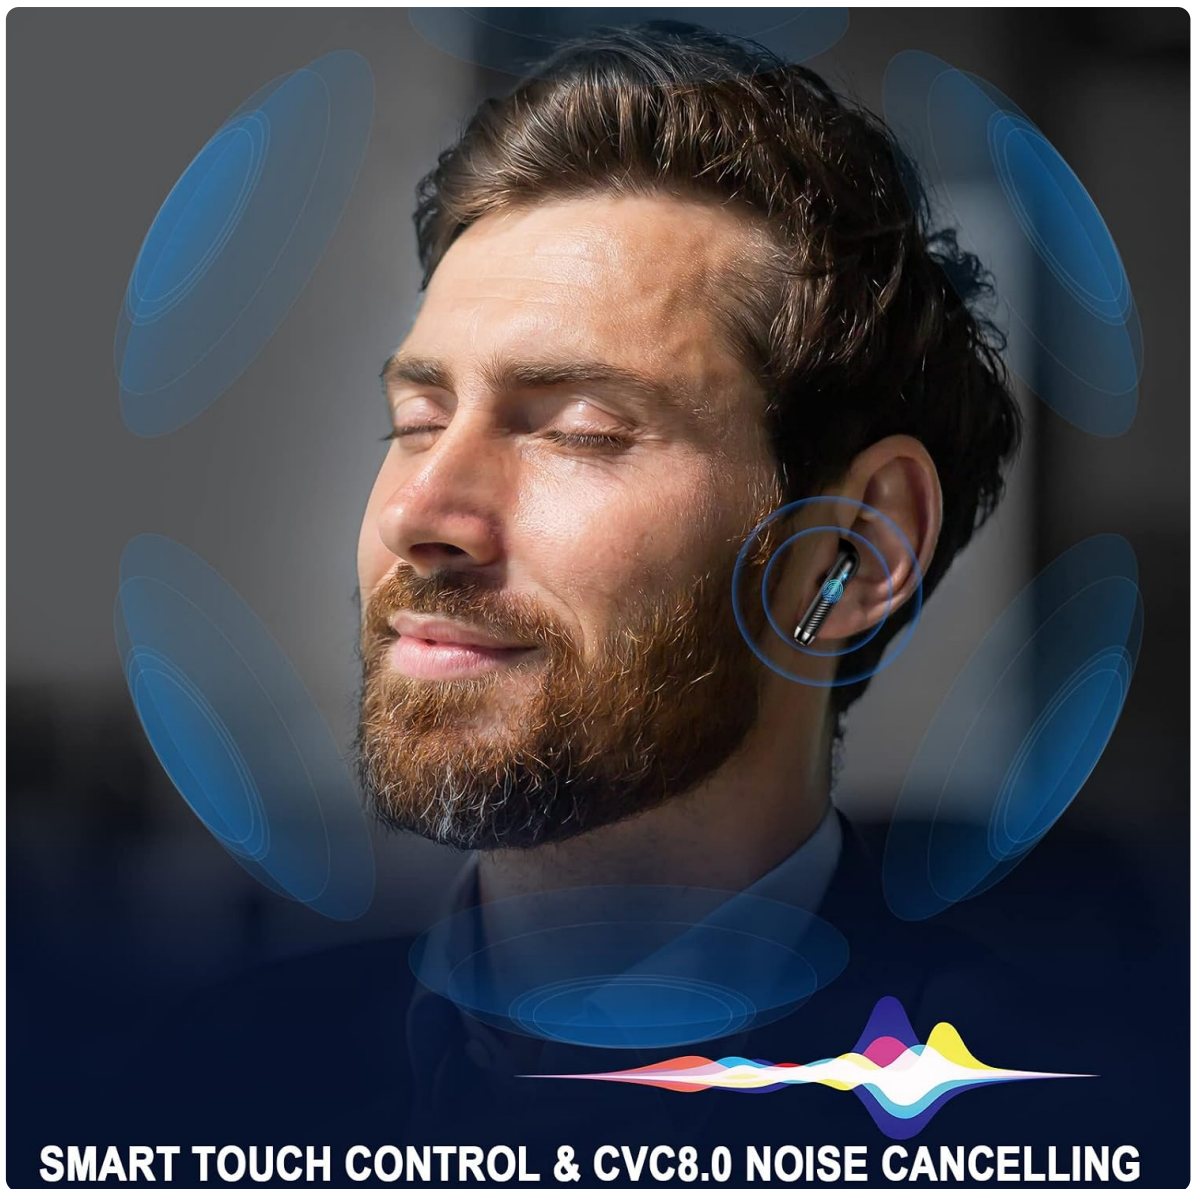

Image: Diagram illustrating the Jxrev J53 earbuds' battery life: 8 hours for earbuds, 40 hours total with the charging case, and 1.5 hours for a full recharge. This graphic explains the battery performance and charging duration.

## 5. SETUP & PAIRING

The Jxrev J53 earbuds feature one-step pairing for convenience.

### 5.1 Initial Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for "J53" in the list of available Bluetooth devices and select it to connect.
5. Once connected, you will hear a confirmation tone, and the device will show "J53" as connected.

### 5.2 Automatic Reconnection

After the initial pairing, the earbuds will automatically connect to the last paired device when you open the charging case and remove them. When placed back into the case, they will automatically disconnect.

# ADVANCED BLUETOOTH 5.4

Connecting and pairing in 1 second once you open the charging case.

## 6. WEARING THE EARBUDS

For optimal sound quality and comfort, ensure the earbuds are correctly positioned in your ears.

1. Identify the Left (L) and Right (R) earbuds.
2. Gently insert each earbud into your ear canal.
3. Rotate the earbud slightly until it fits snugly and comfortably. The recommended insertion angle is 45 degrees.
4. Choose the appropriate eartip size for the best seal and sound experience.

## 8. BLUETOOTH TECHNOLOGY

---

The Jxrev J53 earbuds are equipped with advanced Bluetooth 5.4 technology. This version offers improved channel classification compared to Bluetooth 5.3, optimizing Adaptive Frequency Hopping (AFH) for better interference management. It also includes updated broadcast data encryption for enhanced security. The wireless range is up to 10 meters (33 feet).

## 9. AUDIO FEATURES

---

Experience high-fidelity audio with the Jxrev J53 earbuds.

### 9.1 HiFi Stereo Sound

The earbuds feature a high-quality chip with audio codecs and premium 13mm dynamic drivers. These components work together to capture sound details, delivering an audio experience closer to the original

recording.

## 13MM DRIVER FOR DEEP BASS

## 10. WATER RESISTANCE

---

The Jxrev J53 sports Bluetooth earbuds are nano-coated and certified with an IP7 waterproof rating. This means they are resistant to rain drops and sweat, making them suitable for workouts and outdoor activities. **Note:** The charging case is not waterproof.

## 11. MAINTENANCE

---

Proper maintenance ensures the longevity and performance of your earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Do not use abrasive cleaners or immerse the charging case in water.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place.
- **Battery Care:** To preserve battery life, avoid fully discharging the earbuds and case frequently. Charge them regularly, even if not in constant use.

## 12. TROUBLESHOOTING

---

If you encounter any issues, please refer to the following common problems and solutions:

### Common Issues and Solutions

| Problem                                 | Solution                                                                                                                                                                                                                                                                                                                                       |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Earbuds not pairing</b>              | <ul style="list-style-type: none"><li>◦ Ensure earbuds are charged.</li><li>◦ Place earbuds back in the case, close it, then open it again to re-enter pairing mode.</li><li>◦ Turn off and on Bluetooth on your device.</li><li>◦ Forget "J53" from your device's Bluetooth list and try pairing again.</li></ul>                             |
| <b>Only one earbud working</b>          | <ul style="list-style-type: none"><li>◦ Ensure both earbuds are charged.</li><li>◦ Place both earbuds back in the charging case, close the lid, wait a few seconds, then open it and remove them.</li><li>◦ Reset the earbuds (refer to specific reset instructions if available in a full manual, otherwise try re-pairing).</li></ul>        |
| <b>Low volume or poor sound quality</b> | <ul style="list-style-type: none"><li>◦ Adjust the volume on both your device and the earbuds.</li><li>◦ Ensure earbuds are properly seated in your ears and you are using the correct eartip size.</li><li>◦ Clean any debris from the earbud mesh.</li><li>◦ Ensure there are no obstructions between the earbuds and your device.</li></ul> |
| <b>Earbuds not charging</b>             | <ul style="list-style-type: none"><li>◦ Ensure the charging cable is securely connected to both the case and the power source.</li><li>◦ Check if the charging case itself has power.</li><li>◦ Clean the charging contacts on both the earbuds and the case.</li></ul>                                                                        |
