

Hasuit LBB-04

Hasuit LBB-04 Low Bunk Bed Twin Over Twin Instruction Manual

Model: LBB-04

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Hasuit LBB-04 Low Bunk Bed Twin Over Twin. Please read all instructions carefully before assembly and use to ensure safe and proper operation of the product. Keep this manual for future reference.

SAFETY INFORMATION

Important Safety Warnings:

- Ensure the bed is assembled correctly using the provided instructions.
- Always follow the age recommendations for each bunk level: the upper twin bunk bed is suitable for children aged 4-6; the lower bunk twin bed is designed for infants and toddlers aged 1-3 to prevent falls.
- Do not allow children to play or climb on the guardrails or ladder.
- Keep the area around the bed clear of toys and other objects to prevent tripping hazards.
- Never leave children unattended while they are sleeping or playing on the bed.
- Attach the bunk bed to the wall with the anti-tip device to add stability and safety.

Anti-Tipping Device

Attach the bunk bed to the wall with anti-tip device to add stability and safety.

PRODUCT FEATURES

- **Age-Wise L-Shaped Design:** This L-shaped low bunk bed is designed for space efficiency, fitting perfectly into room corners. The upper twin bunk features full-height enclosed guardrails for children aged 4-6, while the lower bunk is a floor-level bed base for infants and toddlers aged 1-3, preventing falls and enhancing safety.
- **Integrated Toy Storage:** The bunk bed includes a fun, open storage design with vibrant three-tone, angled semi-open fabric compartments. These can hold small toys, building blocks, books, clothes, and socks. Storage bins with elastic cord sides allow for vertical stacking of medium to large toys, promoting organization.
- **Smart RGB LED Lighting:** An RGB LED light strip is mounted above the storage area, illuminating toys and enhancing the play area ambiance. It can be controlled via a button or an app, offering over 60,000 colors and 29 flash modes. Brightness, colors, modes (Style, Music, Mic Mode), and timers are customizable. The LEDs sync to music, creating various atmospheres.
- **Comprehensive Safety Design:** Features include a 13.4-inch reinforced full-length guardrail, a customized heavy-duty anti-tip kit, and an extra-sturdy square metal frame for long-term stability. Non-slip floor protectors are included. The sturdy angled ladder has soft foam-wrapped steps for slip resistance and cushioning.
- **Easy Assembly:** The bunk bed comes with a detailed instruction manual, clearly numbered parts, and all necessary assembly tools for quick and easy setup.

SETUP AND ASSEMBLY

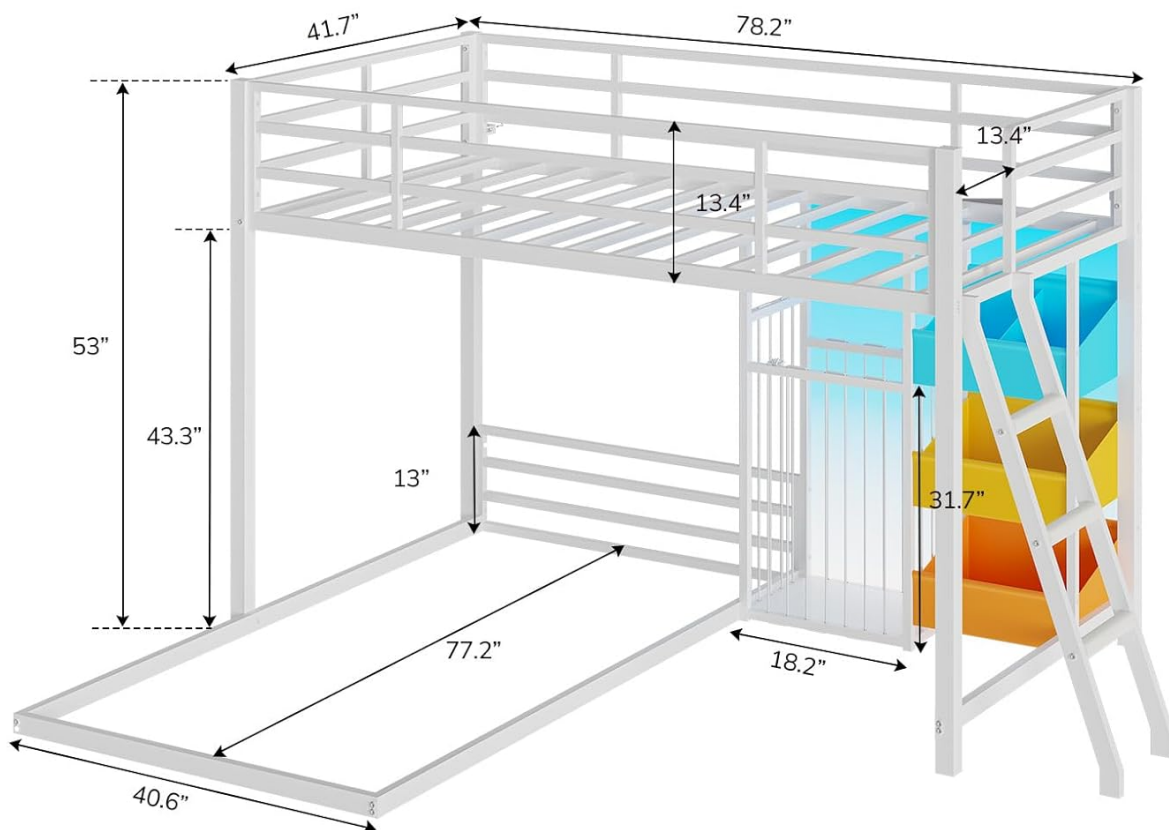

The Hasuit LBB-04 bunk bed is designed for easy assembly. Please follow these general guidelines and refer to the detailed assembly manual included with your product:

1. **Unpack Components:** Carefully unpack all parts and hardware from the packaging. Verify that all components listed in the included parts list are present.
2. **Review Manual:** Read the entire assembly manual provided with your product before beginning. Pay close attention to diagrams and step-by-step instructions.
3. **Prepare Workspace:** Assemble the bed in the room where it will be used. Ensure you have enough space and a clean, flat surface.
4. **Assemble Frame:** Follow the numbered steps in the manual to assemble the metal frame, ensuring all connections are secure.

5. **Install Slats:** The bed features snap-in mounting for slats. Ensure they are correctly seated to provide a stable mattress foundation.
6. **Attach Guardrails and Ladder:** Securely attach the full-length guardrails to the upper bunk and the angled ladder. Ensure the foam pads on the ladder steps are correctly positioned.
7. **Install Anti-Tipping Device:** For maximum safety, attach the anti-tipping device to the wall as instructed in the manual.
8. **Place Storage Bins:** Position the fabric storage bins in their designated areas.
9. **Connect LED Lights:** Install and connect the RGB LED light strip according to the instructions.

If you encounter any difficulties during assembly, refer to the troubleshooting section or contact customer support.

OPERATING INSTRUCTIONS: RGB LED LIGHTING

The integrated RGB LED light strip offers customizable illumination for the storage area. It can be controlled via a physical button or a dedicated mobile application.

Button Control:

- **Power On/Off:** Press the button once to turn the lights on or off.
- **Change Color/Mode:** Subsequent presses of the button will cycle through various colors and pre-set flash modes.
- **Adjust Brightness:** Hold the button down to adjust the brightness level. Release when the desired brightness is reached.

App Control:

For advanced customization, download the official Hasuit LED control app (refer to the included manual for app name and download instructions).

- **Color Selection:** Choose from over 60,000 colors.
- **Flash Modes:** Select from 29 flash modes, including dynamic effects.
- **Customization:** Adjust brightness, create custom color sequences, and set timers for automatic on/off.
- **Music Sync:** Utilize Style, Music, and Mic Modes to synchronize the lights with audio, creating a dynamic atmosphere.

Ensure the LED light strip is properly connected to its power source for functionality.

MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bunk bed.

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fabric Bins:** The fabric storage bins can be spot cleaned with a mild detergent and water. Allow to air dry completely.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Guardrails and Ladder:** Inspect guardrails and ladder for any signs of wear or damage. Ensure they are securely attached.
- **LED Lights:** Keep the LED strip clean and free of dust. If issues arise, check connections before contacting support.

TROUBLESHOOTING

If you encounter issues with your Hasuit LBB-04 bunk bed, refer to the following common solutions:

Stability Issues:

- **Wobbling:** Check all assembly bolts and screws. Ensure they are fully tightened. Verify that the anti-tipping device is securely installed and attached to the wall.
- **Unevenness:** Ensure the bed is placed on a flat, level surface. Adjust non-slip floor protectors if necessary.

LED Lights Not Working:

- **No Power:** Check if the LED strip is properly plugged into a power source. Ensure the power adapter is functioning.
- **No Light:** Verify all connections to the LED strip and controller are secure. If using app control, ensure Bluetooth/Wi-Fi connection is active and the app is updated.
- **Incorrect Colors/Modes:** Reset the LED controller by unplugging and replugging it, then try button or app control again.

Missing or Damaged Parts:

- If you find any parts missing or damaged upon arrival, do not proceed with assembly. Contact Hasuit customer support immediately for assistance.
