2. Safety Information

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- Read all instructions before installing the fan.
- Ensure the installation location is suitable for a ceiling fan and can support the fan's weight.
- All wiring must be in accordance with national and local electrical codes. Consult a qualified electrician if you are unsure about wiring.
- Disconnect power at the circuit breaker before installation or servicing.
- Do not operate the fan with damaged blades or housing.
- Keep hands, clothing, and other objects away from rotating fan blades.
- This fan is suitable for indoor use and covered outdoor spaces such as patios and porches. It is not designed to be exposed to direct rainfall or standing water.

3. Package Contents

Verify that all components are present before beginning installation. If any parts are missing or damaged, contact customer service.

- Ceiling Fan Motor Housing (Gold)
- 5 Carved Solid Wood Blades
- Integrated LED Light Kit
- Remote Control with Wall Stand
- Mounting Hardware Kit
- Instruction Manual

4. Specifications

Brand	WINGBO
Model Number	SYCF5415
Size	54 inches
Colour	Gold and Wood
Power Source	DC Motor
Number of Blades	5
Blade Material	Wood
Number of Speeds	6
Light Features	Dimmable, 3 Color Temperatures (3CCT)
Control Method	Remote Control
Mounting Type	Flush Mount
Product Dimensions (D x W x H)	137.2D x 137.2W x 28.5H Centimetres
Recommended Room Size	12 ft x 12 ft to 18 ft x 18 ft

5. Setup and Installation

This flush mount ceiling fan is designed for easy installation. All necessary mounting hardware is included in the box. For detailed step-by-step instructions, please refer to the separate installation guide provided with your product. Ensure power is disconnected at the circuit breaker before beginning installation.

The fan is suitable for various rooms including bedrooms, living rooms, kitchens, home offices, and covered outdoor spaces. Ensure the chosen location is protected from direct rainfall and standing water.

6. Operating Instructions

6.1 Remote Control Overview

Your WINGBO ceiling fan comes with a multi-function remote control for convenient operation. A wall stand is included for easy storage.

Image 4: The remote control for the WINGBO ceiling fan, detailing its various buttons and their functions.

1. **Fan OFF:** Turns the fan off.
2. **Natural Wind:** Activates the natural wind mode.
3. **Speed of the fan (1-6):** Adjusts fan speed from 1 (lowest) to 6 (highest).
4. **Forward/Reverse:** Changes the direction of blade rotation.
5. **Fan timer (1H, 4H, 8H):** Sets the auto-off timer.
6. **Warm light:** Activates warm light (3000K).
7. **White light:** Activates neutral light (4000K).
8. **Cold light:** Activates cold light (6000K).
9. **Brightness control switch:** Adjusts light brightness (stepless dimming).
10. **Light ON/OFF:** Turns the light on or off.

6.2 Fan Speed Control

The fan features 6 adjustable speeds to suit various scenarios and seasons. Use the speed buttons (1-6) on the remote control to select your desired airflow.

- **1-2 Speeds:** Soft Wind, ideal for sleeping.
- **3-4 Speeds:** Natural Wind, suitable for daily activities.
- **5-6 Speeds:** Strong Wind, for maximum cooling.

Image 5: Visual representation of the 6 adjustable fan speeds and their corresponding comfort levels.

6.3 Reversible DC Motor

The fan's DC motor allows for reversible blade rotation, optimizing comfort and energy efficiency throughout the year.

- **Counter-clockwise rotation (Summer):** Creates a downward airflow, providing a cooling effect.
- **Clockwise rotation (Winter):** Circulates warm air trapped near the ceiling, helping to reduce heating costs.

Image 6: Illustration demonstrating the reversible motor function for seasonal comfort.

6.4 Light Control (Dimmable 3CCT)

The integrated LED light offers three color temperatures (3CCT) and stepless dimming to create the perfect ambiance.

- **Warm Light (3000K):** Ideal for cozy evenings.
- **Neutral Light (4000K):** Balanced light for general use.
- **Cold Light (6000K):** Bright light for focused tasks.

Use the dedicated buttons (Warm, White, Cold) to select the color temperature and the brightness control switch for stepless dimming (20%-100%). The fan also features a memory function that recalls your last light choice.

Image 7: Visual guide to the three color temperatures and dimming capabilities of the fan's integrated light.

6.5 Timer and Natural Wind Mode

The fan includes an auto-off timer and a natural wind mode for enhanced comfort.

- **Timer Setting (1H, 4H, 8H):** Set the fan to automatically turn off after 1, 4, or 8 hours. This is useful for overnight operation.
- **Natural Wind Mode:** Mimics soothing, variable outdoor breezes, promoting a more restful sleep.

Image 8: The WINGBO ceiling fan operating quietly, emphasizing its low noise (35dB), timer setting, and soft wind features for undisturbed sleep.

6.6 General Operation Video

Watch this short video to see the WINGBO ceiling fan in operation, demonstrating its light and speed adjustments.

Video 1: A short preview demonstrating the WINGBO ceiling fan's light color temperature changes, dimming, and fan speed adjustments.

7. Maintenance

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Periodically wipe the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Check the fan blades for any signs of damage or looseness. Ensure all screws are tightened securely.
- **Light Source:** The LED light source is integrated and designed for long life. Do not attempt to replace the LED bulbs

yourself.

- **Motor:** The DC motor is maintenance-free and does not require lubrication.

Always disconnect power to the fan at the circuit breaker before performing any cleaning or maintenance.

8. Troubleshooting

If you experience issues with your WINGBO ceiling fan, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Ensure all connections are secure; Replace remote control battery.
Light does not work	No power to the light; Loose wire connections; LED driver issue.	Check circuit breaker; Ensure all connections are secure; Contact customer support if LED driver is suspected.
Fan wobbles	Loose blades or mounting hardware; Unbalanced blades.	Tighten all screws; Ensure blades are securely attached; Use a balancing kit (not included) if necessary.
Remote control not working	Battery low or incorrectly installed; Remote not paired with fan.	Replace battery, ensuring correct polarity; Refer to pairing instructions in the separate installation guide.

If the problem persists after attempting these solutions, please contact WINGBO customer support for further assistance.

9. Warranty and Support

For warranty information and customer support, please refer to the documentation included with your purchase or visit the official WINGBO website. Keep your proof of purchase for warranty claims.
