HOOBRO BF01HJ01

HOOBRO 7-Tier Corner Plant Stand with Grow Light Instruction Manual

Model: BF01HJ01

INTRODUCTION

Thank you for choosing the HOOBRO 7-Tier Corner Plant Stand. This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your new plant stand. Please read this manual carefully before assembly and retain it for future reference.

This plant stand is designed to efficiently utilize corner spaces, providing a multi-tiered display for your indoor plants. It features a robust metal frame, durable particleboard shelves, and an integrated adjustable grow light system to support plant growth.

SAFETY INFORMATION

- Always assemble the product on a clean, flat, and soft surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten if necessary.
- Do not overload the shelves. Refer to the 'Specifications' section for weight limits per shelf.
- Keep small parts and packaging materials away from children and pets to prevent choking hazards.
- Use the included anti-tip devices to secure the plant stand to a wall, especially if children or pets are present.
- Do not expose the grow light unit to water or excessive moisture.
- Unplug the grow light from the power source before cleaning or performing any maintenance.

PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Particleboard Shelves (7 pieces)
- Metal Frame Supports (various lengths and shapes)
- Grow Light Unit (3-head adjustable light with controller)
- Assembly Hardware (screws, nuts, bolts, Allen wrench)
- EVA Anti-slip Pads

- Anti-tip Device Kit
- Instruction Manual

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your HOOBRO Corner Plant Stand.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a soft, clean surface. Refer to the parts list in the 'Package Contents' section and the included diagram (if any) to identify each piece.
2. **Assemble the Base Frame:** Begin by connecting the lower metal frame supports according to the provided diagrams. Use the appropriate screws and the Allen wrench to secure connections. Do not fully tighten screws until all parts are loosely assembled.
3. **Attach Vertical Supports:** Connect the vertical metal frame supports to the base. Ensure they are oriented correctly to form the corner structure.
4. **Install Shelves:** Attach the particleboard shelves to the metal frame at the designated positions. Each shelf should be securely fastened. Work your way up from the bottom tier.
5. **Install Grow Light Unit:** Mount the 3-head adjustable grow light unit to the top or upper sections of the frame as desired. Ensure the light heads can be adjusted to cover your plants. Route the power cable safely.
6. **Tighten All Fasteners:** Once all parts are in place, systematically tighten all screws and bolts. Ensure the stand is stable and does not wobble.
7. **Apply Anti-slip Pads:** Attach the EVA anti-slip pads to the bottom of the stand's feet to protect your floor and enhance stability.
8. **Secure with Anti-tip Device:** For added safety, attach the anti-tip device to the top rear of the plant stand and secure it to a wall stud or appropriate anchor point.

OPERATING INSTRUCTIONS (GROW LIGHT)

Your HOOBRO plant stand includes an integrated 3-head adjustable grow light designed to provide optimal lighting for your plants.

Grow Light Features:

- **Adjustable Heads:** Three flexible light heads can be positioned to direct light precisely where needed.
- **Brightness Levels:** 9 adjustable brightness settings (0% to 100%) to suit different plant needs and growth stages.
- **Lighting Modes:** 5 spectral modes (e.g., red, blue, full spectrum) to optimize photosynthesis.
- **Auto ON/OFF Timer:** Set the light to automatically turn on and off after 3, 9, or 12 hours.

Using the Controller:

The grow light is operated via an inline controller on the power cable.

1. **Power On/Off:** Press the power button () to turn the grow light on or off.
2. **Adjust Brightness:** Use the '+' and '-' buttons to cycle through the 9 brightness levels.
3. **Change Mode:** Press the 'M' button to switch between the 5 available spectral modes.
4. **Set Timer:** Press the 'Clock' button to select the desired auto ON/OFF timer (3H, 9H, or 12H). The light will automatically turn off after the set duration and turn on again at the same time the next day.

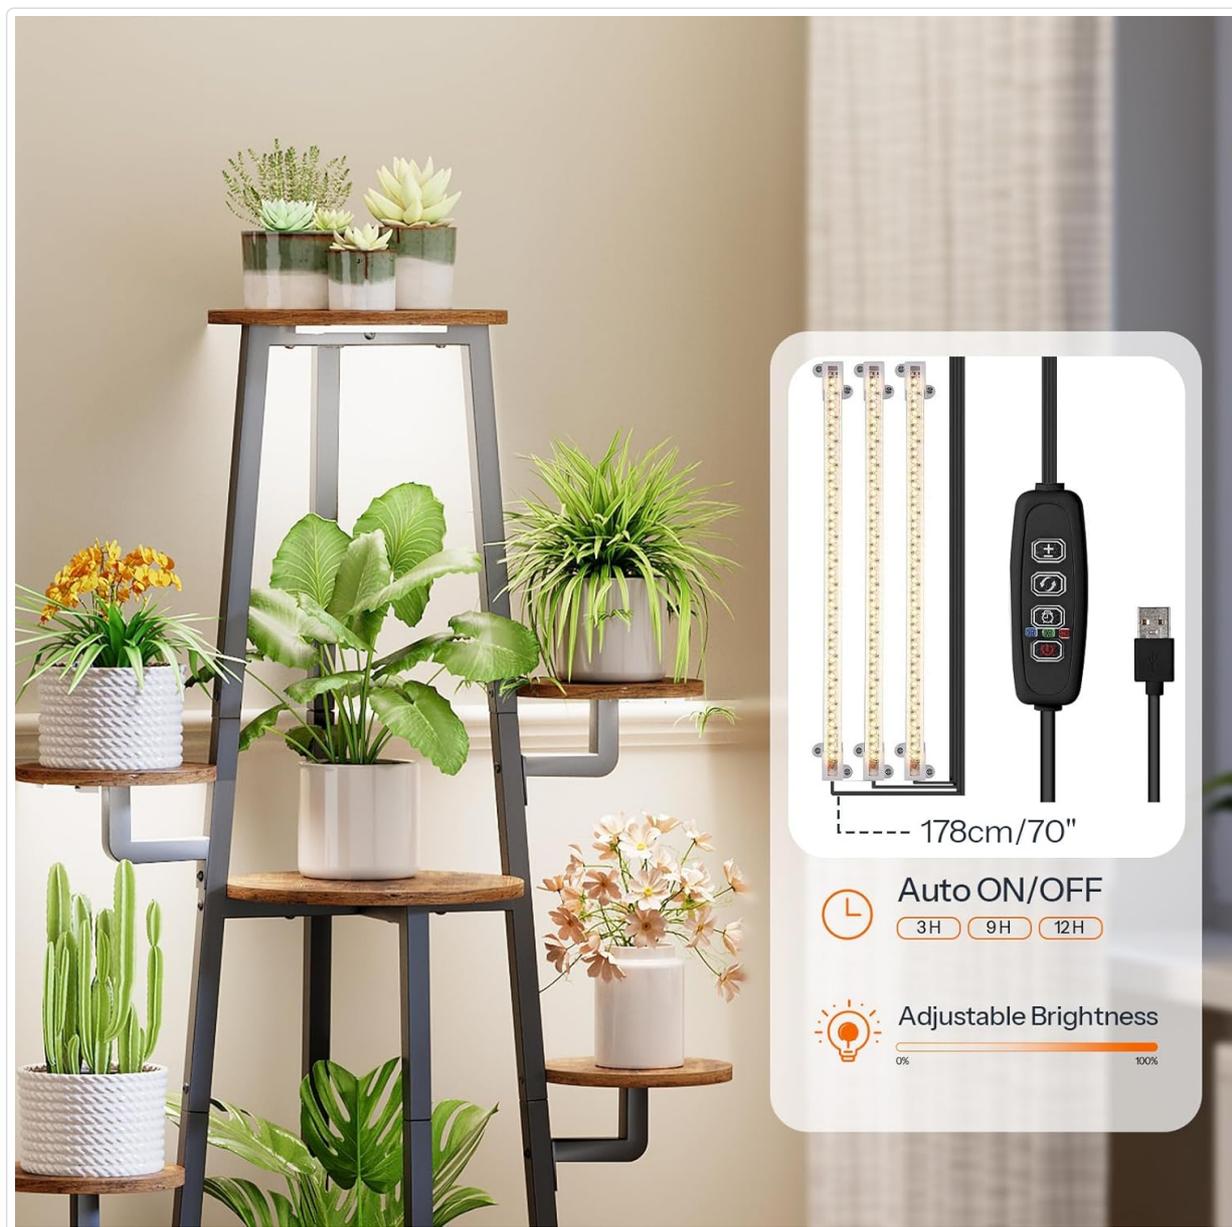

Image: Detailed view of the grow light controller, showing buttons for power, brightness adjustment, mode selection, and timer settings (3H, 9H, 12H).

MAINTENANCE

- **Cleaning:** Wipe the shelves and metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Ensure the grow light unit is unplugged before cleaning.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if any looseness is detected.
- **Grow Light Care:** Keep the grow light heads free from dust and debris to maintain optimal light output. Do not attempt to disassemble the grow light unit.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stand is wobbly after assembly.	Screws are not fully tightened; uneven floor surface.	Ensure all screws are tightened. Adjust the anti-slip pads or place shims under the feet to level the stand.
Grow light does not turn on.	Not plugged in; power outlet issue; light unit malfunction.	Check if the power adapter is securely plugged into a working outlet. Ensure the power button on the controller is pressed. If the issue persists, contact customer support.
Grow light timer not working correctly.	Timer not set properly; power interruption.	Re-set the timer by pressing the 'Clock' button to the desired duration. Ensure continuous power supply.

SPECIFICATIONS

- **Model:** BF01HJ01
- **Dimensions:** Approximately 47.2 inches (H) x [Width] x [Depth] (Specific width and depth dimensions are not provided)
- **Tiers:** 7
- **Material:** Particleboard, Metal Frame
- **Color:** Black and Rustic
- **Grow Light:** 3-head adjustable, 9 brightness levels, 5 spectral modes, 3/9/12H auto ON/OFF timer
- **Weight Capacity:** (Specific weight capacity per shelf is not provided; distribute weight evenly)
- **Features:** Corner-adaptive design, EVA anti-slip pads, anti-tip devices.
