

JZG For Samsung Galaxy S10 Plus

JZG Screen Protector for Samsung Galaxy S10 Plus Instruction Manual

Model: For Samsung Galaxy S10 Plus

INTRODUCTION

This manual provides comprehensive instructions for the JZG Screen Protector and Camera Lens Protector designed specifically for the Samsung Galaxy S10 Plus. Please read these instructions carefully before installation and use to ensure optimal performance and protection for your device.

SETUP AND INSTALLATION

Proper installation is key to the performance of your screen protector. Follow these steps carefully.

Included Components:

- 2x Screen Protectors
- 2x Camera Lens Protectors
- 1x Alignment Tool
- 2x Installation Kits (each typically contains wet wipes, dry wipes, dust absorbers)

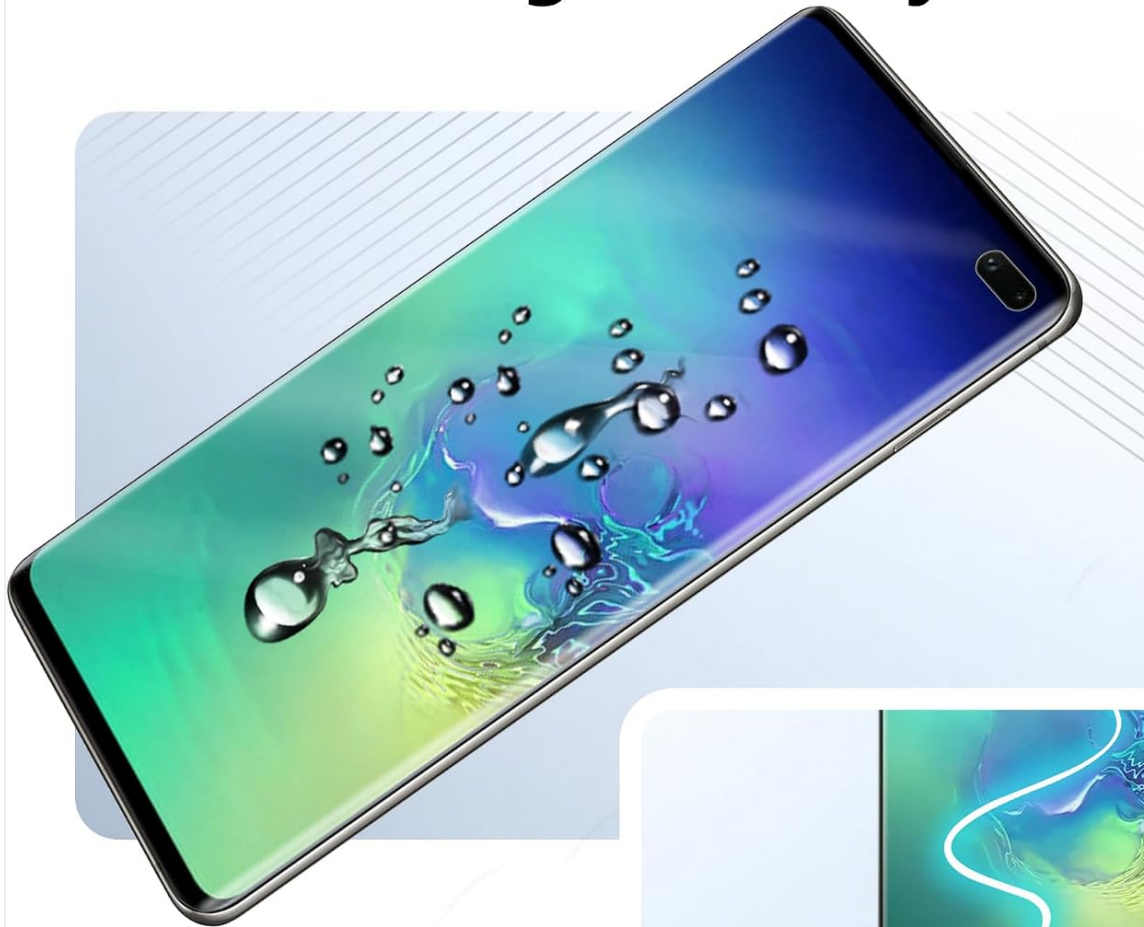

Figure 1: Overview of JZG screen protector features and included items.

Installation Steps:

1. **Clean the Screen:** Use the provided wet wipe to thoroughly clean your phone's screen. Follow with the dry wipe to remove any moisture.
2. **Remove Dust:** Use the dust absorber sticker to remove any remaining dust particles from the screen. Ensure the screen is completely free of dust before proceeding.
3. **Align the Protector:** Place the alignment tool onto your phone. Carefully align the screen protector with the alignment tool and the phone's camera cutout.
4. **Apply the Protector:** Slowly lower the screen protector onto the phone screen. Use the provided squeegee or a similar flat object to gently push out any air bubbles from the center outwards.
5. **Remove Alignment Tool:** Once the screen protector is applied, carefully remove the alignment tool.
6. **Final Touches:** If any small bubbles remain, gently push them towards the edges. Minor bubbles may disappear naturally within 24-48 hours.
7. **Install Camera Lens Protector:** Clean the camera lens area with a wet and dry wipe, then apply the camera lens

protector, ensuring proper alignment.

OPERATING FEATURES

The JZG screen protector offers several features to enhance your Samsung Galaxy S10 Plus experience.

- **SensorFit Film:** The ultra-thin soft film is designed for high compatibility with the under-screen fingerprint sensor, ensuring accurate and smooth one-touch unlocking without interference.
- **Smooth & Anti-Fingerprint:** The surface repels greasy fingerprints, maintaining a clean and clear display.
- **Curved Full Coverage:** Precision-crafted to cover the curved edges of the Samsung Galaxy S10 Plus, preventing edge lifting and ensuring compatibility with most phone cases.
- **HD Enjoyment:** High light transmission material provides crystal-clear visuals and maintains the original display quality.

MAINTENANCE

To maintain the longevity and clarity of your screen protector, follow these guidelines.

- **Self-Healing Technology:** The screen protector features Nano Rebound Technology, which can repair minor scratches automatically within approximately 10 seconds, resisting daily wear and tear.
- **Cleaning:** For routine cleaning, gently wipe the screen with a soft, lint-free cloth. For stubborn smudges, a slightly damp cloth (water only) can be used, followed by a dry wipe. Avoid harsh chemicals.
- **Camera Lens Protection:** The included camera lens protector safeguards your device's camera from drops and bumps.

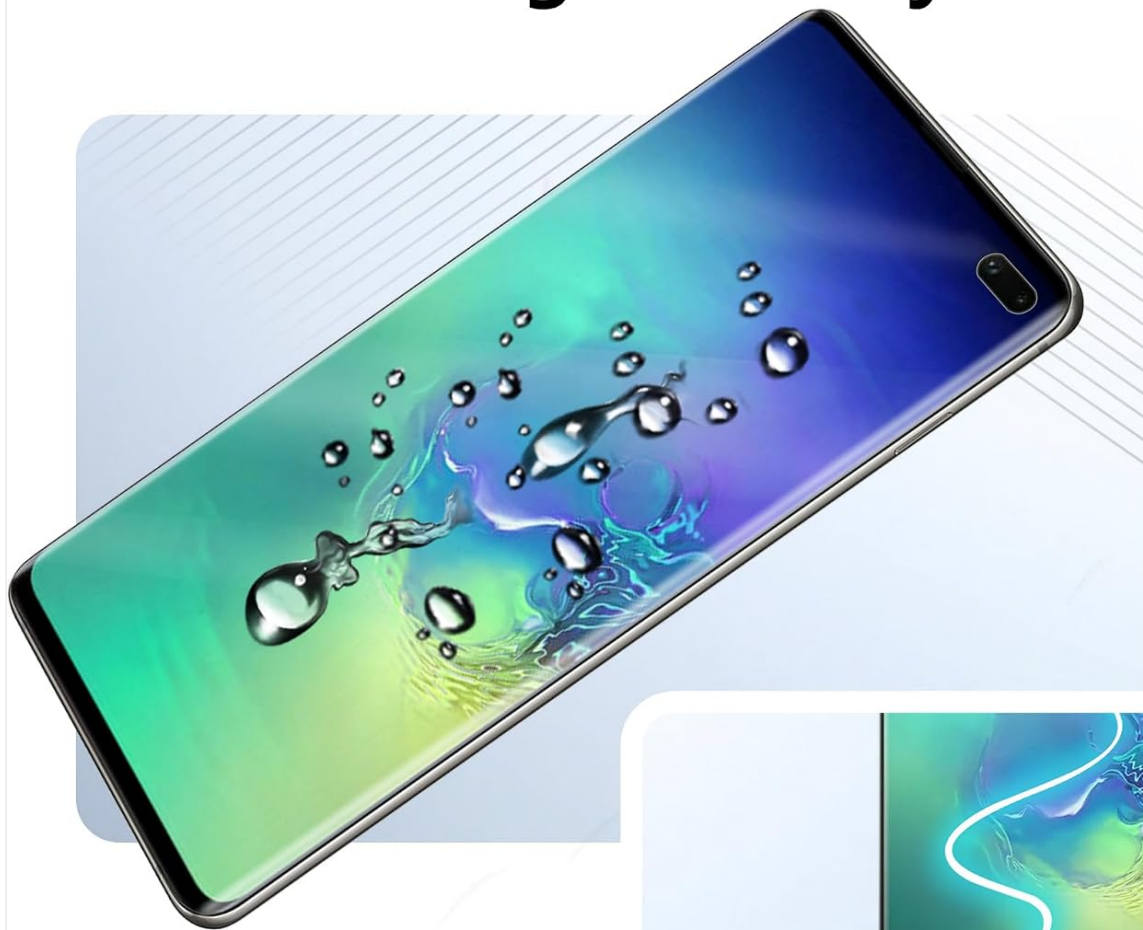

Ultimate Shield

Safeguard your **camera lens** against
unexpected drops and bumps.

TROUBLESHOOTING

Common issues and their solutions.

• Bubbles After Installation:

- Small bubbles often disappear naturally within 24-48 hours.
- For larger bubbles, gently lift the nearest edge of the protector and re-apply, pushing the bubble out with a squeegee.
- Refer to Video 3 in the Setup section for bubble removal techniques.

- **Fingerprint Sensor Not Working:**

- Ensure the screen protector is applied correctly over the sensor area without air bubbles.
- After installation, re-register your fingerprints in your phone's settings for optimal performance.
- Increase touch sensitivity in your phone's display settings if available.

- **Dust Under the Protector:**

- This usually occurs if the screen was not thoroughly cleaned before application.
- Carefully lift the corner closest to the dust particle using a dust removal sticker or a piece of tape. Use another dust removal sticker to dab the dust off the screen and the underside of the protector. Re-apply the protector.
- Refer to Video 2 in the Setup section for dust removal techniques.
