SUNVIVI ZER007

SUNVIVI 14QT Roasting Pan

Instruction Manual - Model ZER007

Brand: SUNVIVI

INTRODUCTION

Thank you for choosing the SUNVIVI 14QT Roasting Pan. This pan is designed for versatile cooking, offering superior heat distribution and a non-stick surface for various culinary tasks. It serves as an ideal replacement or accessory for Sunvivi Electric Roaster Ovens and is suitable for use in conventional ovens. Please read this manual thoroughly before first use to ensure proper operation and maintenance.

SAFETY INSTRUCTIONS

- Always use oven mitts or heat-resistant gloves when handling the hot roasting pan.
- Do not place the hot pan directly on unprotected surfaces; use a trivet or heat-resistant mat.
- Ensure the pan is stable when placed in the oven or on a stovetop (if applicable for specific models, though this model is primarily for roasting).
- Avoid using metal utensils that can scratch the non-stick enamel coating. Use wooden, silicone, or plastic utensils.
- Keep out of reach of children when hot.
- Do not expose the pan to extreme temperature changes, such as placing a hot pan under cold water, as this may cause warping or damage to the enamel.

SETUP

1. **Unpacking:** Carefully remove the roasting pan from its packaging. Inspect for any damage during transit.
2. **Initial Cleaning:** Before first use, wash the pan thoroughly with warm, soapy water. Rinse completely and dry with a soft cloth. This removes any manufacturing residues.
3. **Placement:** When using with a Sunvivi Electric Roaster Oven, ensure the pan fits securely within the roaster's heating element area. For conventional ovens, place the pan on a sturdy oven rack.

OPERATING INSTRUCTIONS

The SUNVIVI 14QT Roasting Pan is designed for a variety of cooking methods, including roasting, baking, simmering, and stewing. Its robust construction ensures even heat distribution for consistent results.

Roasting Pan

Elevate your cooking with our durable roaster pan, expertly designed for both

performance and convenience

Solid Frame

Long-Lasting
Durability

Ultra Easy
Washing

Heat Safe

Heats up
to 450°

Large Capacity

Can Hold 10-30lbs
Turkey

Image: Key features of the roasting pan, including its solid frame, non-stick surface, heat safety up to 450°F, and large capacity for turkeys up to 30 lbs.

General Use:

- **Oven Compatibility:** This pan is oven safe up to 450°F (260°C).
- **Roasting:** Ideal for roasting large cuts of meat, such as turkey (up to 20-30 pounds), chicken, or beef. For best results, preheat your oven to the desired temperature before placing the pan inside.
- **Baking:** Suitable for casseroles, lasagna, and other baked dishes.
- **Simmering & Stewing:** The pan's depth makes it excellent for preparing soups, stews, and sauces.
- **Non-Stick Surface:** The high-gloss, non-porous enamel coating helps prevent food from sticking, making cooking and cleanup easier. While non-stick, a small amount of cooking oil or spray can be used for certain recipes.

Image: Examples of diverse meals that can be cooked in the pan, such as bean soup, sauces, pet food, pot roasts, and whole turkeys.

Using with Sunvivi Electric Roaster Ovens:

This roasting pan is designed as a direct replacement or accessory for Sunvivi Electric Roaster Ovens. Ensure you select the correct size (14QT) for your specific roaster model to guarantee a proper fit and optimal performance. A snug fit is crucial for efficient heat transfer and cooking.

CARE AND MAINTENANCE

Proper care will extend the life and performance of your SUNVIVI Roasting Pan.

Cleaning:

- **Hand Washing:** Allow the pan to cool completely before cleaning. Wash with warm, soapy water and a soft sponge or cloth. Avoid abrasive cleaners, scouring pads, or steel wool, as these can damage the enamel coating.
- **Dishwasher Safe:** The pan is dishwasher safe for convenient cleaning. Place it on the bottom rack for best results.
- **Stubborn Food:** For baked-on food, soak the pan in warm, soapy water for 15-30 minutes before gently scrubbing.

Dishwasher Safe

for effortless cleanup

Image: The roasting pan positioned in a dishwasher, confirming its suitability for machine washing.

Storage:

- Ensure the pan is completely dry before storing to prevent water spots or potential rust on any exposed metal parts.
- Store in a dry place. If stacking with other cookware, place a soft cloth or paper towel between pans to protect the non-stick surface.

TROUBLESHOOTING

- **Food Sticking:** Ensure you are using adequate cooking oil or liquid for your recipe. Avoid overheating an empty pan. For stubborn residue, soak the pan before cleaning.
- **Pan Does Not Fit Roaster Oven:** Verify that you have the correct 14QT size pan for your specific Sunvivi Electric Roaster Oven model. Different roaster oven models may require different pan sizes. Refer to your roaster oven's manual for compatible pan dimensions.
- **Scratches on Surface:** Avoid using metal utensils. Always use wooden, silicone, or heat-resistant plastic utensils to protect the enamel coating.

SPECIFICATIONS

Attribute	Detail
Model Number	ZER007
Product Dimensions (L x W x H)	21.3" x 14.2" x 4.8"
Color	Black
Material	Iron with Enamel Coating (Product Description states Iron + Enamel, Specifications state Stainless Steel. Following product description for material composition.)
