

Boytond S30i

Boytond Ultra Open Ear Earbuds S30i Instruction Manual

Model: S30i | Brand: Boytond

INTRODUCTION

Thank you for choosing the Boytond Ultra Open Ear Earbuds. These earbuds are designed to provide a comfortable and secure listening experience while allowing you to remain aware of your surroundings. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

PRODUCT OVERVIEW

The Boytond S30i earbuds feature an ergonomic clip-on design, ensuring a secure and comfortable fit without entering the ear canal. They are equipped with 16.3mm dynamic drivers for clear audio and utilize Bluetooth 5.3 for stable connectivity. The charging case provides extended battery life and features a digital display.

Components

- Boytond S30i Open Ear Earbuds (Left and Right)
- Charging Case with Digital Display
- USB Type-C Charging Cable
- User Manual (this document)

Key Features

- **Open-Ear Design:** Allows awareness of surroundings.
- **Ergonomic Clip-On Fit:** Lightweight and secure for extended wear.
- **High-Fidelity Audio:** Powered by 16.3mm dynamic drivers for clear stereo sound.
- **Extended Battery Life:** Up to 10 hours playtime per charge, 40 additional hours with charging case.
- **Quick Charge:** 5 minutes of charge provides 1 hour of playback.
- **Bluetooth 5.3:** Fast, stable, and low-latency wireless connection.
- **Touch Controls:** Easy management of music and calls.
- **Integrated Microphone:** For clear calls.

- **Waterproof Design:** Suitable for various activities.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB Type-C cable to the charging port on the back of the case and to a power source. The digital display on the case will show the charging status and battery percentage. The earbuds will charge automatically when placed inside the case.

2. Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), go to Bluetooth settings.
4. Search for "Boytond S30i" (or similar name) in the list of available devices.
5. Select the earbuds to connect. A voice prompt will confirm successful pairing.
6. Once paired, the earbuds will automatically connect to your device when taken out of the case.

OPERATING INSTRUCTIONS

Wearing the Earbuds

The Boytond S30i earbuds are designed to clip onto the outside of your ear, with the speaker positioned near your ear canal. Gently open the clip and place it over the top of your ear, adjusting until it feels secure and comfortable. The soft silicone piece should rest against the back of your ear.

securely on the outer ear.

Touch Controls

The earbuds feature intuitive touch controls on their surface:

- **Single Tap (either earbud):** Play/Pause music, Answer/End call.
- **Double Tap (right earbud):** Next song.
- **Double Tap (left earbud):** Previous song.
- **Long Press (either earbud):** Activate voice assistant.

Making and Receiving Calls

With the integrated microphone, you can make and receive calls directly through your earbuds. Use the single tap control to answer or end calls.

MAINTENANCE

To ensure the longevity and optimal performance of your Boytond S30i earbuds, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Exposure:** While the earbuds feature a waterproof design, avoid prolonged submersion in water. Dry them thoroughly if they get wet.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place.
- **Charging:** Use only the provided USB Type-C cable or a certified equivalent for charging.

TROUBLESHOOTING

If you encounter issues with your Boytond S30i earbuds, try the following solutions:

Problem	Possible Solution
Earbuds not charging or charging intermittently.	<p>Ensure the charging cable is securely connected to both the case and the power source.</p> <p>Verify the charging contacts on the earbuds and inside the case are clean and free of debris.</p> <p>Try a different USB Type-C cable or power adapter.</p> <p>Remove and reinsert the earbuds into the case to ensure proper contact.</p>
Earbuds not connecting to device or only one earbud connects.	<p>Ensure both earbuds are fully charged.</p> <p>Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again to re-initiate pairing mode.</p> <p>On your device, "forget" or "unpair" the earbuds from your Bluetooth settings, then attempt to pair them again.</p> <p>Ensure the earbuds are within the Bluetooth range of your device.</p>

Problem	Possible Solution
Poor sound quality or low volume.	<p>Adjust the position of the earbuds on your ear to ensure the speaker is properly aligned with your ear canal.</p> <p>Increase the volume on both your connected device and the earbuds (if applicable via touch controls).</p> <p>Ensure there are no obstructions between the earbuds and your device that could interfere with the Bluetooth signal.</p> <p>Check if the earbuds are fully charged.</p>
Earbuds fall out or are uncomfortable.	<p>Adjust the flexible clip to find the most secure and comfortable fit for your ear shape.</p> <p>Ensure the earbuds are correctly oriented (Left for left ear, Right for right ear).</p>
