SOFTSEA st82

SOFTSEA Twin Size Bunk Bed with Wardrobe and Storage

Model: st82 | Brand: SOFTSEA

INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your SOFTSEA Twin Size Bunk Bed. This bed features a built-in wardrobe, four storage drawers, an LED light, dual pegboards, and a hanging rod, designed to maximize space and functionality. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Weight Capacity:** The maximum weight capacity for each bed is 220 lbs. Do not exceed this limit.
- **Mattress Thickness:** Use only mattresses with a maximum thickness of 6 inches for the upper bunk to ensure proper guardrail height.
- **Guardrails:** Always ensure guardrails are securely in place on the upper bunk.
- **Ladder Safety:** Use the ladder for entry and exit from the upper bunk. Do not jump on the bed.
- **Assembly:** This product requires full assembly by two adults. Ensure all hardware is tightened securely before use. Periodically check and re-tighten hardware as needed.
- **Ventilation:** Ensure adequate ventilation around the bed, especially if using the wardrobe for clothing storage.
- **LED Light:** The LED light is for ambient lighting. Do not stare directly into the light.
- **Children:** Children under 6 years of age should not use the upper bunk.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present. If any parts are missing or damaged, please contact customer support.

- Bed Frame Components (Headboards, Footboards, Side Rails)
- Slats for both upper and lower bunks
- Ladder
- Wardrobe Unit Panels
- 4 Storage Drawers and their components
- Hanging Rod
- Dual Pegboards
- LED Light Strip
- Hardware Pack (screws, bolts, nuts, dowels, etc.)
- Assembly Tools (Allen wrench, etc.)

SETUP AND ASSEMBLY INSTRUCTIONS

This bunk bed requires full assembly by two adults. All necessary tools are included. Please follow these steps carefully.

Step 1: Unpack and Organize Components

Carefully unpack all boxes and lay out the components on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Group similar parts and hardware together.

Step 2: Assemble the Bed Frames

1. Attach the side rails to the headboards and footboards for both the upper and lower bunks. Ensure all connections are secure using the provided hardware.
2. Install the wooden slats onto the support beams of both bed frames. Ensure slats are evenly spaced and secured according to the instructions.

Step 3: Assemble the Wardrobe and Storage Unit

1. Assemble the main panels of the wardrobe unit, including the top, bottom, and side panels.
2. Install the internal shelves and the hanging rod within the wardrobe section.
3. Attach the dual pegboards to the designated sides of the wardrobe unit.
4. Assemble the four storage drawers. Insert the drawer slides into the wardrobe unit and attach the drawers.
5. Affix the LED light strip to the designated area within the wardrobe.

SIZE: INCH

Step 4: Combine Bed Frames and Wardrobe Unit

1. Carefully position the assembled lower bunk frame next to the wardrobe unit.
2. Lift and place the assembled upper bunk frame onto the designated supports on the lower bunk and the wardrobe unit. Ensure all connecting points are aligned.
3. Securely fasten the upper bunk to the lower bunk and the wardrobe unit using the provided hardware.
4. Attach the ladder to the upper bunk, ensuring it is stable and secure.

Step 5: Final Checks

Once assembly is complete, double-check all bolts, screws, and connections to ensure they are tight and secure. Place mattresses on both bunks. The recommended mattress thickness for the upper bunk is 6 inches.

OPERATING INSTRUCTIONS

Using the Storage Drawers

The four integrated drawers are designed for smooth operation. Pull the handles gently to open and push to close. Avoid overloading drawers to ensure longevity of the slides.

Image: View of the bunk bed showing the four storage drawers in an open position and the dual pegboards.

Using the Wardrobe and Hanging Rod

The built-in wardrobe provides space for hanging clothes on the rod and storing items on the internal shelves. The LED light illuminates the interior for convenience.

Using the LED Light

The LED light strip is typically operated by a small switch or touch sensor located near the light. Turn it on for added visibility within the wardrobe or as a subtle night light.

Using the Dual Pegboards

The pegboards on either side of the wardrobe allow for customizable storage using standard pegboard hooks (not included). These are ideal for hanging accessories, bags, or small decorative items.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain structural integrity and safety.
- **Wood Care:** Protect the wood and MDF surfaces from excessive moisture and direct sunlight to prevent warping or fading.

- **LED Light:** If the LED light stops working, check the power connection. If issues persist, contact customer support.

TROUBLESHOOTING

- **Squeaking Noises:** If the bed makes squeaking noises, check all hardware connections and tighten any loose bolts or screws. Ensure slats are properly seated.
- **Drawers Sticking:** If drawers are difficult to open or close, check for obstructions in the drawer slides. Ensure the drawer slides are clean and properly aligned.
- **LED Light Not Working:** Verify the power source and connections for the LED light. If the light still does not function, it may require replacement.
- **Instability:** If the bed feels unstable, immediately cease use and re-check all assembly steps, ensuring all components are correctly installed and tightened.

SPECIFICATIONS

Overall Dimensions	92.7"L x 40"W x 65"H
Bed Inner Space	Twin
Recommended Mattress Thickness	6 inches (for upper bunk)
Bed Weight Capacity	220 lbs per bunk
