OPERATING INSTRUCTIONS

Intelligent Charging Station

Each nightstand is equipped with an integrated charging station featuring 2 standard power outlets and 2 USB ports (5V/2A). This allows for simultaneous charging of multiple devices such as mobile phones, tablets, and laptops. The cable management hole on the back helps keep charging cables organized and out of sight, maintaining a tidy surface.

Adjustable LED Lighting

The integrated LED light strip offers customizable illumination. It supports dual control via the included remote control and a Bluetooth app (refer to the separate LED strip manual for app details). You can choose from 25 colors and 9 static modes. Adjust brightness and flashing modes to suit your preference. A timer function allows for scheduled on/off times, and a music-synchronized lighting function enables the lights to change with music, creating a dynamic atmosphere.

STORAGE FEATURES

Each nightstand provides ample storage space. It features two deep drawers (approximately 40 x 30 cm each) and an additional folding compartment. These spaces are suitable for storing cosmetics, books, and other daily essentials. The spacious tabletop can accommodate items like mobile phones, alarm clocks, and table lamps, fulfilling various bedside storage requirements.

TROUBLESHOOTING

- LED Strip Not Adhering:** If the LED strip begins to detach, ensure the surface is clean and dry before re-applying. For persistent issues, a strong double-sided adhesive tape can be used to secure it.
- Charging Ports Not Working:** Check if the nightstand is properly plugged into a wall outlet. Ensure devices are correctly connected to the USB ports or power outlets.
- Assembly Difficulties:** Refer to the detailed, illustrated instruction manual. If specific holes do not align, double-check the orientation of the parts. Do not force components; contact customer support if issues persist.
