

Thereye ER-SC06

Thereye Self Cleaning Cat Litter Box (Model ER-SC06) User Manual

Model: ER-SC06

1. PRODUCT OVERVIEW

The Thereye Self Cleaning Cat Litter Box (Model ER-SC06) is an open-top automatic litter box designed for convenience and hygiene. It features app control, multiple safety sensors, and a large 10L waste bin, making it suitable for single or multiple cat households. This device automates the litter cleaning process, reducing the need for daily scooping.

Suitable for all cat litters

Image: The Thereye Self Cleaning Cat Litter Box, illustrating its open-top design and overall dimensions (20.8"L x 20.07"W x 21.1"H). This design accommodates cats from 3 lbs to 30 lbs.

Easy to clean and maintain

Image: The litter box operating with minimal noise, demonstrating its whisper-quiet functionality (under 35dB) to avoid disturbing pets or owners.

2. PACKAGE CONTENTS

Verify that all components are present in the package:

- Automatic litter box (x1)
- Cat litter mat (x1)
- Litter box liner (x1)
- Deodorant gel (x2)
- Adapter (x1)
- Instruction manual (x1)
- Foot Pads (x4)
- Cleaning Brush (x1)
- Trash Bags (20 pcs)

3. SETUP INSTRUCTIONS

- 1. Unpack Components:** Carefully remove all items from the packaging.
- 2. Place Litter Box:** Position the litter box on a flat, stable surface. Ensure the included litter mat is placed in front of the unit. *Do not place the mat directly under the litter box, as this may affect weight sensor accuracy.*
- 3. Install Waste Bin:** Slide the waste bin into the designated compartment at the bottom front of the unit. Ensure it clicks securely into place.
- 4. Add Litter:** Fill the litter compartment with clumping cat litter. The unit is compatible with various clumping litters including Tofu, Bentonite, and Mixed types. Ensure the litter level is between the MIN and MAX indicators.
- 5. Insert Deodorant Gel:** Place one deodorant gel pack into the designated slot within the waste bin area to help control odors.
- 6. Connect Power:** Plug the adapter into the litter box and then into a power outlet.
- 7. App Connection (Optional):** Download the companion app from your device's app store. Follow the in-app instructions to connect the litter box to your 2.4GHz Wi-Fi network for smart control and monitoring.

4. OPERATING INSTRUCTIONS

4.1 Manual Operation

To initiate a cleaning cycle manually, press the designated button on the front panel of the litter box. The unit will complete a full cleaning cycle, sifting waste into the sealed bin below.

4.2 Automatic Operation & App Control

The litter box can operate automatically or be controlled via the dedicated smartphone app. In automatic mode, the unit detects when your cat has used the litter box and initiates a cleaning cycle after a set delay.

- **App Features:** The app allows you to monitor your cat's usage habits, track their weight, view operation logs, and remotely control cleaning cycles (Empty, Clean, Reset).
- **Cleaning Delay:** Adjust the cleaning delay time via the app (up to 60 minutes) to ensure your cat has exited the box and the waste has clumped sufficiently before cleaning begins.
- **Working Mode:** Switch between Automatic and Manual working modes through the app interface.

Image: The app interface showing real-time monitoring of cat activity, including cleaning times, toilet duration, and cat weight, providing comprehensive usage statistics.

4.3 Safety Features

The Thereye litter box is equipped with multiple safety mechanisms to protect your cat:

- **Infrared Sensors:** Three infrared sensors detect your cat's presence. If a cat approaches or enters during a cleaning cycle, the unit will automatically pause.
- **Weight Sensors:** Four weight sensors located in the feet of the unit detect when a cat is inside. The cleaning cycle will pause instantly if weight (over 2 lbs) is detected and resume 5 seconds after the cat exits.
- **Motor Overload Protection:** If the motor detects unusual resistance (over 800mA), it reverses automatically and alerts with a beep, then auto-resets.
- **App Warnings:** Receive exception alerts directly on your smartphone app for any detected safety issues.

Multiple Safety Protections

Motor Overload Protection

Over 800mA,
auto-reset & alarm

3-Pair Infrared Sensors

Zero risk of pinch cat

4 Weight Sensors

Auto stops when weight is detected

App Warning

Receive exception alerts

5. MAINTENANCE

5.1 Emptying the Waste Bin

The 10L large waste bin can hold waste for up to 2 weeks for a single cat, eliminating daily scooping. To empty, simply pull out the waste bin, tie off the liner bag, and dispose of the waste. Replace with a new liner and slide the bin back into place. The unit will pause operation if the waste bin is removed.

Bye-Bye, Scooping Duty

Up to **14 days** Without Litter Change

6. SPECIFICATIONS

Product Dimensions	20.8"L x 20.07"W x 21.1"H
Item Weight	24.2 Pounds
Model Number	ER-SC06
Material	Acrylonitrile Butadiene Styrene (ABS), Polypropylene (PP)
Litter Box Type	Automated Self-Cleaning Litter Box
Waste Bin Capacity	10 Liters
Connectivity	2.4GHz Wi-Fi
Suitable for Cat Weight	3 lbs to 30 lbs

7. TROUBLESHOOTING

• Unit Not Cleaning:

- Check if the waste bin is properly inserted. The unit will not operate if the bin is removed or not fully engaged.
- Ensure no cat is currently inside the litter box. Safety sensors will pause operation.
- Verify the litter level is between MIN and MAX lines.
- Check for any obstructions in the sifting mechanism.

• App Connectivity Issues:

- Confirm your Wi-Fi network is 2.4GHz. The device does not support 5GHz networks.
- Ensure the litter box is within range of your Wi-Fi router.
- Restart the litter box and your router.
- Re-pair the device with the app if necessary.

- **Odor Persistence:**

- Ensure deodorant gels are correctly placed and replaced regularly (approximately every 30 days).
- Verify the waste bin is sealed properly.
- Consider changing the type of clumping litter used.

- **False Cat Detection:**

- Ensure the litter box is on a stable, level surface and not vibrating excessively.
- Clean the infrared sensors to remove any dust or debris that might interfere with detection.

8. WARRANTY AND SUPPORT

The Thereye Self Cleaning Cat Litter Box comes with a 30-day free return and exchange policy. Additionally, it includes 1 year of product after-sales support. For any issues or inquiries, please contact Thereye customer service.
