Bellemave FST00186-TC-AB1

Bellemave Twin Over Twin Bunk Bed with Desk and LED Charging Station

MODEL: FST00186-TC-AB1

Important Safety Information

Always follow the assembly instructions carefully to ensure the stability and safety of the bunk bed. Failure to do so may result in injury or damage to the product.

- Ensure all connections are securely tightened before use.
- Do not allow children under 6 years of age on the upper bunk.
- Use only mattresses that meet the recommended size and thickness specifications.
- Periodically check and re-tighten all fasteners.

Product Dimensions

Refer to the diagram below for detailed product dimensions to ensure proper fit in your space.

Image: Detailed dimensions of the Bellemave Twin Over Twin Bunk Bed. Overall dimensions are approximately 78.0"L x 78.0"W x 69.7"H. Specific measurements for the desk, ladder, and bunk heights are also indicated.

Setup and Assembly

This bunk bed is designed for straightforward assembly. All necessary tools and clearly labeled parts are included. Follow the step-by-step instructions provided in the packaging for a smooth setup.

Ladder Placement

The ladder can be installed on either the left or right side of the bunk bed frame to accommodate various room layouts and preferences.

Ladder Direction, Totally Up to You

Switch the ladder left or right to
fit any room layout

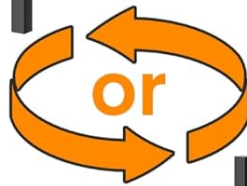

Image: Illustration demonstrating how the bunk bed ladder can be positioned on either the left or right side of the frame during assembly.

Anti-Tip Device Installation

For enhanced safety, install the anti-tip device as instructed. This device helps secure the bunk bed to the wall, preventing accidental tipping.

Anti-tip device

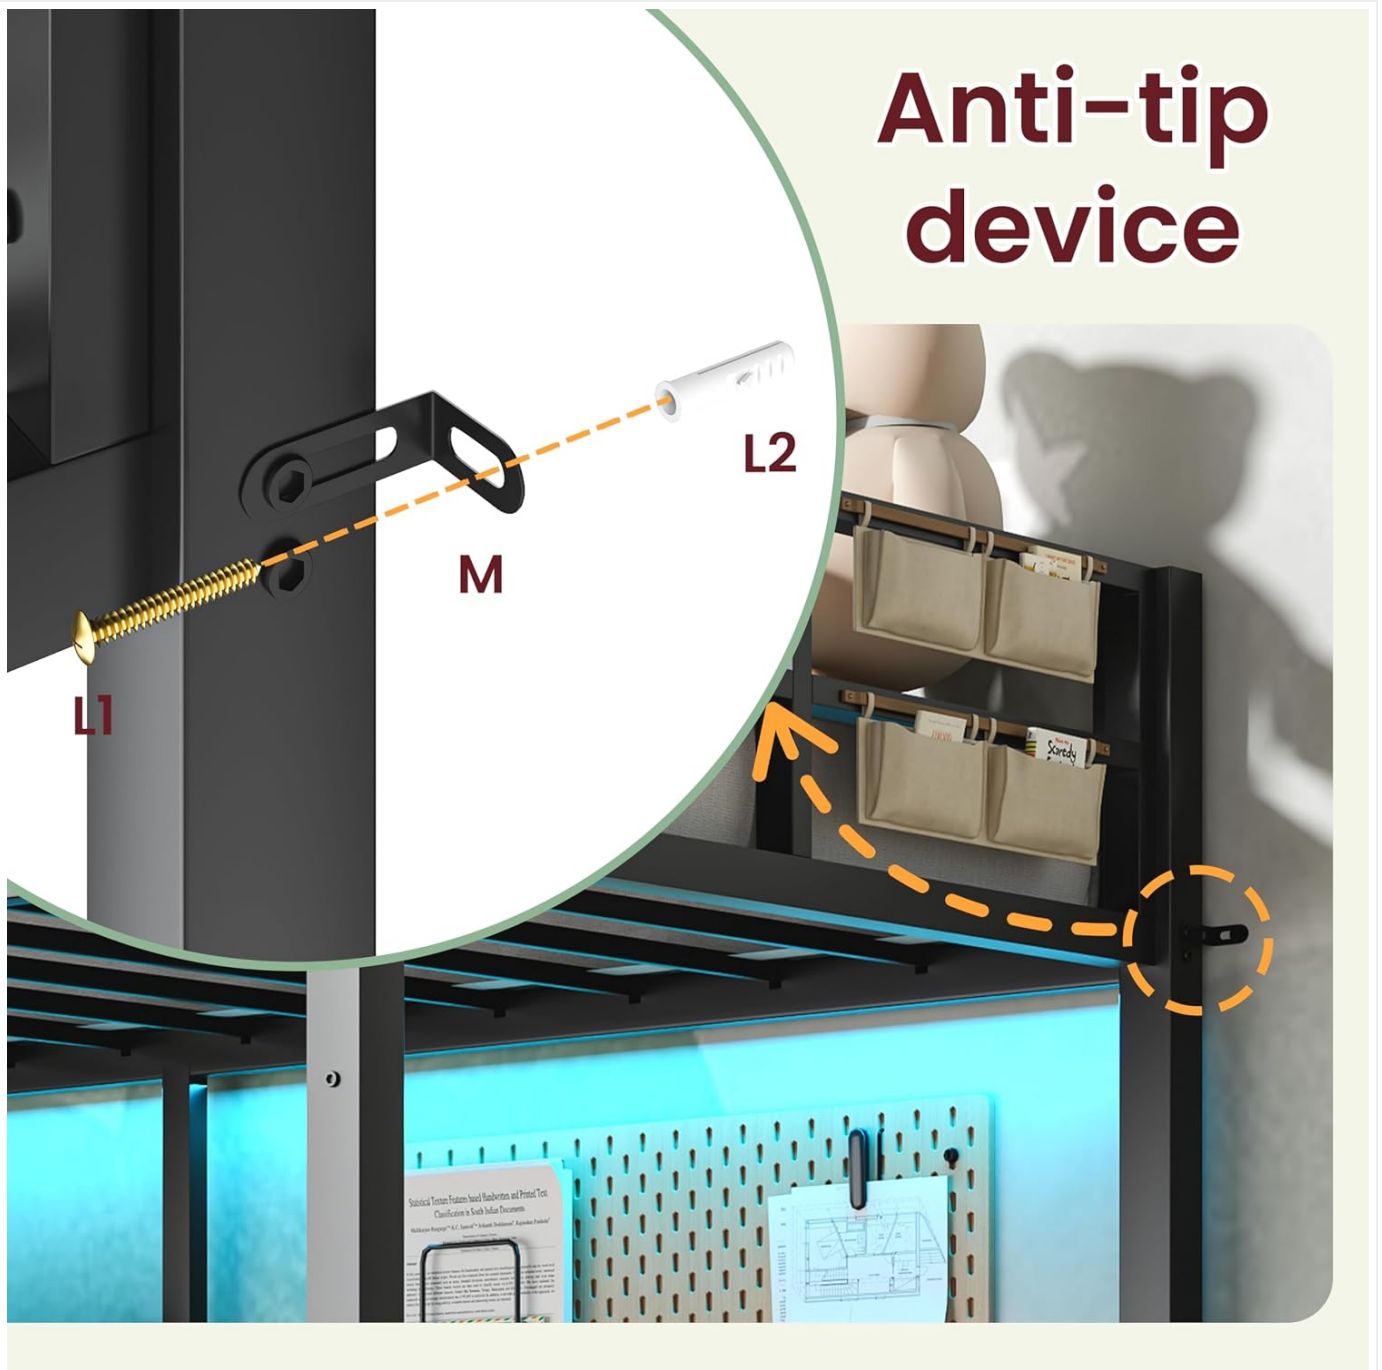

Image: Close-up diagram detailing the installation process for the anti-tip device, showing how to attach it to the bunk bed frame and the wall using screws and anchors.

Operating Instructions and Features

RGB LED Light System

The bunk bed features an integrated RGB LED light system. Control the lighting with the included remote or a dedicated app. Adjust colors, brightness, speed, and choose from various dynamic modes to create your desired ambiance. An ETL certified power supply is included for safe operation.

Integrated Charging Station

The spacious desktop includes a built-in charging station for convenience. It features 2 AC sockets, 1 USB port, and 1 Type-C port, allowing you to charge multiple electronic devices simultaneously.

Top Bunk with 11.4" Full-length and Enclosed Guardrail Safety Guardrail

Make sure the top of the mattress is at least 5" (127mm) from the edge of the guardrail

Recommended Mattress for Upper Bunk

Size: 80x38" / Thickness: 4"-6"

Image: A detailed view of the study desk's charging station, illustrating the 2 AC sockets, 1 USB port (5V/2A), and 1 Type-C port (5V/2A), powered by a 5-foot power cord.

Upper Bunk Guardrails

The upper bunk is equipped with full-length guardrails to ensure safety during sleep. For optimal safety, ensure the top of the mattress is at least 5 inches (127mm) below the top edge of the guardrail.

Image: The top bunk featuring 11.4-inch full-length guardrails. A dashed line indicates the recommended mattress height, ensuring at least 5 inches (127mm) clearance from the top of the mattress to the guardrail's edge. Recommended mattress thickness for the upper bunk is 4"-6".

Maintenance

To maintain the longevity and appearance of your bunk bed, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **LED Lights:** If LED lights malfunction, check the power connection and ensure the remote control batteries are functional.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not overload the charging station.

Troubleshooting

If you encounter any issues with your Bellemave bunk bed, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed feels unstable or wobbly	Loose fasteners	Check and tighten all bolts and screws. Ensure the anti-tip device is securely installed.
LED lights not working	Power connection issue, remote battery dead	Verify the power adapter is plugged in correctly. Check or replace remote control batteries.
Charging station not providing power	Power connection issue, device not compatible	Ensure the bunk bed's main power cord is plugged into a working outlet. Test with different devices.
Missing parts during assembly	Packaging error	Review the parts list in the assembly manual. Contact customer support for replacement parts.

Specifications

Feature	Detail
