## IFANNY 11320-HU

# IFANNY Twin Over Twin House Bunk Bed Instruction Manual

Model: 11320-HU

## INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your IFANNY Twin Over Twin House Bunk Bed. This bunk bed features a heavy-duty metal frame, a distinctive house-shaped roof design, an integrated ladder, and full-length safety guardrails. It is designed to be space-saving and does not require a box spring.

# Overall Dimensions

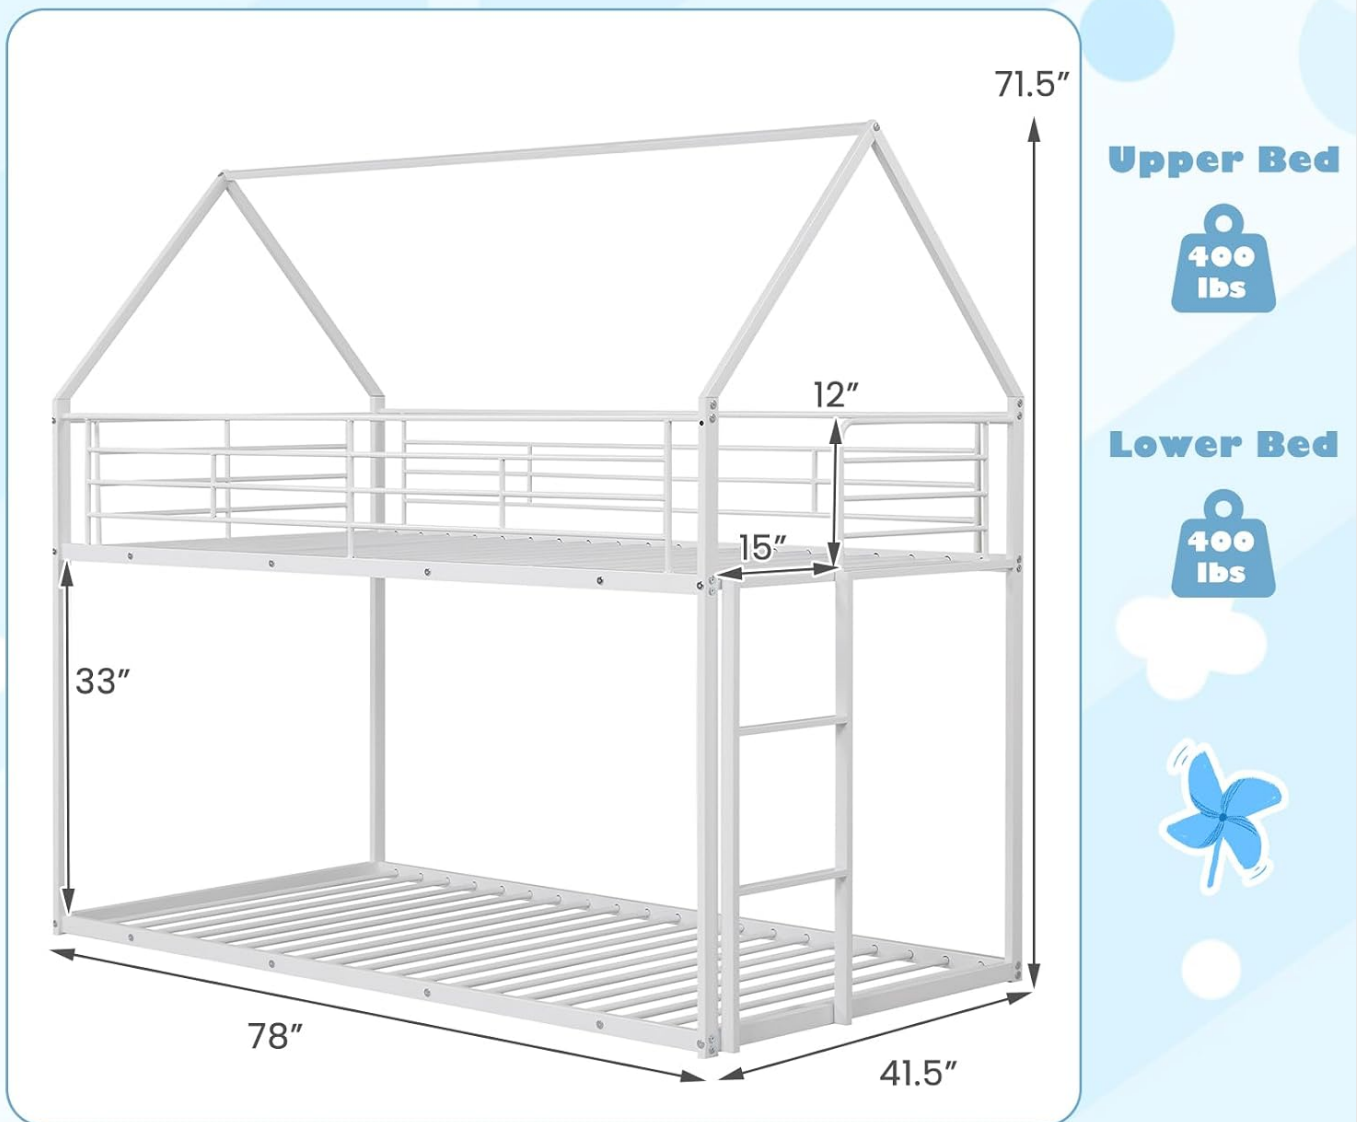

Figure 1: The IFANNY Twin Over Twin House Bunk Bed, showcasing its design and functionality within a bedroom setting.

## SAFETY INFORMATION

- Do not exceed the weight limit of 400 lbs (181.44 kg) per bunk.
- Be cautious of sharp edges during assembly and use.
- Use the ladder carefully to avoid injury.
- Ensure all connections are securely fastened before use.
- The upper bunk is equipped with 12-inch high full-length guardrails to prevent falls.
- The low floor profile design keeps children closer to the ground for added safety.

# Full-length Guardrails for Safe Sleeping Zone

Recommended Mattress  
of Upper Bed : **6"** Twin

Recommended Mattress  
of Lower Bed : **8"** Twin

**Figure 2:** Full-length guardrails on the upper bunk, measuring 12 inches high. Recommended mattress thickness for the upper bunk is 6 inches (Twin size) and for the lower bunk is 8 inches (Twin size).

## SETUP

Assembly of the IFANNY Twin Over Twin House Bunk Bed is designed to be straightforward. It is recommended that two people assemble the bed to ensure ease and safety during the process. All necessary hardware and pre-drilled holes are provided. Each component is labeled to assist with quick identification.

### Assembly Tips:

- Unpack all components and verify against the parts list (refer to the included installation manual).
- Lay out all parts on a soft, clean surface to prevent scratches.
- When installing the metal slats, ensure they are properly aligned and secured with the provided screws. This step requires careful attention.
- Do not fully tighten all screws until the entire frame is assembled to allow for minor adjustments. Once assembled, tighten all screws firmly.

**Figure 3:** Overall dimensions of the bunk bed. Length: 78 inches, Width: 41.5 inches, Height: 71.5 inches. The upper bed clearance is 15 inches, and the lower bed height is 33 inches from the floor.

20 + 20 Powder-coated  
Metal Slats

**Figure 4:** The sturdy metal frame features 20+20 powder-coated metal slats for mattress support. Each bunk has a weight capacity of 400 lbs.

Figure 5: Detail of the metal slat system, designed for durability and stability without the need for a box spring.

## OPERATING INSTRUCTIONS

---

### Usage Guidelines:

- Ensure mattresses are of the appropriate size and thickness for each bunk (Upper: 6" Twin, Lower: 8" Twin).
- The built-in side ladder is for safe access to the upper bunk. Always use the ladder when climbing up or down.
- The house-shaped roof structure can be customized with various decorations such as flags, light strips, or curtains (decorations not included).

# Playful & Adorable House Bed

DIY the bed with multiple decorations(not included)

Light Strips

Colorful Flags

Ribbons

Curtains

**Figure 6:** The house-shaped roof allows for creative decoration, such as string lights and colorful flags, to personalize the bed.

## MAINTENANCE

- Clean the bed frame regularly by wiping it with a damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the painted finish.
- Periodically check all screws and connections to ensure they remain tight and secure. Tighten if necessary.

## TROUBLESHOOTING

### Noise/Squeaking:

If the bunk bed produces creaking or squeaking noises, it is typically due to loose connections. Ensure all secure screw fittings and evenly spaced slats are properly tightened. The design includes non-slip foot pads to contribute to a quiet sleeping environment. Re-tightening all hardware can often resolve noise issues.

## SPECIFICATIONS

---

<b>Model Number</b>	11320-HU
<b>Brand</b>	IFANNY
<b>Size</b>	Twin
<b>Material</b>	Alloy Steel
<b>Product Dimensions (L x W x H)</b>	198.5L x 105.5W x 181.5H Centimetres (approx. 78" L x 41.5" W x 71.5" H)
