

IRONCK MRC-B01-N

IRONCK Papasan Rocking Chair with Cushion User Manual

Model: **MRC-B01-N** | Brand: **IRONCK**

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Retain this manual for future reference.

- Always assemble the chair according to the provided instructions.
- Do not exceed the maximum weight capacity of 450 lb (approximately 204 kg).
- Allow the cushion to rest for approximately 72 hours after unpacking to achieve optimal comfort and shape.
- Use the chair on a stable, level surface to prevent tipping.
- Keep fingers and other body parts away from the rocking mechanism during use to avoid injury.
- Ensure all bolts and screws are securely tightened before each use. Periodically check and re-tighten as necessary.
- This chair is designed for both indoor and outdoor use. However, prolonged exposure to extreme weather conditions may reduce its lifespan.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Chair Frame Components (5 parts)
- Cushion
- Assembly Hardware (screws, bolts, wrench)
- Instruction Manual

Figure 1: Product dimensions and assembly overview. Note the 5 parts for assembly.

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes about 20 minutes. Follow these steps carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify all frame components, the cushion, and the hardware kit.
2. **Assemble the Base Frame:** Connect the main rocking base components using the provided hardware. Ensure all connections are aligned correctly before tightening screws. Do not fully tighten screws until all parts are loosely assembled.
3. **Attach the Seat Frame:** Secure the seat frame to the assembled base. Again, ensure proper alignment. Once all frame parts are connected, gradually tighten all screws and bolts using the included wrench until secure. Do not overtighten.
4. **Place the Cushion:** Position the large, soft cushion onto the assembled chair frame. The cushion is designed to fit snugly within the chair's contours.
5. **Cushion Settling:** Allow the cushion to rest for approximately 72 hours after unpacking. This allows the high-resilience foam filling to fully expand and achieve its intended comfort and shape.

OPERATING INSTRUCTIONS

The IRONCK Papasan Rocking Chair is designed for comfortable lounging with a gentle rocking motion.

- **Seating:** Sit centrally on the cushion to evenly distribute weight and enjoy the full comfort of the chair.
- **Rocking Motion:** The chair features a 30° rocking design with silent rubber tips for a smooth and relaxing motion. Gently push off with your feet to initiate rocking.
- **Placement:** This chair is suitable for various indoor and outdoor settings, including living rooms, bedrooms, patios, gardens, and balconies. Ensure it is placed on a flat, stable surface.

Gifts as Unique as Your Love

- Wedding Anniversary ● Valentine's Day
- Mother's Day ● Thanksgiving
- Halloween ● Christmas
- New Year's Day ● Birthday

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your rocking chair.

- **Cleaning the Frame:** Wipe the metal frame and PE rattan with a dry or damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The Olefin fabric cushion is water-resistant and fade-inhibiting. For spills, blot immediately with a clean, dry cloth. For general cleaning, spot clean with mild soap and water. Allow to air dry completely. While the cushion is all-weather, storing it indoors during heavy rain or prolonged periods of non-use will help maintain its quality.
- **Inspection:** Periodically inspect all connections and hardware to ensure they remain tight. Re-tighten as needed.
- **Storage:** If storing the chair for extended periods, especially outdoors during harsh weather, cover it or move it to a sheltered area to protect it from elements.

TROUBLESHOOTING

If you encounter any issues, refer to the following common solutions.

Problem	Possible Cause	Solution
Chair feels unstable or wobbly.	Loose hardware; uneven surface.	Ensure all screws and bolts are fully tightened. Move the chair to a flat, level surface.
Cushion does not feel fully padded.	Recently unpacked; needs time to expand.	Allow the cushion to rest for up to 72 hours after unpacking for full expansion. Gently fluff the cushion.
Screws do not fit or parts seem broken during assembly.	Manufacturing defect; incorrect part identification.	Double-check the instruction manual to ensure correct parts are being used for each step. If parts are genuinely defective or missing, contact IRONCK customer support immediately for assistance. Do not force parts.

SPECIFICATIONS

Feature	Detail
Model Name	Papasan Rocking Chair
Model Number	MRC-B01-N
Brand	IRONCK
Color	Grey
