EAG 36F-DBL-SSDQ

EAG 70" Electric Fireplace TV Stand with 36 inch Fireplace User Manual

Model: 36F-DBL-SSDQ

Introduction

Thank you for choosing the EAG 70" Electric Fireplace TV Stand. This entertainment center is designed to accommodate TVs up to 80 inches and features a built-in 36-inch electric fireplace with adjustable flame effects and heating, along with multi-color LED lighting and ample storage. This manual provides essential information for the safe and efficient use of your new product.

Safety Information

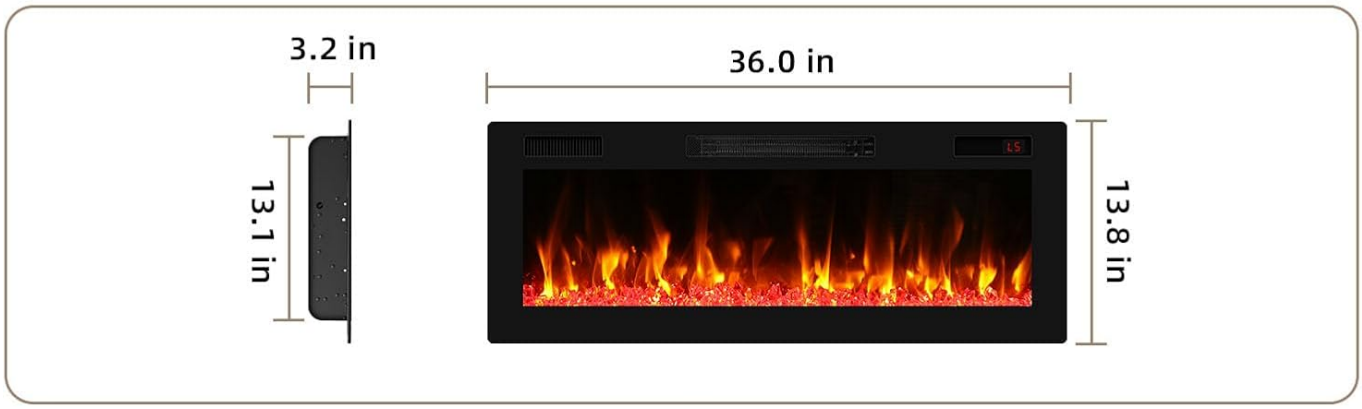

- Do not place heavy objects on top of the TV stand to prevent tip-over.
- Keep children and pets away from the fireplace to prevent burns.
- Always turn off the fireplace before leaving the room or going to sleep.

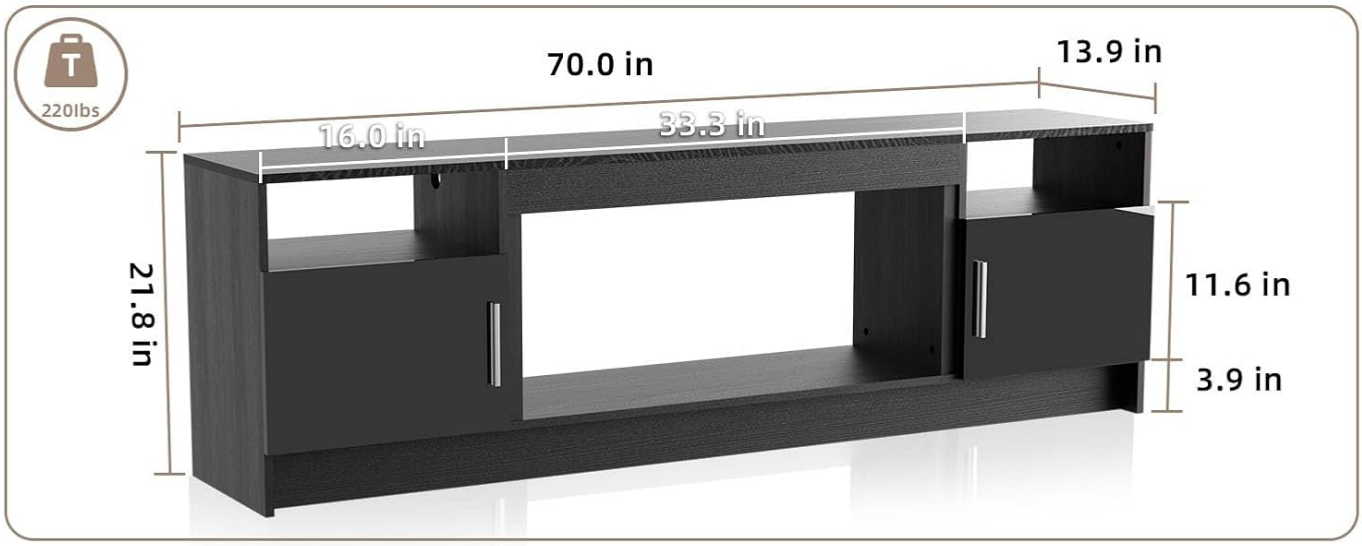

Setup and Assembly

Your EAG Electric Fireplace TV Stand will be delivered in two separate packages to ensure safe transport. Please ensure you have received both boxes before beginning assembly.
The entertainment center includes detailed instructions and a full set of installation tools. All components are clearly labeled for easy step-by-step assembly. Follow the provided instructions carefully for proper construction.

Product Dimensions and Packaging

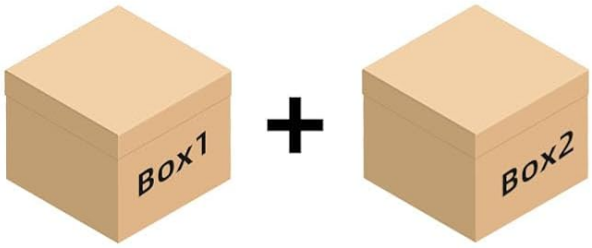

Product Size

Two box transportation

1. Fireplace
2. TV Stand

This image illustrates the overall dimensions of the TV stand (70.0 inches wide, 21.8 inches high, 13.9 inches deep) and the fireplace insert (36.0 inches wide, 13.8 inches high). It also shows that the product is shipped in two boxes: one for the fireplace and one for the TV stand components.

Placement Considerations

Ensure the TV stand is placed on a flat, stable surface. Allow adequate clearance around the fireplace for proper ventilation and safety. The stand is suitable for TVs up to 80 inches.

This image displays the assembled TV stand in a living room setting, featuring a large television mounted above it. The electric fireplace is active, and the LED lights are illuminated, demonstrating the product's aesthetic appeal and functional setup.

Operating Instructions

Electric Fireplace Operation

The built-in 36-inch electric fireplace features lifelike 3D flame effects. It offers adjustable heating power ranging from 750W to 1500W for efficient warmth. The flame color, brightness, and speed are fully adjustable to suit your preference. A 1-8 hour timer ensures safe operation. You can enjoy the dancing flames year-round, with or without the heating function activated.

This image highlights the features of the 36-inch electric fireplace, including ETL certification, 750W/1500W heating, remote control, 1-8 hour timer, 5 flame speed settings, and 5 levels of brightness. It also shows a variety of 12 realistic LED flame colors.

Multi-Color LED Lighting

The fireplace TV cabinet features built-in LED light strips with 20 color options. Use the included remote control to customize the hues to your preference. These lights can illuminate soft lighting at night, creating a romantic and cozy ambiance in your living room. The open-front design of the storage compartments maximizes the LED lighting effect.

This image displays a grid of 20 different color options available for the LED lights integrated into the TV stand, demonstrating the range of customizable lighting effects.

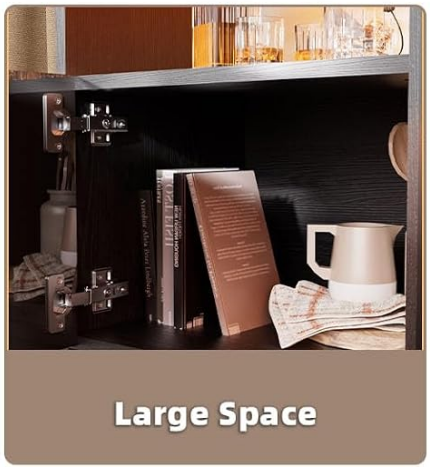

This image provides a side-by-side comparison of the TV stand with the LED lights off and with the LED lights on, illustrating the visual impact of the integrated lighting.

Storage Features

The TV stand offers two spacious open compartments for organizing set-top boxes and gaming consoles. Additionally, hidden storage areas behind the wooden cabinet doors on both sides provide ample space for miscellaneous items and books. The shelves within these cabinets are adjustable, allowing for flexible storage solutions.

This image shows detailed views of the TV stand's features: a waterproof tabletop, spacious interior storage behind cabinet doors, and adjustable shelves within the cabinets for customized organization.

Maintenance

The TV stand is constructed from high-quality particle board with moisture-resistant and scratch-resistant properties, ensuring durability. For daily cleaning, a gentle wipe with a soft, damp cloth is sufficient. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
The countertop features a stylish matte marble finish, which can also be cleaned with a gentle wipe.

Troubleshooting

- **Fireplace not turning on:** Ensure the power cord is securely plugged into a working outlet. Check if the main power switch on the fireplace unit is in the 'ON' position. Verify the remote control batteries are functional.
- **No heat output:** Confirm the heating function is activated via the remote or control panel. Check the temperature setting. Ensure no obstructions are blocking the heater's air intake or output vents.
- **LED lights not working:** Check the connection of the LED light strips. Ensure the remote control for the LED lights

has working batteries.

- **Unstable stand:** Recheck all assembly screws and ensure they are tightened. Ensure the stand is on a level surface.

If you encounter issues not listed here or if troubleshooting steps do not resolve the problem, please contact customer support for further assistance.
