3.2. Wiring Port Connections

Carefully connect all necessary cables to the corresponding ports on the back of the car stereo unit. Refer to the diagram below for proper connections.

1. Power Cable
2. RCA Cable
3. USB Cable
4. Camera Input
5. GPS Antenna
6. Radio Antenna

3.4. Steering Wheel Control (SWC)

To use your vehicle's steering wheel controls with the stereo, follow these instructions:

- **Without Canbus Decoder:** Connect the Key1/Key2 wires from the power cable to the corresponding steering wheel control wires of your original car. Then, access the 'Steering Wheel' settings in the stereo to manually match the functions.
- **With Canbus Decoder:** Connect the Canbus decoder before powering on the unit. Navigate to *Apps > Settings > Factory settings (1234) > CAN Settings*. Select your car's brand and model to automatically configure SWC.

Steering Wheel Control

Without Canbus Decoder

Please connect the plugs or the steering wheel control wires (key1/key2) in the power cable to the corresponding port or wire of your original car, and then go to "steeringwheelkey" manual match to activate the button function.

Contain Canbus Decoder

Please connect the canbus before powering on the machine, and then follow this path (Apps - Settings - Factory settings(1234) - CAN Settings) to make SWC work properly. First select the brand of the canbus decoder, then select the matching model and year according to the actual situation.

4.3. Navigation (GPS)

Utilize the built-in GPS module for accurate navigation. Pre-installed maps or online navigation apps can be used to guide you to your destination.

4.4. Multimedia Playback

Enjoy your favorite audio and video content. The system supports various formats and allows streaming from popular apps like Netflix and YouTube via Wi-Fi.

4.5. Bluetooth Connectivity

Pair your smartphone via Bluetooth for hands-free calling and wireless audio streaming. Access your phone's contacts and call history directly from the stereo.

4.6. Radio (FM/RDS)

Tune into your favorite FM radio stations. The RDS (Radio Data System) feature provides additional information like station names and song titles where available.

4.7. Split Screen Function

Multitask efficiently with the split-screen feature, allowing you to run two applications simultaneously, such as navigation and music playback.

4.8. Wi-Fi Connectivity

Connect to a Wi-Fi hotspot to access online services, download apps, browse the internet, and receive real-time traffic updates.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Roinvou car stereo, follow these maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth slightly dampened with water or a screen cleaner. Avoid abrasive materials or harsh chemicals.
- **General Cleaning:** Keep the unit free from dust and debris. Use a soft brush or compressed air for hard-to-reach areas.

- **Avoid Extreme Temperatures:** Do not expose the unit to prolonged direct sunlight or extreme cold, as this can affect performance and lifespan.
- **Software Updates:** Periodically check for software updates to ensure you have the latest features and bug fixes.

6. TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No Power	Loose power connection, blown fuse	Check power cable connections. Inspect vehicle's fuse box and replace any blown fuses.
No Sound	Volume too low, incorrect audio source, loose speaker wires	Increase volume. Select correct audio source. Check speaker wire connections.
Bluetooth Not Connecting	Bluetooth off on phone/stereo, device not in pairing mode	Ensure Bluetooth is enabled on both devices. Put stereo in pairing mode. Forget and re-pair device.
GPS Not Working	GPS antenna not connected, poor signal	Ensure GPS antenna is securely connected and placed in a clear view of the sky.
Rear Camera Not Displaying	Incorrect wiring, faulty camera	Check camera input cable and reverse trigger wire connections. Test camera if possible.

If the problem persists, please contact customer support.
