[Specifications](#) [Warranty & Support](#)

1. INTRODUCTION

The Cellularline NEBIT TWS Earbuds are designed to facilitate seamless communication and productivity through advanced AI features. These earbuds offer real-time translation in over 100 languages, instant transcription, AI-generated summaries, and photo translation. Their open-ear design ensures comfort and environmental awareness, making them suitable for various daily activities, travel, work, and study. This manual provides detailed instructions on how to set up, operate, and maintain your NEBIT earbuds to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Cellularline NEBIT TWS Earbuds
- Charging Case
- USB Charging Cable
- User Manual

3. SETUP

3.1. Initial Charging

Before first use, fully charge your NEBIT earbuds and charging case. Place the earbuds into the charging case. Connect the USB charging cable to the case and a power source. The LED display on the case will indicate the charging status.

3.2. Downloading the NebulaBuds App

The NebulaBuds App is essential for unlocking all features of your NEBIT earbuds. It is available for free on both the Apple App Store and Google Play Store.

Image: A smartphone scanning a QR code to download the NebulaBuds App. The image highlights that the app is 100% free and unlocks all translation features.

Image: A smartphone screen displaying the NebulaBuds App with options to download from the App Store and Google Play. Text confirms no subscription is required.

1. Open the packaging and locate the QR code for the NebulaBuds App.
2. Scan the QR code with your smartphone camera, or search for "NebulaBuds" directly in the Apple App Store or Google Play Store.
3. Download and install the app.

3.3. Pairing and Activation

Follow these steps to pair your NEBIT earbuds with your smartphone and activate them within the app:

1. Open the NebulaBuds App.
2. Grant necessary permissions for location access to enable all functions.
3. Ensure Bluetooth is enabled on your smartphone.
4. Take the NEBIT earbuds out of their charging case. They will automatically enter pairing mode.
5. In the NebulaBuds App, navigate to the device connection section.
6. The app will prompt you to connect. You can either scan the QR code provided in the manual or manually enter the activation code.

7. Tap "Connect" to complete the pairing process.
8. Log in or create a new account within the app to finalize setup.

4. OPERATING INSTRUCTIONS

The Cellularline NEBIT earbuds offer multiple modes to enhance communication and productivity. Once connected, select your desired mode within the NebulaBuds App.

Image: Two individuals using the NEBIT earbuds and a smartphone, illustrating the five operational modes: Real-time transcription, Earbuds + phone translation, Dual-earbud live translation, Smart summary creation, and Photo translation.

4.1. Real-time Translation

Engage in conversations across over 100 languages with instant translation. This feature allows for natural and immediate dialogue, ideal for travel, business, or study.

- **Earbuds + Phone Translation:** Use one earbud while speaking into your phone's microphone for guided conversations.
- **Dual-Earbud Live Translation:** Share an earbud with another person for seamless two-way translation during face-to-face interactions.

4.2. Instant Transcription and AI Summaries

Transform spoken words into text and generate concise summaries of your recordings.

- **Instant Transcription:** Converts voice to text in real-time, perfect for taking notes during meetings, lectures, or important conversations.
- **AI Summaries:** Automatically generates key points from your recorded transcriptions, enhancing productivity and retention.

4.3. Photo Translation

Translate text from images quickly and efficiently.

- Use your smartphone camera through the NebulaBuds App to capture text from signs, menus, or documents. The app will provide an instant translation.

4.4. Open-Ear Design and Touch Control

The open-ear design provides comfort for extended wear and allows you to remain aware of your surroundings. The earbuds feature intuitive touch controls for managing calls, music, and AI functions.

Open ear design full awareness, all-day comfort, and hygienic sharing

5. MAINTENANCE

5.1. Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Ensure charging contacts are free from dust and debris.

5.2. Storage

- When not in use, store the earbuds in their charging case to protect them and keep them charged.
- Store in a cool, dry place away from extreme temperatures and direct sunlight.

5.3. Battery Care

- Avoid fully discharging the battery frequently.
- Charge the earbuds regularly, even if not in frequent use, to maintain battery health.

6. TROUBLESHOOTING

If you encounter issues with your Cellularline NEBIT earbuds, please refer to the following common solutions:

Problem	Possible Solution
Earbuds not pairing	<ul style="list-style-type: none">• Ensure earbuds are charged.• Make sure Bluetooth is enabled on your device.• Place earbuds back in the case, close, then reopen to re-enter pairing mode.• Forget the device in your phone's Bluetooth settings and try pairing again.
No sound or low volume	<ul style="list-style-type: none">• Check volume levels on both earbuds and your connected device.• Ensure earbuds are properly seated in your ears.• Clean any debris from the earbud speakers.
App features not working	<ul style="list-style-type: none">• Ensure the app has all necessary permissions (e.g., location, microphone).• Check for app updates.• Restart the app or your phone.• Verify your device is correctly activated and logged in within the app.
Translation inaccuracies	<ul style="list-style-type: none">• Speak clearly and at a moderate pace.• Ensure the correct source and target languages are selected in the app.• Minimize background noise.
