COMHOMA Raised Garden Bed 6x3x2ft Instruction Manual

Model: DF-OT-GD03-6FT

1. INTRODUCTION

Thank you for choosing the COMHOMA 6x3x2ft Galvanized Metal Raised Garden Bed. This manual provides essential information for the safe assembly, proper use, and maintenance of your new garden bed. Please read these instructions thoroughly before assembly and retain them for future reference.

2. SAFETY INFORMATION

- Always wear protective gloves during assembly to prevent hand injuries from sharp edges.
- Ensure all screws and fasteners are securely tightened to maintain the structural integrity of the garden bed.
- Place the garden bed on a level, stable surface to prevent tipping or shifting once filled with soil.
- Keep small children and pets away from the assembly area to avoid accidents.
- Do not climb on or stand inside the assembled garden bed.

Rubber Strip to Prevent Cutting Hands

- Panel x4
- Panel x2
- Corner Bracket x4
- Metal Strip x2
- Ground Stake x6
- Horizontal Tie Rod x3
- Screw x56
- Screw x14
- Nut x70
- Sleeves x2
- Cover x4
- Screwdriver x1
- Gloves x1

4. SETUP AND ASSEMBLY

Follow these steps for quick and easy assembly of your raised garden bed. It is recommended to assemble the unit on a soft, flat surface to avoid scratching the finish.

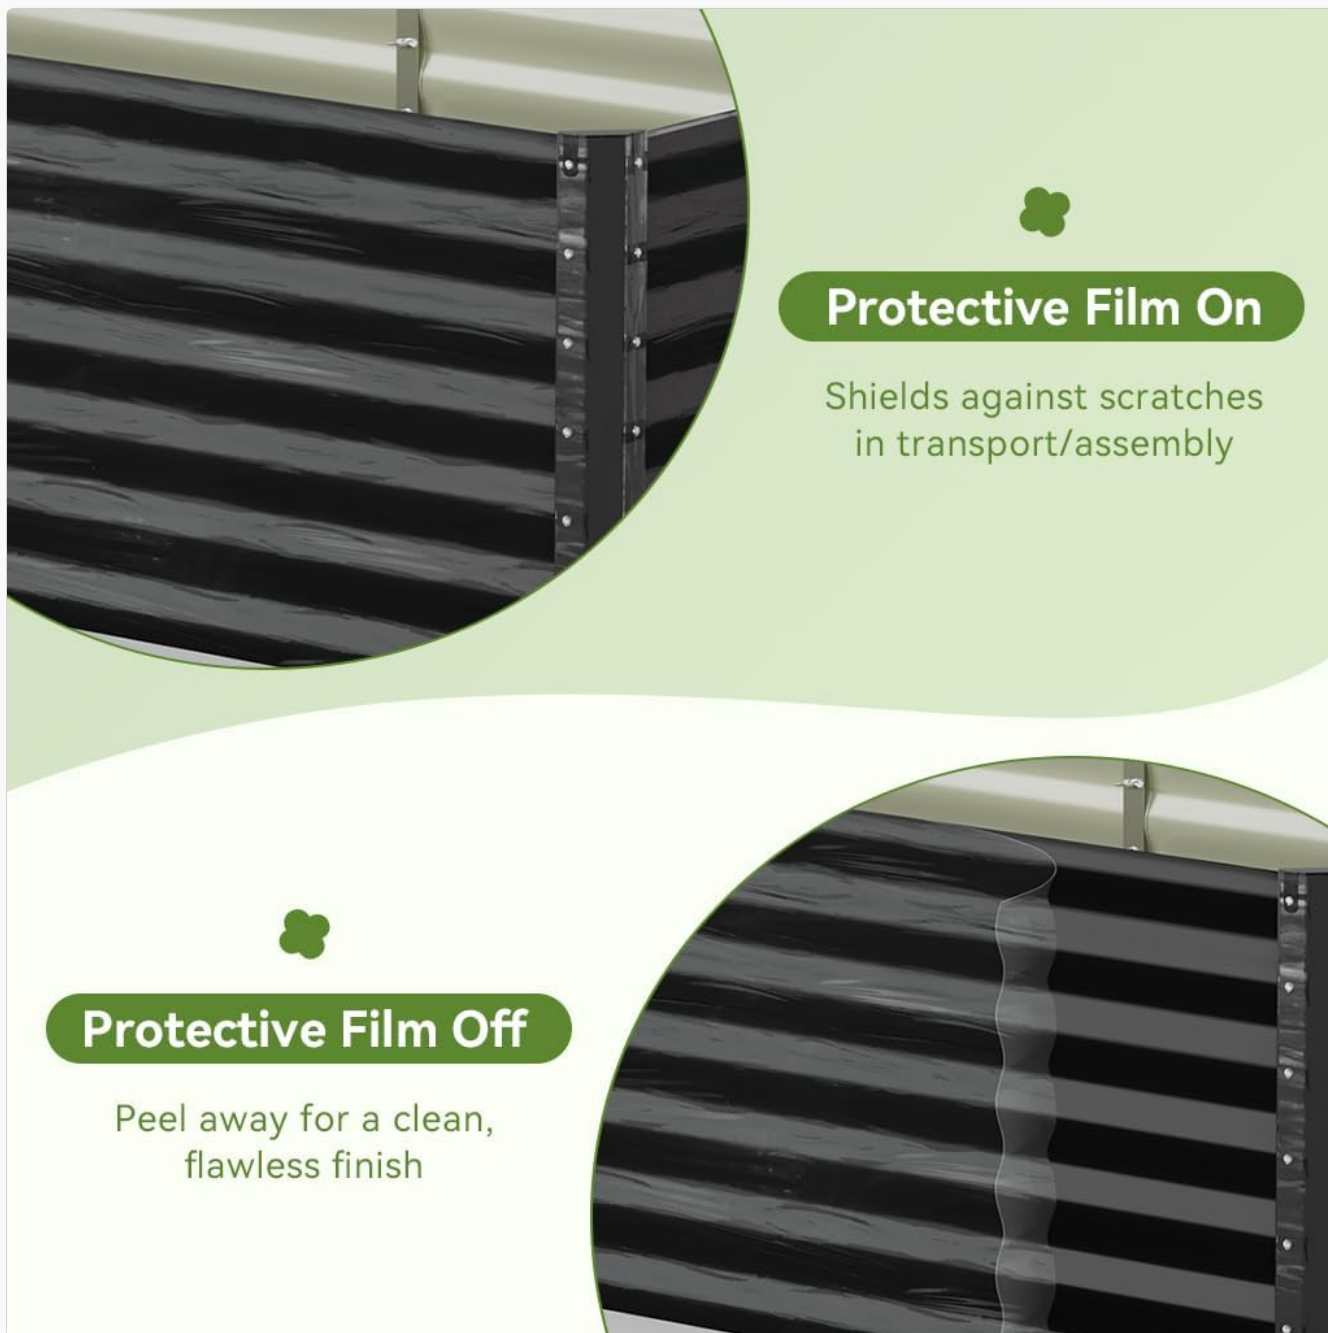

Image: Instructions for removing the protective film from the panels before assembly.

1. **Prepare Panels:** Carefully remove the protective film from all galvanized steel panels.
2. **Assemble Corners:** Install the cover on each corner bracket and secure all screws.
3. **Connect Sides:** Attach the horizontal tie rods and metal strips to connect the panels, ensuring all screws are installed and tightened.
4. **Install Rubber Caps:** Place the rubber caps along the top edges of the garden bed to prevent hand injuries.
5. **Secure to Ground (Optional):** Use the provided ground stakes to secure the garden bed in the soil for added stability.

5. OPERATING AND USAGE

Once assembled, your COMHOMA Raised Garden Bed is ready for planting. Its open bottom design promotes natural drainage and allows plant roots to access deeper soil nutrients.

- **Placement:** Choose a location that receives adequate sunlight for your chosen plants.
- **Soil Filling:** Fill the bed with a high-quality soil mix suitable for gardening. The extra-deep planting space accommodates various vegetables, herbs, and flowers.
- **Planting:** Plant your desired seeds or seedlings according to their specific requirements.
- **Watering:** Water regularly. The open bottom design helps prevent water buildup and encourages healthy root development.

6. MAINTENANCE

The galvanized steel construction with a durable powder-coated surface ensures long-term outdoor performance. Minimal maintenance is required to keep your garden bed in excellent condition.

- **Cleaning:** Periodically wipe down the exterior surfaces with a damp cloth to remove dirt and debris. Avoid abrasive cleaners that could damage the powder coating.
- **Inspection:** Annually inspect all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Rust Prevention:** The galvanized steel and powder coating provide excellent rust resistance. If any deep scratches occur, consider touching up with a rust-inhibiting paint to maintain protection.

Safer & Cleaner Gardening

7. TROUBLESHOOTING

- **Wobbly Structure:** Ensure all screws are fully tightened. Verify the garden bed is placed on a firm, level surface. Use ground stakes if the soil is soft or uneven.
- **Poor Drainage:** The open bottom design typically ensures good drainage. If water pools, check if the underlying soil is compacted and consider loosening it or adding a layer of gravel before filling with topsoil.
- **Damaged Panels:** For minor scratches, refer to the maintenance section for touch-up recommendations. For significant damage, contact customer support for replacement parts.

8. SPECIFICATIONS

Brand	COMHOMA
Model Number	DF-OT-GD03-BLK-6FT-1PS

Material	Galvanized Metal
Color	Black
Dimensions (L x W x H)	70.8" x 35.4" x 23.6" (6x3x2ft)
Item Weight	28.07 Pounds
Special Features	Breathable, Drainage Hole, Rust Resistant, Scratch Resistant, Weather Resistant
Mounting Type	Floor Standing
Indoor/Outdoor Usage	Outdoor

9. WARRANTY AND SUPPORT

COMHOMA products are manufactured to high-quality standards. For any warranty claims, technical support, or inquiries regarding replacement parts, please contact COMHOMA customer service directly. Please have your purchase receipt and model number available when contacting support.
