Seatcraft Endeavour 4134

Seatcraft Endeavour Home Theater Seating Instruction Manual

Model: Endeavour 4134

1. Product Overview

The Seatcraft Endeavour Home Theater Seating is a premium loveseat designed for comfort and functionality. It features Italian leather upholstery, zero gravity power reclining, powered headrest and lumbar support, therapeutic heat and massage functions, and a smart console with charging capabilities and storage.
This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Seatcraft Endeavour loveseat.

2. Setup and Assembly

Assembly is required for this product. Please follow these steps carefully to ensure proper setup and functionality.

1. **Unboxing:** Carefully remove all components from the packaging. Inspect for any damage. Keep packaging materials until assembly is complete.
2. **Component Identification:** Identify all parts, including the seat bases, backrests, and power cables.
3. **Connecting Sections:** Align the metal brackets on the backrests with the corresponding brackets on the seat bases. Slide the backrests down firmly until they lock into place.
4. **Power Connection:** Connect the power cables from each seat to the main power supply. Plug the main power supply into a standard electrical outlet.
5. **Positioning:** Place the loveseat in its desired location. Ensure at least 4 inches of wall clearance behind the unit for full reclining extension.

3. Operating Instructions

Your Seatcraft Endeavour loveseat offers a range of features for enhanced comfort and convenience. All primary controls are located on the inner armrests.

3.1 Power Reclining and Zero Gravity

Use the power control buttons on the armrest to adjust the recline position. Press and hold the recline button to smoothly transition into various positions, including the Zero Gravity recline. The Zero Gravity position is designed to distribute body pressure evenly, promoting improved breathing, spinal decompression, and increased blood flow.

Image 3.1: A visual representation of the Zero Gravity recline position, highlighting its benefits such as improved breathing and spinal decompression.

3.2 Powered Headrest and Lumbar Support

Individual buttons control the powered headrest and lumbar support. Adjust these independently to find your optimal head and lower back comfort.

Image 3.2: Close-up view of the powered headrest, powered lumbar, and powered recline mechanisms, indicating their adjustable nature for custom comfort.

3.3 Therapeutic Heat and Massage

Activate the heat and massage functions using the dedicated controls. Multiple massage modes (Pulse, Wave, Alternating) are available to enhance relaxation. The heat function provides soothing warmth to the lumbar area.

Image 3.3: The in-arm controls for the therapeutic heat and massage functions, showing the different massage modes and the heated lumbar area.

3.4 Smart Console Features

- **USB-A and USB-C Charging Ports:** Located on the armrest controls, these ports allow you to charge your devices.
- **Wireless Charging:** A dedicated pad on the console provides wireless charging for compatible devices.
- **Hidden In-Arm Storage:** Lift the armrest to access storage compartments for remotes or small items.
- **Integrated Storage Console:** The central console offers additional storage space.
- **Fold-Down Table:** The central console features a fold-down table for snacks or devices.
- **Illuminated Cupholders:** Cupholders light up for convenience in dark environments.
- **Ambient LED Baselights:** Adjustable LED lighting at the base of the loveseat provides atmospheric illumination with 7 adjustable colors and 3 dimmable settings.

Image 3.4: A collage showcasing the smart console features, including 360° swivel tray tables, convenient armrest storage, USB-C & USB-A charging, and ambient LED cup holders.

4. Maintenance

Proper care and maintenance will extend the life and appearance of your Seatcraft Endeavour loveseat.

- **Cleaning:** Wipe clean with a soft, damp cloth. For leather care, use a specialized leather cleaner and conditioner as recommended by leather care professionals. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading and drying of the leather.
- **Moving the Loveseat:** When moving the loveseat, lift it rather than dragging to prevent damage to the frame and flooring.

5. Troubleshooting

If you encounter issues with your loveseat, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Recliner does not operate	Power cord disconnected; Power outlet not working; Remote control issue.	Check all power connections. Ensure the outlet has power. Test with another device. Contact support if issues persist.
Heat/Massage not working	Feature not activated; Loose connection.	Ensure the heat/massage buttons are pressed. Check connections under the seat.
USB ports not charging	Device not compatible; Power issue.	Ensure your device is compatible with USB charging. Verify the loveseat is powered on.
Unusual noises during operation	Loose components; Obstruction in mechanism.	Inspect for any loose parts or obstructions. Do not force the mechanism. Contact support.

6. Specifications
