SETUP

1. Charging the Earpiece and Case

Before first use, fully charge the earpiece and its charging case.

- Connect the USB-C charging cable to the charging port on the case and to a power source.
- The LED display on the charging case will indicate the battery level.
- Place the earpiece into the charging case. The earpiece will begin charging automatically.
- A full charge provides approximately 10-12 hours of talk time for the single headset, and up to 100 hours with the fully charged case.

CHARGE YOUR EARPHONES ANYTIME, ANYWHERE

500 mAh

The earpiece and its charging case are shown, with the case's LED display indicating a 100% charge, demonstrating the charging process and battery status.

2. Pairing with a Device

1. Ensure the earpiece is charged.
2. Turn on the earpiece. It will automatically enter pairing mode (indicated by a flashing LED).
3. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings and enable Bluetooth.
4. Search for available devices and select "Boytond YYK-520-2-C" (or similar name) from the list.
5. Once connected, the earpiece LED will stop flashing.

FIT FOR BOTH EARS

Design reduces the burden on ears
Comes with 3 replaceable ear

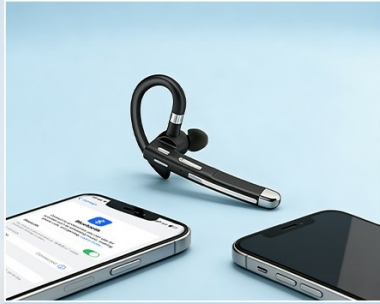

The earpiece is shown next to a smartphone, demonstrating its operating range and compatibility with mobile devices for calls and media.

3. Dual Device Connection

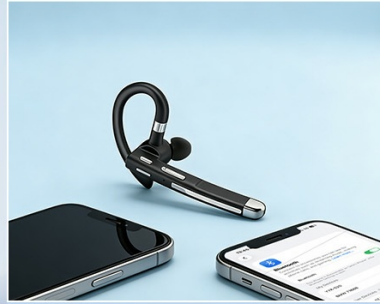

The earpiece supports connecting to two devices simultaneously.

1. Pair the earpiece with the first device as described above.
2. Disconnect the earpiece from the first device (e.g., turn off Bluetooth on the first device or manually disconnect).
3. Pair the earpiece with the second device.
4. Reconnect the earpiece to the first device. The earpiece should now be connected to both devices.

HOW TO CONNECT TWO DEVICES

Take out the earphones and pair them with the first device.

Disconnect, then connect the earphones to the second device.

Reconnecting the first device to the earphones enables dual-device connection.

A visual guide illustrating the steps to connect the earpiece to two separate devices, enabling dual-device functionality.

OPERATING INSTRUCTIONS

Button Functions

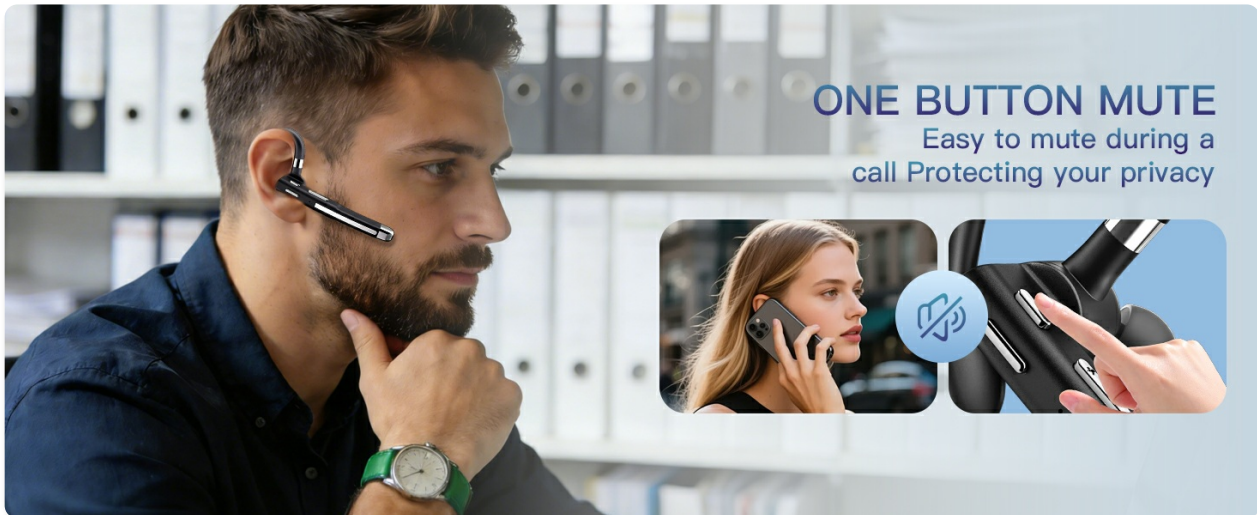

This diagram labels the buttons on the earpiece and explains their functions for call management, volume control, and music playback.

Action	Button Press
Power On/Off	Press and hold the Multi-function Button
Answer/End Call	Single press the Multi-function Button
Reject Call	Press and hold the Multi-function Button
Redial Last Number	Double press the Multi-function Button
Play/Pause Music	Single press the Multi-function Button
Volume Up	Short press '+' button
Volume Down	Short press '-' button
Next Track	Long press '+' button
Previous Track	Long press '-' button

Action	Button Press
Mute/Unmute Microphone	Single press the Mute Button during a call
Activate Voice Assistant	Triple press the Multi-function Button

Mute Function

During a call, you can mute your microphone to ensure privacy. Simply press the dedicated mute button on the earpiece. Press it again to unmute.

A user is shown pressing the mute button on the earpiece during a call, with an icon indicating the microphone is muted, highlighting the privacy feature.

WEARING THE EARPIECE

The earpiece features an ergonomic design with a rotatable ear hook and comes with three sizes of ear tips (S, M, L) to ensure a secure and comfortable fit for either ear.

- Choose the ear tip size that best fits your ear canal for optimal sound quality and comfort.
- Adjust the ear hook to fit over your ear. The hook can be rotated 180 degrees to switch between left and right ear use, and the earpiece itself can rotate 270 degrees for fine-tuning the angle.
- Gently insert the earpiece into your ear, ensuring a snug fit.

This image demonstrates the earpiece's 180-degree rotatable ear hook and 270-degree earpiece rotation, allowing for comfortable and secure wear on either the left or right ear.

SPECIFICATIONS

TROUBLESHOOTING

- **Earpiece not turning on:** Ensure the earpiece is fully charged. Place it in the charging case to confirm charging.
- **Cannot pair with device:**
 - a. Ensure the earpiece is in pairing mode (flashing LED).
 - b. Turn off and on Bluetooth on your device.
 - c. Delete previous pairings from your device's Bluetooth list and try pairing again.
 - d. Ensure the earpiece is within 10 meters of your device.
- **No sound or low volume:**
 - a. Adjust the volume on both the earpiece and your connected device.
 - b. Ensure the earpiece is properly connected to your device.
 - c. Check if the earpiece battery is low.
- **Call quality issues (e.g., static, drops):**
 - a. Move closer to your connected device to reduce interference.
 - b. Ensure there are no major obstacles between the earpiece and your device.
 - c. Check for other active Bluetooth devices that might be causing interference.
- **Microphone not working:**
 - a. Ensure the microphone is not muted.
 - b. Check microphone settings on your connected device.

MAINTENANCE

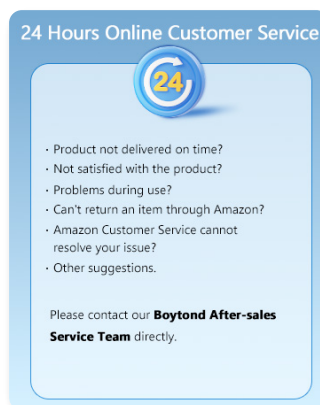

- **Cleaning:** Use a soft, dry cloth to clean the earpiece and charging case. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the earpiece in its charging case when not in use to protect it from dust and damage. Store in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in active use.
- **Avoid Extreme Conditions:** Do not expose the earpiece to extreme temperatures, humidity, or direct sunlight.

WARRANTY AND SUPPORT

Boytond offers comprehensive customer support for its products.

24-Hour Online Customer Service

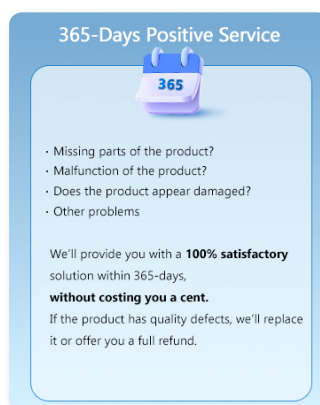

For any product-related inquiries, issues, or suggestions, please contact the Boytond After-sales Service Team directly. This includes problems with delivery, product satisfaction, usage issues, or if Amazon Customer Service cannot resolve your issue.
