Maintenance

Regular maintenance will extend the life of your cat tree and ensure a clean, safe environment for your pets.

- **Cleaning Removable Covers:** The plush covers on the top perches are removable. Hand wash these covers only. Do not machine wash or tumble dry to preserve material integrity.
- **Spot Cleaning:** For other plush surfaces and condos, spot clean with a mild detergent and damp cloth. Avoid excessive moisture.
- **Vacuuming:** Regularly vacuum the entire cat tree to remove loose fur and dust.
- **Sisal Posts:** The sisal scratching posts and ramps are designed for durability. If they become heavily frayed, consider replacing the entire post if possible, or monitor for sharp edges.
- **Structural Check:** Periodically check all screws, bolts, and connections for tightness. Re-tighten as necessary to maintain stability.
- **Damage Inspection:** Inspect the entire structure for any signs of damage, such as broken platforms, loose

fabric, or exposed sharp edges. Discontinue use if significant damage is found and contact customer support for replacement parts or advice.

Troubleshooting

Cat Tree is Wobbly

- **Check Assembly:** Ensure all screws and connections are fully tightened according to the installation manual.
- **Level Surface:** Verify that the cat tree is placed on a completely flat and level surface.
- **Use Anti-Tip Kit:** Confirm the anti-tip strap is securely attached to both the cat tree and a wall stud. This is crucial for preventing wobbling and tipping.

Cats Not Using the Tree

- **Location:** Try relocating the cat tree to a different area. Cats often prefer high vantage points near windows or in active household areas.
- **Enticement:** Use catnip spray or sprinkle catnip on the perches and inside the condos to attract your cats.
- **Familiarity:** Place a favorite blanket or toy on the cat tree to make it smell familiar and inviting.
- **Play:** Engage your cats in play near and on the cat tree using wand toys to encourage exploration.

Hanging Toys Detached

- **Reattach or Replace:** The hanging toys are designed to be interactive and may detach during vigorous play. Reattach them if possible, or use the included replacements.
- **Secure Attachment:** Ensure toys are tied securely to their designated spots.
