

Polibi Twin Over Full House Bunk Bed

Polibi Twin Over Full House Bunk Bed Instruction Manual

Model: Twin Over Full House Bunk Bed (Antique Natural)

1. PRODUCT OVERVIEW

The Polibi Twin Over Full House Bunk Bed is designed to provide a functional and engaging sleeping solution for children's bedrooms. This bed features a unique playhouse-style frame, a built-in slide, a ladder, and integrated storage solutions including shelves and a wardrobe. Constructed from solid pine wood, plywood, and MDF, it offers durability and stability without requiring a box spring.

2. SAFETY INFORMATION

Please read and understand all instructions before assembling and using this bunk bed. Failure to follow these instructions can result in serious injury.

- **Maximum Weight Capacity:** The top twin bunk supports up to 350 lbs. The bottom full bunk supports up to 550 lbs. Each storage shelf supports up to 88 lbs. Do not exceed these limits.
- **Guardrails:** Ensure all guardrails are securely installed on the top bunk. The top bunk is designed with full-length guardrails for safety.
- **Mattress Size:** Use only mattresses that comply with the recommended dimensions for each bunk to prevent gaps.
- **Ladder Safety:** Always use the provided ladder for access to the top bunk. Ensure the ladder is stable before climbing.
- **Slide Safety:** Use the slide feet first. Ensure the area around the slide is clear before use.
- **Children:** The top bunk is not suitable for children under 6 years of age.
- **Assembly:** This product requires full assembly. Ensure all hardware is tightened securely before use and periodically check for loose connections.
- **Ventilation:** Ensure adequate ventilation around the bed.

4. PACKAGE CONTENTS

Your Polibi Twin Over Full House Bunk Bed will arrive in 3 separate packages. Please ensure all packages are received before beginning assembly. The packages contain all necessary components and hardware for assembly.

Included Components:

- Bed Frame Components (Solid Pine Wood, Plywood, MDF)
- Ladder
- Slide
- Storage Shelves
- Wardrobe Section
- Guardrails
- Slats for mattress support
- Assembly Hardware Pack (screws, bolts, nuts, Allen wrench, etc.)
- Assembly Instructions Manual

5. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Polibi Twin Over Full House Bunk Bed requires two adults. Please follow the step-by-step instructions provided in the separate assembly manual included in your package. Ensure you have ample space and all parts are accounted for before starting.

General Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify each part using the provided parts list in the assembly manual.
2. **Assemble Bed Frames:** Begin by assembling the headboards and footboards for both the twin and full beds. Attach side rails to form the bed frames.
3. **Install Slats:** Securely attach the mattress support slats to both the twin and full bed frames.
4. **Construct Playhouse Structure:** Assemble the house-shaped frame components, including the roof and window sections, according to the manual.
5. **Attach Upper Bunk:** Carefully lift and secure the twin bunk frame onto the lower full bunk frame, ensuring all connection points are stable and tightened.
6. **Install Guardrails:** Attach all guardrails to the top twin bunk for safety.
7. **Assemble Storage Unit:** Construct the integrated storage shelves and wardrobe unit.
8. **Attach Ladder and Slide:** Securely attach the ladder and slide to the designated positions on the bunk bed structure.
9. **Final Tightening:** Once all components are assembled, re-check and tighten all screws and bolts to ensure maximum stability. Do not overtighten.

Refer to the detailed graphical instructions in your physical assembly manual for precise steps and diagrams.

Playhouse Design for Creative and Fun Spaces

This twin over full bunk bed features a playful house-shaped structure with a built-in ladder and slide, combining sleeping and fun in one design while maximizing vertical space in kids' bedrooms.

Image 5.1: Playhouse design with roof, window, guardrails, ladder, and slide.

6. OPERATING AND USAGE INSTRUCTIONS

Bed Usage:

- Ensure mattresses are correctly sized and placed on the slats.
- Always use the ladder to access the top bunk. Do not climb on the bed frame or guardrails.
- The slide is for recreational use. Ensure a clear landing area and slide feet first.

Storage Usage:

The integrated shelves and wardrobe provide convenient storage for various items.

- Use shelves for books, toys, and decorative items. Do not overload shelves beyond 88 lbs each.
- The wardrobe section can be used for hanging clothes or storing larger items.
- Distribute weight evenly across shelves to maintain stability.

Integrated Storage Shelves and Wardrobe

Designed with built-in shelves and a functional wardrobe, this house bunk bed helps organize clothes, books, and toys, keeping the room neat and making storage part of the bed design.

7. MAINTENANCE

Proper maintenance will ensure the longevity and safety of your Polibi bunk bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the wood finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they are tight. Re-tighten if necessary, but do not overtighten.
- **Wood Care:** Protect the wood from direct sunlight and extreme temperature changes to prevent warping or cracking.
- **Damage:** If any part of the bed becomes damaged or broken, discontinue use immediately and contact customer support for replacement parts or advice.

8. TROUBLESHOOTING

Here are some common issues and their solutions:

- **Bed feels wobbly:** Check all assembly hardware. Ensure all bolts and screws are securely tightened.

Make sure the bed is on a level surface.

- **Missing parts:** If you find any parts missing upon unpacking, refer to the parts list in your assembly manual and contact Polibi customer support with the specific part numbers.
- **Difficulty assembling:** Review the assembly manual carefully. Ensure you are using the correct hardware for each step. Sometimes, parts may appear similar but are designed for specific locations. If issues persist, contact customer support.
- **Squeaking noises:** Squeaking can often be resolved by tightening loose hardware. If the issue persists, apply a small amount of lubricant (e.g., paraffin wax) to the joints where wood meets wood or where metal hardware connects.

9. WARRANTY AND SUPPORT

Polibi stands behind the quality of its products. For specific warranty details regarding your Twin Over Full House Bunk Bed, please refer to the warranty card included in your product packaging or visit the official Polibi website.

If you have any questions, require assistance with assembly, or need to report missing/damaged parts, please contact Polibi customer support:
