

## XIAOMI Redmi Watch 6

# XIAOMI Redmi Watch 6 NFC User Manual

Model: Redmi Watch 6 NFC (M2560W1)

## INTRODUCTION

The XIAOMI Redmi Watch 6 NFC is a versatile smartwatch designed to enhance your daily life with advanced health monitoring, extensive sport tracking, and convenient smart features. This manual provides essential information for setting up, operating, and maintaining your device.

- **Crystal Clear AMOLED Display:** Features a 2.07-inch AMOLED display with ultra-thin 2mm bezels, offering high brightness for excellent outdoor clarity.
- **Slim and Durable Design:** An ultra-thin 9.9mm body with a high-quality aluminum alloy frame provides a perfect balance of lightness and durability.
- **Extended Battery Life:** Equipped with a 550mAh high-capacity battery, providing up to 24 days of battery life with moderate use.
- **NFC for Payments:** Supports NFC for convenient contactless payments.
- **Precise GPS Tracking:** Features dual L1 5-system GNSS with a high-precision chip for accurate outdoor activity tracking.

## WHAT'S IN THE BOX

Upon unboxing your XIAOMI Redmi Watch 6 NFC, please ensure all the following items are present:

- XIAOMI Redmi Watch 6 NFC Smartwatch
- Magnetic Charging Cable
- User Manual (including warranty notice)

## SETUP

## 1. Initial Charging

Before first use, fully charge your Redmi Watch 6 NFC. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port.

## 2. Pairing with Your Smartphone

1. Download the **Mi Fitness app** from the Google Play Store (for Android devices) or the Apple App Store (for iOS devices).
2. Open the Mi Fitness app and follow the on-screen instructions to create an account or log in.
3. Tap 'Device' and then 'Add device' or the '+' icon to search for your Redmi Watch 6 NFC.
4. Select your watch from the list of nearby devices.
5. Confirm the pairing request on both your phone and the watch.

## 3. Basic Navigation

The Redmi Watch 6 NFC features a touchscreen display and two physical buttons for navigation:

- **Touchscreen:** Swipe up, down, left, or right to navigate through menus and notifications. Tap to select items.
- **Primary Button (Crown):** Typically used to return to the home screen or access the app list. Rotate for scrolling.
- **Secondary Button:** Press once to access the control center. Press and hold to access the power off/restart menu. Press three times to call an emergency contact (requires Mi Fitness app to be updated and SOS emergency enabled).

## OPERATING INSTRUCTIONS

### Display and Watch Faces

The 2.07-inch AMOLED display offers vibrant colors and deep blacks. You can customize your watch face from a wide collection available in the Mi Fitness app. The watch also supports an always-on display feature, allowing you to check the time at a glance without activating the screen (this feature must be manually enabled in watch settings).

## Ampia collezione di quadranti personalizzabile

Quadranti eleganti e personalizzabili adatti a vari umori e stili. Supporta quadranti ritratto personalizzati che si sovrappongono all'ora, creando un capolavoro personale sul tuo polso.\*

Image: Wide collection of customizable watch faces.

### Notifications

Receive notifications from your smartphone directly on your watch. Manage which app notifications appear on your watch through the Mi Fitness app settings.

### Multi-Device Ecosystem Connectivity

The Redmi Watch 6 NFC, powered by Xiaomi HyperOS, allows you to manage smart home devices directly from your wrist, offering enhanced convenience and efficiency.

## Connettività dell'ecosistema multi-dispositivo

Solleva il polso per gestire facilmente i dispositivi smart home, portando comodità ed efficienza a un livello superiore.\*

## HEALTH MONITORING FEATURES

The Redmi Watch 6 NFC provides comprehensive health tracking capabilities:

- **All-Day Heart Rate Monitoring:** Supports automatic detection and provides alerts for abnormal heart rates.
- **Continuous Sleep Monitoring:** High-precision sleep tracking and analysis.
- **All-Day Stress Monitoring:** Monitors stress levels throughout the day.
- **Blood Oxygen Saturation (SpO2) Monitoring:** Supports all-day SpO2 monitoring with vibration alerts if levels are too low.
- **Breathing Exercises:** Offers four breathing techniques for dynamic relaxation.
- **Female Health Management:** Provides reminders and assistance for menstrual cycles.

## Modalità multiple per un'attenzione completa\*

### Monitoraggio dello stress per tutto il giorno\*

Monitora i livelli di stress in qualsiasi momento

### Gestione della salute femminile

Fornisce promemoria e assistenza per il ciclo mestruale

#### Monitoraggio del sonno continuo\*

Monitoraggio ad alta precisione  
Analisi del sonno

#### Monitoraggio della frequenza cardiaca tutto il giorno\*

Supporta il rilevamento automatico  
Avvisi di frequenza cardiaca anomala

#### Breathing exercises

Quattro tecniche di respirazione  
Interazione migliorata per un rilassamento dinamico

#### Monitoraggio della saturazione dell'ossigeno nel sangue tutto il giorno\*

Supporta il monitoraggio della saturazione dell'ossigeno nel sangue  
Avvisi di vibrazione quando i livelli sono troppo bassi

## NFC PAYMENTS

The Redmi Watch 6 NFC supports multifunctional NFC for contactless and cashless payments. Simply bring your watch close to a compatible payment terminal.

### Setting up Xiaomi Pay

To use NFC payments, you need to set up Xiaomi Pay through the Mi Fitness app. Follow these general steps:

1. Open the Mi Fitness app and navigate to the 'Device' section.
2. Find and tap 'Xiaomi Pay'.
3. Follow the prompts to add your credit or debit card. You may need to verify your identity with your bank.
4. Set a password for your watch if prompted.

5. Once activated, your card will be ready for use.

## Oltre 150 modalità sportive Modalità professionali con registrazione accurata

Algoritmi avanzati monitorano con precisione corsa, ciclismo, escursionismo e altro, rilevando la frequenza cardiaca e il consumo di energia in tempo reale, così ogni tuo sforzo viene registrato con esattezza.

Image: How to configure Xiaomi Pay on your watch.

**Important Note on NFC Compatibility:** NFC functionality requires a wireless service plan and may be subject to regional restrictions. Cashless payments with NFC are only accepted at payment terminals supporting Mastercard® and Visa®. The availability of Mastercard® and Visa® payments, as well as NFC functionality, may vary by region. For more details, visit [www.mi.com/global/support/nfc-bank](http://www.mi.com/global/support/nfc-bank) and contact your card issuer for further information.

## Appena aggiornato Posizionamento a doppia antenna L1

L'orologio seleziona automaticamente l'antenna con il segnale più forte in base a come viene indossato, garantendo un segnale stabile e una precisione di localizzazione impeccabile, per restare sempre connessi sulla giusta rotta.

Image: NFC bank compatibility table.

## BATTERY LIFE

The Redmi Watch 6 NFC is equipped with a 550mAh battery, providing excellent endurance:

- Up to **24 days** with light use.
- Up to **12 days** with normal use.
- Up to **7 days** with intense use.

## NFC multifunzionale

Per pagamenti contactless e senza contanti, basta avvicinare il tuo REDMI Watch 6 al terminale di pagamento.\*

\*L'uso di NFC richiede un piano di servizi wireless, soggetto a determinate restrizioni quando si cambia fornitore di servizi o in roaming (anche dopo la scadenza del contratto). I pagamenti cashless con NFC sono accettati solo presso i terminali di pagamento supportati da Mastercard® e Visa®. La disponibilità dei pagamenti Mastercard® e Visa®, così come le funzionalità NFC, può variare a seconda della regione. Per maggiori dettagli, visitare <https://www.mi.com/global/support/nfc-bank> e contattare la propria banca emittente per ulteriori informazioni.

## Algoritmi potenziati Supporto di allenamento preciso

Grazie ad algoritmi proprietari e sensori avanzati, il monitoraggio della frequenza cardiaca è stato notevolmente migliorato e ora include il rilevamento della frequenza cardiaca durante il nuoto. Con resistenza all'acqua di 5ATM, si adatta a diversi ambienti umidi con facilità.\*

## MAINTENANCE

### Water Resistance

The Redmi Watch 6 NFC has a water resistance rating of 5ATM, meaning it can withstand pressures equivalent to a depth of 50 meters. It is suitable for swimming in pools, shallow-water swimming, and other water activities in shallow areas. It is **not suitable** for use in hot showers, saunas, or deep diving. Avoid direct exposure to high-speed water streams during water sports. The water resistance function is not permanent and may deteriorate over time.

### Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain device performance. Use a soft, damp cloth to wipe the watch. Avoid using harsh chemicals or abrasive materials. Ensure the watch is dry before charging.

### Charging

Always use the provided magnetic charging cable. Ensure the charging contacts on the watch and cable are clean and dry before charging to prevent corrosion or damage.

## TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:** Ensure Bluetooth is enabled on your phone and the watch is within range. Restart both your phone and watch. Try unpairing and re-pairing through the Mi Fitness app.
- **NFC payments not working:** Verify that your bank and card are supported by Xiaomi Pay in your region. Refer to the official Xiaomi NFC bank compatibility list. Some users have reported success using third-party services like Curve for broader compatibility. Ensure the Mi Fitness app is updated and NFC is enabled on your watch.
- **Inaccurate health data:** Ensure the watch is worn correctly, snug but not too tight, on your wrist. Keep the sensor area clean.
- **Short battery life:** Check if features like always-on display, continuous heart rate monitoring, or frequent GPS usage are enabled. Adjust settings in the Mi Fitness app to optimize battery consumption.

## SPECIFICATIONS

Feature	Specification
Model Name	Redmi Watch 6
Model Number	M2560W1
Display	2.07-inch AMOLED
Operating System	Xiaomi HyperOS 3.0
Battery Capacity	550 mAh (Lithium-ion)
