Govee H1630

Govee Lantern Floor Lamp H1630 User Manual

Model: H1630 | Brand: Govee

INTRODUCTION

The Govee Lantern Floor Lamp H1630 is a smart corner lamp designed to enhance your living space with customizable lighting. It features Halo Gradient RGBIC lighting with LuminBlend+ technology, offering a wide color temperature range from 1000K to 10000K. This lamp is Matter compatible, allowing for seamless integration with various smart home ecosystems. Control options include the Govee Home App, touch controls, and voice commands. It provides over 100 preset scene modes and 16 music sync modes, along with a DaySync feature for automatic light adjustments.

SETUP AND ASSEMBLY

Follow these steps to assemble your Govee Lantern Floor Lamp:

1. **Step 1:** Pass the power cord through the lamp pole sections. Ensure the cord is not twisted.
2. **Step 2:** Insert the power cord into the designated slot on the lamp base.
3. **Step 3:** After assembling the pole sections, remove the threader (if used) and connect the power cable to the adapter.
4. **Step 4:** Connect the lamp head to the top pole section and rotate it clockwise until it is securely tightened.

OPERATING INSTRUCTIONS

Control Methods

- **Touch Control:** Tap the top of the lamp to switch it on/off. Press and hold for 3 seconds to cycle through instant

scene selections.

- **Govee Home App:** Download the Govee Home App for full control over colors, scenes, music sync, and advanced features.
- **Voice Control:** The lamp is Matter compatible and works with Alexa and Google Assistant. Use voice commands for hands-free operation (e.g., "Alexa, dim the lights to 60%").

MAINTENANCE

To clean the Govee Lantern Floor Lamp, gently wipe the lampshade surface with a cloth lightly dampened with 75% alcohol. Avoid using cleansing oils, essential oils, silicone oils, or similar items, as these may damage the product surface.

TROUBLESHOOTING

Issue	Possible Solution
Lamp does not turn on.	Check if the power adapter is securely connected to both the lamp and a working power outlet. Ensure the power cord is fully inserted into the lamp base.
Cannot connect to Govee Home App.	Ensure Bluetooth and Wi-Fi are enabled on your mobile device. Make sure the lamp is within range of your router. Try restarting the lamp and your mobile device. Follow the in-app pairing instructions carefully.
Touch control not responding.	Ensure your finger makes full contact with the touch-sensitive area. If the issue persists, try unplugging the lamp for 10 seconds and plugging it back in.
Voice control not working.	Verify that the lamp is properly linked to your Alexa or Google Assistant account through the Govee Home App. Check your internet connection and ensure your voice assistant device is online.
Lamp colors are not changing as expected.	Ensure you are using the Govee Home App for full color customization. The touch control only cycles through preset scenes, not individual colors.
