Sukerxius 56 Inch Black, 8 Blade Aluminum Ceiling Fan

Sukerxius 56 Inch Waterproof Outdoor Ceiling Fan with Light Instruction Manual

Model: 56 Inch Black, 8 Blade Aluminum Ceiling Fan

Brand: Sukerxius

INTRODUCTION

Thank you for choosing the Sukerxius 56 Inch Waterproof Outdoor Ceiling Fan. This fan is designed for both indoor and outdoor use, featuring a wet-rated construction to withstand various weather conditions. It offers smart control options, energy efficiency, and quiet operation for year-round comfort.

Please read this manual thoroughly before installation and operation to ensure safe and proper use of your new ceiling fan.

All Weather Resistant

No Fear of Bad Weather

SAFETY INFORMATION

- Always disconnect power at the circuit breaker before installation or servicing.
- Ensure all electrical connections comply with local codes and ordinances.
- Mount the fan to a ceiling joist or support structure capable of supporting the fan's weight.
- Do not bend the blade holders during installation or cleaning.
- Keep children away from the fan during operation.
- This fan is wet-rated, suitable for outdoor damp and wet locations, but ensure proper sealing during installation.

SETUP AND INSTALLATION

The Sukerxius ceiling fan is designed for easy installation. Most components come pre-assembled. Refer to the included user manual for detailed step-by-step instructions. Multiple downrod lengths (6", 12", 24") are provided to accommodate various ceiling heights, and the fan can be mounted on flat, vaulted, or sloped ceilings up to 20 degrees.

Determining Fan Placement

Proper placement ensures optimal performance and safety. This fan is suitable for wet, damp, and indoor locations.

- **Wet Location:** For outdoor areas directly exposed to elements like rain (patios, pergolas, gazebos).
- **Damp Location:** For covered outdoor areas not directly exposed to rain or snow (porches, terraces).
- **Indoor:** Suitable for all indoor spaces (living rooms, bedrooms, kitchens, garages).

OPERATING INSTRUCTIONS

Control Methods

Your Sukerxius ceiling fan offers multiple convenient control options:

- **Remote Control:** Use the included remote to adjust fan speed (6 settings), light brightness (10-100% dimmable), light color temperature (3000K/4000K/5000K), airflow direction (summer/winter mode), and set timers (1/4/8 hours). A wall-mount holder is included for the remote.
- **App Control:** Connect the fan to the Smart Life/Tuya app (2.4GHz WiFi required) to control all functions from your smartphone, anytime, anywhere.
- **Voice Control:** Integrate with Amazon Alexa or Google Assistant for hands-free operation. Simply use voice commands to adjust settings.

3 Ways To Control

Voice | App | Remote

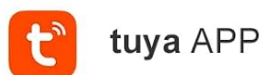

Image: Visual representation of the three control methods: remote, smartphone app, and voice control via smart assistants.

Image: Detailed diagram of the remote control and its various functions, including fan speed, light settings, and timer.

Airflow Direction (Reversible Function)

The fan features a reversible DC motor for year-round comfort and energy savings:

- **Summer Mode (Downward Airflow):** Creates a cooling breeze, ideal for hot weather.
- **Winter Mode (Upward Airflow):** Circulates warm air trapped near the ceiling, helping to reduce heating costs.

Switching between modes is done via the remote control or app.

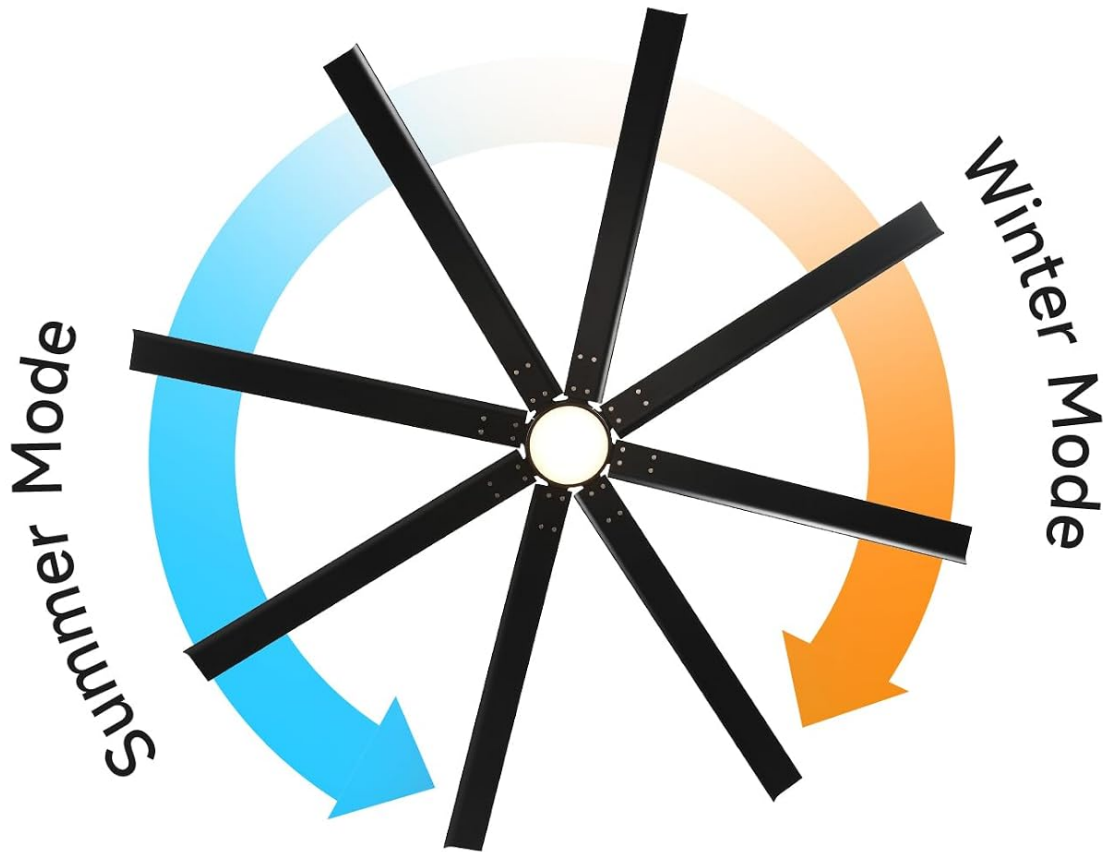

Image: Illustration showing the fan blades rotating in different directions for summer (downward airflow) and winter (upward airflow) modes.

Integrated LED Light

The fan includes a 20W flicker-free LED light with adjustable settings:

- **3 Color Temperatures (CCT):** Choose between 3000K (warm light), 4000K (natural light), and 5000K (cool light).
- **10-100% Smooth Dimming:** Adjust brightness to your preference.
- **Memory Function:** The light automatically recalls your last chosen settings.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling fan. The aluminum blades and sealed DC motor are designed for durability and easy care.

- **Cleaning:** Wipe the fan blades and motor housing with a soft, damp cloth. Avoid using abrasive cleaners that could damage the finish or anti-rust coating.
- **Blade Inspection:** Periodically check that all blade screws are tight. Loose blades can cause wobbling and noise.
- **Electrical Connections:** Ensure all electrical connections remain secure. If you notice any issues, consult a qualified electrician.

Image: A hand wiping the fan blade with a cloth, demonstrating the ease of cleaning the ceiling fan.

TROUBLESHOOTING

If you encounter issues with your fan, refer to the following common solutions:

Problem	Possible Cause	Solution
Fan does not start	No power, loose wiring, remote battery low.	Check circuit breaker. Ensure all connections are secure. Replace remote batteries.
Fan wobbles	Loose blades, unbalanced blades, improper mounting.	Tighten all blade screws. Ensure blades are balanced (balancing kit may be needed). Verify secure mounting to ceiling joist.
Fan makes noise	Loose screws, motor issue, blades hitting an obstruction.	Check all screws for tightness. Ensure nothing is obstructing the blades. If noise persists, contact customer support.
Light does not work	Loose wiring, LED driver issue, remote battery low.	Check wiring connections. Replace remote batteries. If issue persists, contact customer support.
Remote/App control unresponsive	Remote battery low, WiFi connectivity issue, pairing problem.	Replace remote batteries. Ensure 2.4GHz WiFi is active and fan is within range. Re-pair remote/app if necessary.

For further assistance, please contact Sukerxius customer support.

PRODUCT SPECIFICATIONS

SPECIFICATIONS

- **Size:** 56 Inch ceiling fan
- **Style:** Modern & Industrial
- **Feature:** Waterproof
- **Down-rods:** 6/12/24in
- **Recommended Room Size:** 144-270sqft
- **Ceiling:** Flat & Slop(≤20°)
- **Apply For:** Indoor & Outdoor
