2. SAFETY INFORMATION

- Ensure all connections are secure before use.
- Keep children and pets away from moving parts.
- Do not stand on the footrest or armrests.
- Avoid placing heavy objects on the chair.
- Unplug the chair from the power outlet before cleaning or maintenance.
- Do not use the chair if any part is damaged or malfunctioning. Contact customer support for assistance.
- Maximum weight capacity: 350 pounds.

3. ASSEMBLY INSTRUCTIONS

Assembly typically involves connecting the backrest to the seat base and attaching the armrests. Ensure all components

are present before beginning.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list are present and undamaged.
2. **Attach Backrest:** Align the metal brackets on the backrest with the corresponding slots on the seat base. Slide the backrest down firmly until it locks into place.
3. **Connect Armrests (if separate):** If armrests are separate, attach them to the main body using the provided hardware. Ensure they are securely fastened.
4. **Connect Power Cables:** Locate the power cables extending from the backrest and seat base. Connect them securely. Ensure the remote control cable is also connected.
5. **Connect Power Adapter:** Plug the power adapter into the chair's power input, then plug the adapter into a wall outlet.
6. **Test Functions:** Before full use, test all functions including reclining, swivel, rocking, massage, and heat using the remote control.

4. OPERATING INSTRUCTIONS

The chair is operated using the wired remote control. Ensure the chair is plugged into a functional power outlet.

4.1. Reclining and Positioning

- Use the dedicated buttons on the remote control to adjust the reclining angle from 90° (upright) to 160° (fully reclined).
- The chair offers an infinite position mechanism, allowing you to stop at any desired angle.
- To return to the upright position, press the corresponding button on the remote.

4.2. Swivel and Rocking Functions

- The chair features a 270-degree swivel base, allowing rotation without moving the entire chair.
- A gentle rocking motion is also available for added comfort.

SWIVEL AND ROCKING

30° Rocking

The gentle rocking or swiveling motion can have a soothing effect, promoting stress relief and relaxation.

4.3. Massage and Heat Functions

- The remote control activates the massage and heat functions.
- Choose from 5 massage modes targeting the back, lumbar, thighs, and lower legs. Adjust intensity (high/low) as desired.
- Activate the lumbar heat function for warmth in the lower back area.

MASSAGE AND HEATING

5. MAINTENANCE AND CARE

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the fabric.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub.

- **Regular Inspection:** Periodically check all connections and moving parts for tightness and proper function.
- **Power Cord:** Ensure the power cord is not pinched or damaged.

6. TROUBLESHOOTING

If you encounter issues with your recliner, refer to the following common troubleshooting steps:

- **Chair Not Reclining/Moving:**
 - Ensure the power cord is securely plugged into both the chair and a working wall outlet.
 - Check if the remote control cable is properly connected to the chair.
 - Verify that the wall outlet is receiving power by testing it with another appliance.
- **Massage/Heat Not Working:**
 - Confirm the chair is powered on and the remote control is functioning.
 - Ensure the specific massage or heat function is activated on the remote.
 - Note that the heat function may have an automatic shut-off timer.
- **Unusual Noises:**
 - Inspect for any loose components or obstructions around the reclining mechanism.
 - If noises persist, discontinue use and contact customer support.

For issues not covered here, please contact Ketaiyou customer support.
